Revolt Of The Mind A Case History Of Int:

Explosion John P. C. Matthews, 2007 In late October 50 years ago the world witnessed one of the largest leaderless spontaneous revolutions Triggered by a confluence of fateful events Hungarian students led hundreds of thousands of their countrymen in an open revolt against the Soviet sponsored government Matthews a journalist at Radio Free Europe realised he had a ringside seat and saved every scrap of news Here at long last from those journalist reports and memoirs he recreates a picture of what it was like to live through that exhilarating time Marx, Lenin, and the Revolutionary Experience Paul LeBlanc, 2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de spiritualization the book shows how the revolutionaries of the past are still relevant to today s struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements Revolutionary Collective Paul Le Blanc, 2022-04-05 This book surveys revolutionary socialist ideas and engages a gallery of contentious political thinkers offering an indispensable assessment of the place of revolutionary collectives in this radical tradition Beginning with a broad and informative survey of scholarship on V I Lenin and Leninism Le Blanc goes on to explore the multifaceted collective qualities of the Russian Bolshevik organization He then turns his attention to several of its central figures as well as a rich variety of activist intellectuals who in one way or another continued to engage with Lenin s perspectives after his death including Leon Trotsky Alexander Bogdanov Georg Luk cs Antonio Gramsci Rosa Luxemburg Karl Korsch and Daniel Bensa d The volume concludes by considering related questions which have more recently posed problems within left wing organizations gesturing toward the dynamics and needs of future struggles *Goal!* Christian Koller, Fabian Brandle, 2015-06-26 Goal covers the history of the beautiful game from its origins in English public schools in the early 19th century to its current role as a crucial element of a globalized entertainment industry The authors explain how football transformed from a sport at elite boarding schools in England to become a pastime popular with the working classes enabling factories such as the Thames Iron Works and the Woolwich Arsenal to give birth to the teams that would become the Premier League mainstays known as West Ham United and Arsenal They also explore how the age of amateur soccer ended and with the advent of professionalism how football became a sport dominated by big clubs with big money and with an international audience **Philosophy and Revolution** Raya Dunayevskaya, 2003-01-01 Few thought systems have been as distorted and sometimes misconstrued as those of Marx and Hegel Philosophy and Revolution presented here in a new edition attempts to save Marx from interpretations which restrict the revolutionary significance of

the philosophy behind his theory Developing her breakthrough on Hegel s Absolute Idea Raya Dunayevskaya who died in the June of 1987 aims at a total liberation of the human person not only from the ills of a capitalist society but also from the equally oppressive state capitalism of established communist governments She assumes within her theory of class struggle issues as diverse as feminism black liberation and even the new nationalism of third world countries Moreover Dunayevskaya combines within herself an incorruptible objectivity with a passionate political attitude making this work a vibrant and concrete discussion of the vicissitudes of society justice equality and existence Eastern Europe in the Twentieth Century – And After R.
