

A photograph of a dirt path leading through a forest. The path is made of light-colored soil and is flanked by tall, thin trees with green foliage. At the end of the path, there is a bright, circular light source, possibly the sun or moon, creating a strong lens flare effect. The overall scene is serene and suggests a journey towards a destination.

Returning to the source is stillness,
which is the way of nature. The
way of nature is unchanging.
Knowing constancy is insight.
