Luís Aguiar de Sousa, Paolo Stellino

Reversible Destiny Mafia Antimafia And The Struggle For Palermo:

Reversible Destiny Peter T. Schneider, Jane Schneider, 2003-03-13 *Reversible Destiny* traces the history of the Sicilian mafia to its nineteenth century roots and examines its late twentieth century involvement in urban real estate and construction as well as drugs. Based on research in the regional capital of Palermo this book suggests lessons regarding secretive organized crime its capacity to reproduce a subculture of violence through time its acquisition of a dense connective web of political and financial protectors during the Cold War era and the sad reality that repressing it easily risks harming vulnerable people and communities. Charting the efforts of both the judiciary and a citizen's social movement to reverse the mafia's economic political and cultural power the authors establish a framework for understanding both the difficulties and the accomplishments of Sicily's multifaceted antimafia efforts. **A Companion to the Anthropology of**

Politics David Nugent, Joan Vincent, 2008-04-15 This Companion offers an unprecedented overview of anthropology's unique contribution to the study of politics. Explores the key concepts and issues of our time from AIDS globalization displacement and militarization to identity politics and beyond. Each chapter reflects on concepts and issues that have shaped the anthropology of politics and concludes with thoughts on and challenges for the way ahead. Anthropology's distinctive genre ethnography lies at the heart of this volume. **Organized Crime: Culture, Markets and Policies** Dina Siegel, Hans

Nelen, 2007-12-16 Dina Siegel and Hans Nelen The term global organized crime has been in use in criminology since the mid 1990s. Even more general and abstract than its daughter terms transnational or cross border organized crime global organized crime seems to embrace the activities of criminal groups and networks all around the planet leaving no geographical space untouched. The term appears to cover the geographical as well as the historical domain global has taken on the meaning of forever and ever. Global organized crime is also associatively linked with globalisation. The social construction of both terms in scientific discourse is in itself an interesting theme. But perhaps even more interesting especially for academics trying to conduct empirical research in this area is the analysis of the symbolic and practical meaning of these concepts. How should criminologists study globalisation in general and global organized crime in particular. Which instruments and theoretical luggage do they have in order to conduct this kind of research. The aim of this book is not to formulate simple straightforward answers to these questions but rather to give an overview of contemporary criminological research combining international national and local dimensions of specific organized crime problems. The term global organized crime will hardly be used in this respect. In other social sciences such as anthropology there is a tendency to get rid of vague and abstract terms which can only serve to confuse our understanding. In our opinion criminology should follow this initiative. *The Story-Takers* Paula M. Salvio, 2017-10-31 *The Story Takers* charts new territory in public pedagogy through an exploration of the multiple forms of communal protests against the mafia in Sicily. Writing at the rich juncture of cultural feminist and psychoanalytic theories Paula M Salvio draws on visual and textual representations

including shrines to those murdered by the mafia photographs and literary and cinematic narratives to explore how trauma and mourning inspire solidarity and a quest for justice among educators activists artists and journalists living and working in Italy Salvio reveals how the anti mafia movement is being brought out from behind the curtains with educators leading the charge She critically analyses six cases of communal acts of anti mafia solidarity and argues that transitional justice requires radical approaches to pedagogy that are best informed by journalists educators and activists working to remember not only victims of trauma but those who resist trauma and violence *The War on Drugs and the Global Colour Line* Kojo

Koram,2019-03-20 The War on Drugs has led to millions of people dead displaced and incarcerated Disproportionately enforced on oppressed races international drug prohibition has reinforced the colour line across the globe While laws prohibiting the production sale and use of particular drugs are presented as politically neutral and objective this collection reveals the racist impact of the War on Drugs across multiple continents and in numerous situations From racialised drugs policing at festivals in the UK to the necropolitical wars in Juarez Mexico and from the exchange of drug policing programs between the United States and Israel to the management of black bodies in Brazil this collection proves that the regulation of drugs and race is an international and intentional disaster Pushing forward the debate and activism led by groups such as Black Lives Matter and calling for radical changes in drug policy legislation and prison reform both nationally and internationally this collection cuts deep and rings true for all people fighting racism today **The SAGE Encyclopedia of Criminal Psychology** Robert D. Morgan,2019-04-25 The SAGE Encyclopedia of Criminal Psychology will be a modern interdisciplinary resource aimed at students and professionals interested in the intersection of psychology e g social forensic clinical criminal justice sociology and criminology The interdisciplinary study of human behavior in legal contexts includes numerous topics on criminal behavior criminal justice policies and legal process crime detection and prevention eyewitness identification prison life offender assessment and rehabilitation risk assessment and management offender mental health community reintegration and juvenile offending The study of these topics has been increasing continually since the late 1800s with people trained in many legal professions such as policing social work law academia mental health and corrections This will be a comprehensive work that will provide the most current empirical information on those topics of greatest concern to students who desire to work in these fields This encyclopedia is a unique reference work that looks at criminal behavior primarily through a scientific lens With over 500 entries the book brings together top empirically driven researchers and clinicians across multiple fields psychology criminology social work and sociology to explore the field **Manifesta, Art, Society and Politics** Erdem Çolak,2024-03-07 This is the first monograph fully dedicated to critically investigating the political economic artistic urban and societal relationships of Manifesta European Biennial of Contemporary Art a European nomadic biennial initiated in the post Cold War era Despite being one of the most important recurrent exhibitions taking place in Europe surprisingly little has been written about it since the mid 2000s Manifesta Art Society and Politics provides a

deeply researched and engaging analysis of the the critically overlooked Manifesta exhibitions as well as it s changing goals and discourse since the first edition in 1996 The book is split into four parts divided by theme and following the exhibitions chronologically Providing a comprehensive overview of one of the most important biennials in Europe Manifesta Art Society and Politics investigates the relationship between large scale art exhibitions culture led regeneration and urban transformation It is essential reading for students and researches of exhibition and curatorial studies art history and cultural studies

Government and Politics of Italy Robert Leonardi,2017-09-12 The political history of Italy has been an undeniably turbulent one The country s political system has been repeatedly threatened by the historical existence of extremist parties on the left and right an economy which struggles to adapt the cleavage between a developed north and an underdeveloped south the challenge posed by terrorist groups and organized crime high public debt and governments that last on average only ten months Paradoxically however Italy continues to muddle through from one political crisis to another with one of the world s highest standards of living and quality of life What is the secret of Italian politics

Violence and Nihilism Luís Aguiar de Sousa,Paolo Stellino,2022-07-05 Nihilism seems to be per definition linked to violence Indeed if the nihilist is a person who acknowledges no moral or religious authority then what does stop him from committing any kind of crime Dostoevsky precisely called attention to this danger if there is no God and no immortality of the soul then everything is permitted even anthropophagy Nietzsche too emphasised although in different terms the consequences deriving from the death of God and the collapse of Judeo Christian morality This context shaped the way in which philosophers writers and artists thought about violence in its different manifestations during the 20th century The goal of this interdisciplinary volume is to explore the various modern and contemporary configurations of the link between violence and nihilism as understood by philosophers and artists in both literature and film

Menace to Society Roy Godson,2017-12-02 One of the more dangerous contemporary threats to the quality of life is the collaboration of the political establishment with the criminal underworld the political criminal nexus PCN This active partnership increasingly undermines the rule of law human rights and economic development in many parts of the world States in transition are especially at risk Despite the magnitude of the threat there is little understanding of the security threats by the PCNs and how and why political criminal relationships are formed and maintained Menace to Society is the first attempt to develop an analytical framework for making generalizations about this contemporary scourge Case studies of Colombia Hong Kong Taiwan Italy Mexico Nigeria Russia and Ukraine and the United States by leading scholars and practitioners included here answer such key questions as How do PCNs get established How is a PCN maintained and destroyed What do the participants want from each other in a PCN What can be learned from those who have successfully countered the PCN The findings indicate that political economic and cultural factors play a significant role in the formation and evolution of PCNs When the institutions of the state are weak as in Nigeria and Colombia it is difficult for the state to prevent political criminal collaboration A lack of checks and balances either from civil society or

opposition political parties such as described in the cases of Mexico and Russia is a key factor Cultural patterns tend to facilitate this kind of collaboration Markets and economics too bear on the PCN issue The supply and demand for illegal goods and services not only drugs in many countries creates a market controlled by criminals who need political help to run their business Menace to Society will be critical reading for security planners foreign and military policymakers and political scientists

Polarized Cities Dorothy J. Solinger, 2018-09-14 This powerful book presents a fresh and compelling set of portraits that bring to life the human dimension of the vast and growing social and economic divides in urban China Leading scholars explore the increasing rigidity of class and social boundaries focusing on two new castes in contemporary China's cities the immensely wealthy and the abjectly poor Much has been made of the rise in incomes the elimination of much rural poverty and the expansion of an urban middle class over almost forty years of spectacular economic growth But what often has been overlooked is the polarization exclusion and exclusiveness in cities that have accompanied this rise along with the threat that these trends will extend to future generations The book considers five cases that emblemize these castes and depict their varying degrees of agency Highlighting the social groups at opposite ends of the social hierarchy the contributors illuminate the growing inequality in urban China today

Performing Cities N. Whybrow, 2014-08-19 Performing Cities is an edited volume of contributions by a range of internationally renowned academics and performance makers from across the globe each one covering a particular city and examining it from the dynamic perspectives of performances occurring in cities and the city itself as performance

Morality, Crisis and Capitalism Jean-Paul Baldacchino, Jon P. Mitchell, 2022-09-13 May you live in interesting times was made famous by Sir Austen Chamberlain The premise is that interesting times are times of upheaval conflict and insecurity troubled times With the growing numbers of displaced populations and the rise in the politics of fear and hate we are facing challenges to our very species being Papers in the volume include ethnographic studies on the refugee crisis the financial crisis and the rule of law crisis in the Mediterranean as well as the crisis of violence and hunger in South America

Mafia Politics Marco Santoro, 2021-11-30 This ground breaking book offers a deep and original analysis of the Mafia in particular Cosa Nostra as a distinct form of politics Marco Santoro breaks with criminal and economic approaches which see the Mafia as an industry of private protection and rationally calculating wealth accumulation Instead he argues that it represents an alternative way of organizing political relations the exercise of power and the struggle for prestige Nor is this a distortion or failure of the modern Western state based on the rule of law the Mafia is best understood as an older alternative tradition of politics a distinctly Southern institutional arrangement of social life focused on personal ties and obligations Today the Mafia still thrives among subaltern classes and in regions that the modern state has not yet incorporated as a conservative counter politics of prestige Pivotal to understanding this world is a cultural sociology of the Mafia offering the tools and concepts necessary to penetrate the symbolism and structures of Mafia life Blending diverse theoretical strands with folk sources and

the voices of Mafiosi themselves Santoro develops a political theory of the Mafia shedding new light on this captivating global and remarkably resilient phenomenon

Mafia Raj Lucia Michelutti, Ashraf Hoque, Nicolas Martin, David Picherit, Paul Rollier, Arild E Ruud, Clarinda Still, 2023-05-25 The authors illustrate the art of bossing techniques and methods used by such figures to climb to power and maintain their sovereignty A Y Lee Choice Mafia has become an indigenous South Asian term Like Italian mobsters the South Asian gangster politicians are known for inflicting brutal violence while simultaneously upholding vigilante justice inspiring fear and fantasy But the term also refers to the diffuse spheres of crime business and politics operating within a shadow world that is popularly referred to as the rule of the mafia or Mafia Raj Through intimate stories of the lives of powerful and aspiring bosses in India Pakistan and Bangladesh this book illustrates their personal struggles for sovereignty as they climb the ladder of success Ethnographically tracing the particularities of the South Asian case the authors theorize what they call the art of bossing providing nuanced ideas about crime corruption and the lure of the strongman across the world Through meticulous and uniquely collaborative ethnography Mafia Raj opens readers eyes to the murky world of bosses in South Asia With unforgettable portraits of the gangsters politicians hustlers and extortionists dotting the region this is the rare scholarly account that upends our commonly accepted notions of democracy formality and legitimacy Milan Vaishnav author of *When Crime Pays Money and Muscle in Indian Politics* Why does the figure of the boss in its various guises loom so large in South Asia In answering this question the authors of this engagingly written book make a path breaking contribution to the study of South Asian politics John Harriss author of *India Continuity and Change in the Twenty First Century*

Italian Mafias Today Felia Allum, Isabella Clough Marinaro, Rocco Sciarrone, 2019 Despite a rapidly changing economic and legal landscape Italian mafias remain prominent actors in the global criminal underworld This book provides an extensive and up to date view of how they adapt to shifting economic opportunities and intensifying legal and civic backlash

The Cinema of Francesco Rosi Gaetana Marrone, 2020 Francesco Rosi is one of the great realist artists of post war Italian indeed post war world cinema In this book author Gaetana Marrone explores the rich visual language in which the Neapolitan filmmaker expresses the cultural icons that constitute his style and images Over the years Rosi has offered us films that trace an intricate path between the real and the fictive the factual and the imagined His films show an extraordinarily consistent formal balance while representing historical events as social emblems that examine shape and reflect the national self They rely on a labyrinthine narrative structure in which the sense of an enigma replaces the unidirectional path leading ineluctably to a designated end and solution Rosi s logical investigations are conducted by an omniscient eye and translated into a cinematic approach that embraces the details of material reality with the panoramic perspective of a dispassionate observer This book offers intertextual analyses within such fields as history politics literature and photography along with production information gleaned from Rosi s personal archives and interviews It examines Rosi s creative use of film as document and as spectacle It is also a study of the specific cinematic techniques that characterize Rosi

s work and that visually compositionally express his vision of history and the elusive truth of past and present social and political realities

Mafia Violence Monica Massari, Vittorio Martone, 2018-11-08 Using in depth field research and analysis of case studies Mafia Violence Political Symbolic and Economic Forms of Violence in Camorra Clans focuses attention on the phenomenon of violence performed by Italian organised crime groups devoting specific attention to the Camorra which has been responsible since the mid 1980s for almost half of all mafia homicides documented in Italy The Camorra has acquired increased visibility at an international level due to its intense use of violence and high level of dangerousness but until now the study of the different forms of violence implemented by mafias has not received systematic attention at the scientific level Hence this book fills this gap by providing a both theoretical and empirical contribution toward the analysis of one of the most unknown although highly visible and dangerous dimension of mafias action This collection of work by distinguished scholars provides a unique overview of the multifaceted characteristics of violence currently performed by mafia groups in Italy by focusing on specific actors i e Camorra clans but also other traditional mafia organisations such as Cosa Nostra and Ndrangheta specific contexts i e different territories and different markets both legal and illegal and specific practices and performances Part I takes a diachronic and comparative perspective to provide an overview of mafias violence during the past 30 years focusing on the three most prominent criminal organisations active in Italy Camorra Cosa Nostra and Ndrangheta Based on the outcomes of a major project carried out by a research group at the University of Naples Federico II from 2015 to 2017 Part II looks at the use of violence by Camorra clans incorporating information from case studies judicial files law enforcement investigations wiretappings interviews with privileged observers firsthand empirical data and historical documents and social sciences literature Using a multi disciplinary approach drawing from criminology sociology history anthropology economics political science and geography this book is essential reading for international researchers and practitioners interested in piecing together the full picture of modern organised crime

Mafia Movies Dana Renga, 2019-07-15 The mafia has always fascinated filmmakers and television producers Al Capone Salvatore Giuliano Lucky Luciano Ciro Di Marzio Roberto Saviano Don Vito and Michael Corleone and Tony Soprano are some of the historical and fictional figures that contribute to the myth of the Italian and Italian American mafias perpetuated onscreen This collection looks at mafia movies and television over time and across cultures from the early classics to the Godfather trilogy and contemporary Italian films and television series The only comprehensive collection of its type Mafia Movies treats over fifty films and TV shows created since 1906 while introducing Italian and Italian American mafia history and culture The second edition includes new original essays on essential films and TV shows that have emerged since the publication of the first edition such as Boardwalk Empire and Mob Wives as well as a new roundtable section on Italy's other mafias in film and television written as a collaborative essay by more than ten scholars The edition also introduces a new section called Double Takes that elaborates on some of the most popular mafia films and TV shows e g The Godfather and

The Sopranos organized around themes such as adaptation gender and politics urban spaces and performance and stardom

Towards an Anthropology of Wealth Theodoros Rakopoulos, Knut Rio, 2020-06-04 Aiming to redefine the concept of wealth which has too often been reduced to merely accumulated assets this book views wealth primarily as a question of reproduction relational flows and life vitality The authors therefore outline wealth as a triangular phenomenon between capital the commons and power Viewing wealth as firstly a product of relational capacities the book explores the processes wherein it is constantly being pulled at from forces that demand appropriation be that finance community or state The chapters tackle perceptions and practices of wealth in the commons in mythical narrative immaterial substance aristocratic orders antimafia money real and imagined and conspiracy theory with contributions from Melanesia Italy Greece India and Mongolia The comparative perspective lies at the heart of the book bringing together instances of commonwealth and the commons as well as hierarchical relational and substantial understandings of wealth As the first collection in recent decades to address the anthropology of wealth openly in a comparative perspective this book will spark discussions of the concept in anthropology not least at the back of a renewed debate over it due to Piketty's legacy This book was originally published as a special issue of *History Anthropology*
