## **Revelatory Text Interpreting The New Testament As Sacred Scripture:**

**The Revelatory Text** Sandra Marie Schneiders, 1999 In this book Schneiders investigates the meaning of the theological claim that the Bible is the Word of God and the church's book along with the implications of these claims for biblical interpretation She then examines the historical literary and religious spiritual dimensions of the New Testament Schneiders puts her theory to a test in a feminist interpretation of John 4 She argues that the comprehensive object of biblical interpretation is not merely information but transformation and that an adequate hermeneutical theory must include a wide range of exegetical and critical methods within a theologically and philosophically adequate understanding of scripture as sacred text From publisher's description     Revelation, Scripture and Church Richard R. Topping, 2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal Talk of God is eclipsed by the terminal consideration of human realities Topping argues for the centrality of doctrinal description in a lively theological understanding of Scripture interpretation for the life of the church     Beyond Dogmatism and Innocence Anthony J. Godzieba, Bradford E. Hinze, 2017 Behind every important development in Catholic doctrine and practice since the beginning of the modern period have been debates about the interpretation of Christianity's classic texts and traditions and their ideological and practical implications Over the past century there have been breakthroughs in retrieving the origins of beliefs and practices recovering the rich myriad and multifaceted literary forms and recognizing the ways these venerable traditions have been received applied and negotiated in the lives of reading audiences with their contrasting worldviews The essays in this volume by leading figures in Catholic theology suggest what might be called a third naivete that blends deeply contextual interpretations with a critical theological analysis of the roles of power and grace in church and society The abilities and skills to grapple with basic issues in hermeneutics and critical theory remain necessary and fundamental for Catholic theology At stake is nothing less than how the good news of God's salvation can be grasped and lived today This volume provides a trustworthy map and compass for negotiating these debates and options Contributors include Sandra M Schneiders Francis Schussler Fiorenza Robert J Schreiter John E Thiel Dominic Doyle Fernando F Segovia Andrew Prevot Ormond Rush Judith Gruber Susan Abraham Anthony J Godzieba and Bradford E Hinze     An Introduction to the New Testament Raymond E. *The Bible and Science* Vincent Smiles, 2011-06-01 Confusing paradox surrounds the Bible Some look to it as the definition of reality and deny science others see science alone as the arbiter of truth and deny the Bible Both extremes are merely symptoms of a still wider debate on the place of ancient spiritual wisdom in a science dominated world Following the Reformation and Enlightenment the Western world gained great power but lost its spiritual bearings This book draws on numerous sources ancient and modern to examine what the missteps were that have brought us to a point of such confusion and in doing so argues cogently against the modern philosophy of scientific materialism With the aid of biblical stories and imagery it suggests how we might find our way back to balance where ancient wisdom and modern science can together shed light on humans and their encompassing reality Vincent Smiles is professor of theology at Saint John's University Collegeville Minnesota

Boring,2012-01-01 A user friendly introduction to the New Testament for beginning students     Spiritual Reading Angela Lou Harvey,2015-10-23 Reading Scripture is a spiritual practice at the very heart of the Christian faith But how is it possible to encounter God in reading the words of the Bible Does reading the Christian Bible require a different approach from how one may read other texts or writings What is required of the spiritual reader to read well Seeking to answer such questions Angela Lou Harvey provides a theological exploration of the idea of spiritual reading in the context of the Western church today Drawing upon insights of theologians such as Karl Barth Henri de Lubac and Ellen F Davis the author suggests that the particulars of Christian belief profoundly shape the distinctive practice of the spiritual reading of the Bible     *God and History in the Book of Revelation* Michael Gilbertson,2003-07-24 This is an interdisciplinary study which constructs a dialogue between biblical interpretation and systematic theology It examines how far a reading of the Book of Revelation might either support or question the work of leading theologians Wolfhart Pannenberg and Jürgen Moltmann on the theology of history exploring the way in which the author of Revelation uses the dimensions of space and time to make theological points about the relationship between God and history The book argues that Revelation sets the present earthly experience of the reader in the context of God's ultimate purposes by disclosing hidden dimensions of reality both spatial embracing heaven and earth and temporal extending into the ultimate future Dr Gilbertson offers a detailed assessment of the theologies of history developed by Pannenberg and Moltmann including their views on the nature of the historical process and the use of apocalyptic ideas in eschatology     *Receiving the Bible in Faith* David M. O'Day,2023-11-15 While feminist interpretations of the Book of Revelation often focus on the book's use of feminine archetypes mother bride and prostitute this commentary explores how gender sexuality and other feminist concerns permeate the book in its entirety By calling audience members to become victors Revelation's author John commends to them an identity that flows between masculine and feminine and challenges ancient gender norms This identity befits an audience who follow the Lamb a genderqueer savior wherever he goes In this commentary Lynn R Huber situates Revelation and its earliest audiences in the overlapping worlds of ancient Asia Minor modern Turkey and first century Judaism She also examines how interpreters from different generations living within other worlds have found meaning in this image rich and meaning full book     Many Roads Lead Eastward Robert D. Miller II, OFS,2016-10-27 Is there a gap between the academic study of the Bible and the work of theologians What lies behind this gap And most important how have biblical scholars tried to bridge the gap with hermeneutical methods This book addresses the exegesis vs theology impasse and categorizes the most important attempts to bridge it over the past century especially those of the last decades These attempts are assessed and evaluated so that readers can see the philosophies undergirding each and the potential each has

**Seized by Truth** Prof. Joel B. Green, 2010-09-01 We read the Bible and interpret Scripture in order to live in grace filled relation to God s divine purpose When we approach the Bible as Scripture author Joel Green takes seriously the faith statement that the Bible is our Book these scriptures are our Scripture We are not reading someone else s mail as though reading the Bible had to do foremost with recovering an ancient meaning intended for someone else and then translating its principles for use in our own lives When we recall that we are the people of God to whom the Bible is addressed as Scripture we realize that the fundamental transformation is not the transformation of an ancient message into a contemporary meaning bur rather the transformation of our lives by means of God s Word This means that reading the Bible as Scripture has less to do with what tools we bring to the task however important these may be and more to do with our own dispositions as we come to our engagement with Scripture We come not so much to retrieve facts or to gain information but to be formed and ultimately transformed Scripture does not present us with texts to be mastered but with a Word God s Word intent on mastering us on shaping our lives
