The American Jewish Year Book has produced yet another edition to add to its distinguished tradition of providing facts, figures, and analyses of contemporary life in North America. Debra Renee Kaufman, Professor Emerita and Matthews, Distinguished University Professor, Northeastern University. Sifra, Dibbura de Sinai Howard L. Apothaker, 2003-07-16. Sifra is the earliest extant rabbinic commentary on the book of Leviticus. On a basic level, Sifra presents and validates rabbinic law, but this was done by creating a link between a proposition halakhic or not and a scriptural passage. Scholars in the last few decades, including Neusner and Stemmerger, have debated Sifra's relationship to Mishnah Tosefta. Howard Apothaker demonstrates that the set of rules in Dibbura de Sinai on topics shared with Mishnah Tosefta can be understood as an independent body of law. They share a common ancestor but represent different expressions of a similar worldview and with variant purposes. The framers of Sifra sought as their main objective to validate the essentiality or non-superfluity of every word of Scripture. Apothaker's analysis of the exegetical and rhetorical characteristics of Sifra in *Sifra Dibbura de Sinai: Rhetorical Formulae, Literary Structures, and Legal Traditions* builds on his translation of and commentary on the section of Dibbura de Sinai which covers Leviticus 25-27. Analysis of Sifra's highly formalized rhetoric yields insight concerning the general purposes for which the framers created the work.

**Jacob Neusner** Aaron W. Hughes, 2016-09-13. Biography. Neusner is a social commentator, a post-Holocaust theologian, and an outspoken political figure. Jacob Neusner, born 1932, is one of the most important figures in the shaping of modern American Judaism. He was pivotal in transforming the study of Judaism from an insular project only conducted by and of interest to religious adherents to one which now flourishes in the secular setting of the university. He is also one of the most colorful, creative, and difficult figures in the American academy. But even those who disagree with Neusner's academic approach to ancient rabbinic texts have to engage with his pioneering methods. In this comprehensive biography, Aaron Hughes shows Neusner to be much more than a scholar of rabbinics. He is a social commentator, a post-Holocaust theologian, and was an outspoken political figure during the height of the cultural wars of the 1980s. Neusner's life reflects the story of what happened as Jews migrated to the suburbs in the late 1940s, daring to

imagine new lives for themselves as they successfully integrated into the fabric of American society It is also the story of how American Jews tried to make sense of the world in the aftermath of the extermination of European Jewry and the subsequent creation of the State of Israel in 1948 and how they sought to define what it meant to be an American Jew Unlike other great American Jewish thinkers Neusner was born in the U S and his Judaism was informed by an American ethos His Judaism is open informed by and informing the world It is an American Judaism one that has enabled American Jews the freest in history to be fully American and fully Jewish

**Matthew and the Mishnah** Akiva Cohen,2016-06-10 Akiva Cohen investigates the general research question how do the authors of religious texts reconstruct their community identity and ethos in the absence of their central cult His particular socio historical focus of this more general question is how do the respective authors of the Gospel according to Matthew and the editor s of the Mishnah redefine their group identities following the destruction of the Second Temple Cohen further examines how after the Destruction both the Matthean and the Mishnaic communities found and articulated their renewed community bearings and a new sense of vision through each of their respective author redactor s foundational texts The context of this study is thus that of an inner Jewish phenomenon two Jewish groups seeking to re establish their community identity and ethos without the physical temple that had been the cultic center of their cosmos
