**The Tidings: Volume Six** Nick Mezins,2016-08-12 By now man s science has advanced to such a level that man can understand many things which he could not understand previously Hence The Creator has decided to reveal the full truth to a man The Tiding series tells how the Universe was created and why how it is being governed and yes the very important role which man on Earth is expected is to play in its further development In this volume the final volume of the six volume series are covered such topics as discussions about Christs teachings and life redemption and forgiving of sins the duty of the church and priests the true meaning of Christmas mans understanding of God the relationship between God and man human nature and progress The Almighty and the Universe how people are received in Heaven free will the last hours of Christs life on Earth the evils of war conversing with spirits and much more      *The Tidings* Nick Mezins,2016-02-29 By now man s science has advanced to such level that man can understand many things which he could not understand previously Hence The Creator has decided to reveal the full truth to man The Tidings Series tells how the Universe was created and why how it is being governed and yes the very important role which man on Earth is expected to play in its further development In this volume Volume Five are covered such topics as the progress of humanity discussion of how the current churches have deviated from Christ s teachings the process of creation an allegory about Adam and Eve traditions on Earth how The Almighty oversees the development of humanity discussions about Christ s life and teachings various aspects of life on Earth the role of Christ The Almighty and His goals the task of the spirits the real and the unreal the body and the spirits episodes from Christ s life on Earth judgment of the soul and much more      **Revelations** Nick Mezins,2015-07-28 How was the universe created and why What is the role of man on Earth and that of intelligent beings on other planets in it Why is man here what is expected of him These are some of the questions that this book answers The translator considers the material in this book as religion and philosophy of life for scientists D for scientists and for other people who are willing to think for themselves and to question commonly accepted beliefs It tells how man should live so that it would be good for everyone so that Christ s statement about Paradise on Earth would indeed come true The part dealing with religion can be divided into two broad categories The first one explains clarifies and in a few cases supplements the concepts which the Prophets of the past such as Buddha Christ Indra Mohammed Moses Zoroaster and others proclaimed The second part tells what the Prophets of the past could not tell back then because the humanity of that time would not have understood them Now that humanity s science is much further advanced The Almighty has decided to reveal the complete truth about the universe Here the latest scientific knowledge is brought in and hints are given beyond the current knowledge of science This book tells about and explains The Almighty s religion of the universe This in turn entails the reason for the creation of the universe how the universe is being created and governed and yes the very significant role which man on Earth is expected to play in this process The Almighty s religion differs dramatically from all other religions currently practiced on Earth It recognizes and

acknowledges all other religions it does not require an individual to join it It does not threaten or condemn the nonbelievers it permits it insists on each individual choosing freely for himself or herself It merely provides some truly thought provoking material to ponder The Almighty's Religion for the Universe Sidney R Smith MHS,2016-02-26 What the author is attempting to do is provide new information about the Creator life the universe and the purpose of humanity as it relates to what the Almighty has revealed to mankind It is the intent of the author to offer new alternatives and explanations of life to give new insight as to man s role for being in existence on the planet Earth and in the universe It offers the opportunity to explore and come to terms with this information so mankind can be enlightened to a new faith The material in this book allows man to understand that there is no reward or punishment for coming to terms with what the Creator has revealed to mankind To take away the fear of a hell and give a sense of immortality in lieu of a heavenly paradise Nevertheless this book will show mankind something different about man s creation and the purpose of his creation It s a matter of life before birth reincarnation Have you ever thought of the possibility that there is life before life Many people throughout the ages have questioned the possibility of life after death but never of life before birth I know of only one person who had some connection with the possibility of life before birth Me Edward Cayce who died in 1945 recorded some accounts of his efforts to recall the lives of people in their spiritual past He provided case studies dealing with his ability to read past histories of people s past lives but was not able to prove or disprove his abilities But suppose we were to think in terms of having an existence before we were born We have explored the prominent thought of life after death to a point of scientific examination and experimentation

**The Tidings: Volume Two** Nick Mezins,2010-08-17 During World War II Latvia is being ripped apart by war Amid this uncertainty two women band together and began communicating with spirits What begins as an experiment turns into something much more meaningful The spirits explain the very workings of the universe including planet Earth as well as the development of matter and the spiritual nature of mankind One of the women communicating with spirits is Mary the mother of translator Nick Mezins She invites others to join her group and its members consider why the universe was created what is the role of man on Earth whether there is life on other planets and other essential issues Discover the answers to these questions in the second volume to The Tidings Mezins has painstakingly translated the many conversations and insights his mother and others gleaned from the spirits so that everyone can benefit These further extracts focus on a variety of themes including religion and prophets such as Jesus Christ the Buddha Moses and Zoroaster Discover the Almightys religion of the universe and the truth behind existence with volume two of The Tidings Discover ,1995-07
