Revolution In The Street Women Workers And Urban Protest In Veracruz 1870 1927

Kim A. Clark

Revolution In The Street Women Workers And Urban Protest In Veracruz 1870 1927:

Revolution in the Street Andrew Grant Wood, 2001 Winner of the 1999 Michael C Meyer Manuscript Prize This new book examines the social protests of popular groups in urban Mexico during and after the Mexican Revolution and also shows how the revolution inspired women to become activists in these movements Andrew Grant Wood's well researched narrative focuses specifically on the complex negotiation between elites and popular groups over the issue of public housing in post revolutionary Veracruz Mexico Wood then compares the Veracruz experience with other tenant movements throughout Mexico and Latin America He analyzes what the popular groups wanted what they got how they got it and how the changes wrought by the revolution facilitated their actions Grassroots organizing by house renters in Veracruz began at a time of multiple sovereignty when ruling elites found themselves in a process of regime change and political realignment As the movement took shape tenants expanded their opportunities through a dynamic repertoire of public demonstration direct action networking and constant negotiation with landlords and public officials During the height of the movement protesters forced revolutionary elites to respond by requiring them either to negotiate co opt and or repress members of independent grassroots organizations in order to maintain their rule The tenant movements demonstrate how ordinary women and men contributed to the remaking of state and civil society relations in post revolutionary Mexico This book analyzes the critical roles that women played as leaders and as rank and file agitators to keep the movements alive The author has used a wide variety of primary sources to provide a vibrant portrayal of these urban social protesters On a larger scale this book shows that the voices of the urban poor were able to become part of the revolutionary dialogue and ideology While others have highlighted the role of rural folk such as the Zapatistas this work allows readers to appreciate the urban side of the po

The Women's Revolution in Mexico, 1910-1953 Stephanie Evaline Mitchell, Patience Alexandra Schell, 2007 This book reinvigorates the debate on the Mexican Revolution exploring what this pivotal event meant to women The contributors offer a fresh look at women's participation in their homes and workplaces and through politics and community activism Drawing on a variety of perspectives the volume illuminates the ways women variously accepted contested used and manipulated the revolutionary project Recovering narratives that have been virtually written out of the historical record this book brings us a rich and complex array of women's experiences in the revolutionary and post revolutionary era in Mexico Working Women, Entrepreneurs, and the Mexican Revolution Heather Fowler-Salamini, 2020-04-01 In the 1890s Spanish entrepreneurs spearheaded the emergence of C rdoba Veracruz as Mexico's largest commercial center for coffee preparation and export to the Atlantic community Seasonal women workers quickly became the major part of the agroindustry's labor force As they grew in numbers and influence in the first half of the twentieth century these women shaped the workplace culture and contested gender norms through labor union activism and strong leadership Their fight for workers rights was supported by the revolutionary state and negotiated within its industrial labor institutions until they were replaced by

machines in the 1960s Heather Fowler Salamini's *Working Women Entrepreneurs and the Mexican Revolution* analyzes the interrelationships between the region's immigrant entrepreneurs workforce labor movement gender relations and culture on the one hand and social revolution modernization and the Atlantic community on the other between the 1890s and the 1960s Using extensive archival research and oral history interviews Fowler Salamini illustrates the ways in which the immigrant and women's work cultures transformed Córdoba's regional coffee economy and in turn influenced the development of the nation's coffee agro export industry and its labor force **Agustin Lara** Andrew Grant Wood, 2014 Andrew Wood

masterfully interweaves the many legends about the musician poet Agustin Lara with solid historical facts painstakingly documenting his rise from a hopeless romantic bordello pianist to the world's most renowned bolero composer Cover page 4

AViva MZxico! AViva la Independencia! William H. Beezley, David E. Lorey, 2001 Examines the history of celebrations of Mexican Independence Day on September 15 Describes historic celebrations in different parts of the country including

Mexico City San Luis Potosi San Angel and Puebla *The Redemptive Work* Kim A. Clark, 1998-01-01 A CHOICE

Outstanding Academic Book Professor Kim Clark explores a time period and country for which little has been published in English By studying the dimensions of politics and culture as one Professor Clark argues that the local railroad case served as a demonstration of some of the problems that were most important during the liberal period At the turn of the century diverse political economic and social conditions divided Ecuador During the construction of the Guayaquil Quito Railway the people of Ecuador faced the challenge of working together *The Redemptive Work* Railway and Nation in Ecuador 1895-1930 examines local regional and national perspectives on the building of the railway and analyzes the contradictory processes of national incorporation Rather than examining the formation of Ecuador's national identity Professor Clark analyzes the methods of two groups working on the same project but with opposing goals The elite landowners of the highlands were concerned with the transportation of their agricultural products to the coast while the agro export elite of the coast were more interested in forming a labor market Because the underlying objectives were contradictory only a partial consensus was reached on the nature of national development This tense agreement channeled the conflicting opinions but did not eliminate them *The Redemptive Work* is the first text to deal with these complex issues in Ecuador's history *The Redemptive Work* is useful for undergraduate and graduate courses in Latin American history social history anthropology political science and nation and state formation **Undocumented in L.A.** Dianne Walta Hart, 1997-06-01 Her story is similar to those of the

thousands of illegal immigrants who cross the border into America every day in search of political or economic refuge In 1988 a woman in her late thirties named Yamileth obtains a passport leaves her home and makes a daring dangerous trip from war torn Nicaragua through Central America to the United States to join her family In Los Angeles Yamileth must find a place to live and a job to support her family yet keep secret the fact that she entered the country as an illegal alien She must adapt to new customs and the flood of Latino and Asian immigrants She must live among the people of California who in 1994

approved Proposition 187 with the intent to deny undocumented immigrants education social services and health care Yamileth's daily experiences mirror the hopes and frustrations of women and men who must confront new cultural economic and political environments Author Dianne Walta Hart's long and close relationship with Yamileth allows her to present Yamileth's cultural struggles and personal development in poignant narrative and passages in Yamileth's own words From start to finish Undocumented in L A An Immigrant's Story is testimonial literature at its best This eye opening work will show the reader the opposition and difficulties undocumented immigrants face in a nation that at first beckons them with freedom then rejects them with unwelcoming borders and restrictive laws Undocumented in L A An Immigrant's Story is an excellent resource for courses in immigration political science and social and cultural studies

Argentine Dictator John Lynch, 2001-05 Argentine Caudillo Juan Manuel de Rosas is John Lynch's new edition of his 1981 book shortened for classroom use The figure of Juan Manuel de Rosas dominates the history of Argentina in the first half of the nineteenth century Charles Darwin who met him on campaign against the Indians described him as a man of extraordinary character the lord of vast estates and for over twenty years absolute ruler of Buenos Aires and its province The book follows the career of Rosas as a classical caudillo who rescued his people from fear and anarchy and delivered them into the hands of a great dictatorship Leader of the gauchos yet representative too of the powerful landed proprietors and cattle exporters Rosas established an early prototype of a totalitarian state and employed systematic terror to defend his rule Argentine Caudillo Juan Manuel de Rosas is an excellent scholarly and objective modern history for students as well as scholars on this powerful figure in Latin America

The Tale of Healer Miguel Perdomo Neira David Sowell, 2001-05-01 This new book tells the story of Miguel Perdomo Niera a healer whose amazing cures during his travels through the northern Andes in the 1860s and 1870s evoked both enormous hostility and widespread adulation A combination of narrative and analysis the book documents Perdomo's experiences in Colombia and Ecuador and offers valuable insights into the social history of medicine during the Great Transformation in nineteenth century Latin America Reactions to Perdomo also illuminate the conflicts between colonial and modern and between religious and secular belief systems in Latin America during this time This era pitted the norms of colonial Latin America against forces of change that shaped contemporary Latin America Perdomo's practice of medicine demonstrated a strong religious influence that liberals thought were incompatible with a modern secular society Seldom have the contentions surrounding competitive medical systems been so starkly illuminated as in the case of Perdomo One of a group of empirics also known as cranderos bleeders or barbers who offered health care to people in Latin America Perdomo did not charge for his services Many people were perplexed by his cures The drugs that he used allegedly enabled him to perform minor surgery without pain swelling or excessive bleeding Supporters wrote numerous testimonials expressing their gratitude for his ability to cure illnesses that had plagued them for years But Perdomo also had his detractors Physicians formally trained *medicos* and those who supported scientific modernization were critical of Perdomo's

practice of Hispanic medicine even though it was part of the medical system of the day Blending Catholic healing beliefs with indigenous and African medical ideologies Hispanic medicine challenged the innovations occurring in the professional medical community This volume also makes a singular contribution to a scholarly understanding of the emergence of medical pluralism tracking the submergence of traditional medicine by the institutionalization of scientific medicine In its investigation of the history of nineteenth century medical history it explores a sparsely researched historical terrain Moreover it examines popular healing ideologies and practices topics that are seldom discussed in the context of nineteenth century medical history The Tale of Healer Miguel Perdomo Neira is a valuable resource for courses in Latin American history and anthropology and the history of Andean nations Integral Outsiders William Schell,2001 Marriages between Americans and Mexican society women and membership in such organizations as Masonic brotherhoods brought the foreigners into the most important social circles *Cantinflas and the Chaos of Mexican Modernity* Jeffrey M. Pilcher,2001 Why was Cantinflas actor Mario Moreno s film persona the most popular movie star in Mexican history Was it because every Mexican rich or poor Creole or Indian man or woman young or old could identify with him Violence in Colombia, 1990-2000 Charles Bergquist,Ricardo Peñaranda,Gonzalo Sánchez,2001-03-01 Violence In Colombia provides students with a deeper understanding of the crisis facing Colombia today The book focuses on the 1990s a decade that witnessed a strengthening of the oldest and largest guerrilla insurgency in the Americas and the emergence of a powerful paramilitary right The decade also saw a dramatic rise in homicide kidnapping and human rights violations that made Colombia by far the most violent nation in the hemisphere But the 1990s was also about negotiating peace The decade began with negotiations between the government and some of the guerrilla groups that led to their demobilization and to the important reforms codified in the Constitution of 1991 It ended with another serious attempt at negotiating peace a historic agreement between the government and the largest and most powerful of the guerrilla groups to put a range of social and economic reforms on the negotiating table For many the crisis in Colombia is understood in terms of the drug trade To be sure the drug trade is implicated in every aspect of the crisis And despite or because of escalating efforts by the Colombian and U S governments to curb the trade Colombia s role as the leading supplier of cocaine and increasingly of heroin to the U S market continues to expand But the drug trade by itself cannot explain the crisis If it could why have other Latin American drug producing and trafficking nations not experienced a fate like Colombia s To answer this question the book presents some of the best recent work by Colombian scholars on the crisis facing the nation Violence in Colombia also includes a large section devoted to primary documents which enables students to get a feel for the views of the protagonists in the conflict and judge for themselves the meaning of what they say Examples include the negotiating positions of the government the guerrillas and the paramilitary right testimony by kidnap victims and human rights lawyers and assessments by U S officials and Colombian commentators of the war on drugs Introductions to each of the essays and documents place this material most of it made

available to English readers for the first time in broad analytical and historical context This is an excellent text for Latin American history courses and courses on political violence

The Human Tradition in Modern Latin America William H. Beezley, Judith Ewell, 1997 The Human Tradition in Modern Latin America will be an invaluable text for courses in Latin American studies

The Global Perspective of Urban Labor in Mexico City, 1910-1929 Stephan Fender, 2019-11-28 The Global Perspective of Urban Labor in Mexico City 1910-1929 examines the global entanglement of the Mexican labor movement during the Mexican Revolution It describes how global influences made their entry into labor culture through the cinema the theater and labor festivals as well as into the development of consumption patterns and advertisement It further shows how the young labor movement constituted its discourse and invented its tradition at meetings and in the columns of newspapers The local conditions constitute the framework for the examination of Mexican labor's perspectives on and engagement with contemporary events of global significance Thereby this book demonstrates how workers turned to the global context in search of guidance and role models embracing global developments and narratives It also reveals the differentiations from this context in order to create a unique local identity This approach allows new perspectives on the role of a neglected revolutionary actor and on the influence of global developments in a revolution that has been predominantly interpreted from a national point of view It shows the way global ideas were brought to life in the framework of revolutionary Mexico City providing new insights into the grand narratives of Globalization and Revolution

Creating Mexican Consumer Culture in the Age of Porfirio Díaz Steven B. Bunker, 2012-12-15 This study shows how goods and consumption embodied modernity in the time of Porfirio Díaz Through case studies of tobacco marketing department stores advertising shoplifting and a famous jewelry robbery and homicide he provides a tour of daily life in Porfirian Mexico City overturning conventional wisdom that only the middle and upper classes participated in this culture Provided by publisher

Deference and Defiance in Monterrey Michael Snodgrass, 2003-06-02 This book explores how workers both perceived responded to and helped shape the outcome of Mexico's revolution

Indians, Oil, and Politics Allen Gerlach, 2003-02-01 It is indispensable that Ecuador has peace but to have peace you need freedom and to have freedom you need justice And the Indian population needs justice President Gustavo Noboa January 23 2000 For five centuries the Indians had very little voice in Ecuador Now they are major protagonists who seek more acceptable terms in which to coexist in a society with two vastly different world views and cultures that of Indians and that of the descendants of Europeans Their recent political uprising has become the most powerful and influential indigenous movement in Latin America They have inspired other Indian movements throughout the continent Author Allen Gerlach details the origins and evolution of the Indian rebellion focusing on the key period of the last thirty years In the process he also presents a concise political history of Ecuador Gerlach infuses his text with an abundant supply of quotations from participants in the rise in ethnic politics bringing Ecuador's history and the Indians' opposition to the country's government to life In addition Indians Oil and Politics serves as a case study on what

happens to a nation when its economy is based solely on one commodity in this instance oil The discovery of oil in the Amazon in 1967 was a major factor in Ecuador's modernization and also sparked the Indians' fight for their rights Oil wealth wreaked havoc on the environment and cultures of the native people of the Amazon and it did not end old traditions of political fragmentation and corruption Gerlach explains that the Indians fought back by forming federations to advance their interests and by joining forces with similar structures molded in the highlands of Ecuador Together they created the country's first truly national indigenous organization in 1986 CONAIE The Confederation of Indigenous Nationalities of Ecuador and by 2000 their movement was a major force to be reckoned with one which increasingly influenced state policy This book shows how the Indians helped bring down two governments when massive demonstrations led to the fall of two regimes in 1997 and 2000 The Indians battled for economic advancement but above all demanded respect for the dignity of their culture and for their moral and historical rights to their lands and territories This valuable case study of the politics of ethnicity will become increasingly useful for those interested in Latin American politics

Mañana es San Perón Mariano Ben Plotkin, 2002-10-01 The regime of Juan Perón is one of the most studied topics of Argentina's contemporary history This new book an English translation of a highly popular critically acclaimed Spanish language edition provides a new perspective on the intriguing Argentinian leader Mariano Plotkin's cultural approach makes Perón's popularity understandable because it goes beyond Perón's charismatic appeal and analyzes the Peronist mechanisms used to generate political consent and mass mobilization Mañana es San Perón is the first book to focus on the cultural and symbolic dimensions of Peronism and populism Plotkin also presents important material for the study of populism and the modern state in this region Mañana es San Perón explores the creation of myths symbols and rituals which constituted the Peronist political imagery This political imagery was not designed to reinforce the legitimacy of a political system defined in abstract terms but to assure the undisputed loyalty of different sectors of society to the Peronist government and to Perón himself The evolution of the institutional framework that made the creation of this symbolic apparatus possible is also discussed This well researched book shows the methods designed by the Peronist regime to broaden its social base through the incorporation and activation of groups which had traditionally occupied a marginalized position within the political system non union workers women and the poor Plotkin investigates how Perón used the education system to build his popularity He examines the public assistance programs financed through the Eva Perón Foundation and demonstrates how they were used to politicize women for the first time He explains how Eva Perón and the Peronist regime not only tried to gain the support of women as voters but also as potential missionaries who would spread the Peronist word in the privacy of their homes This well written and engaging account of one of Latin America's most colorful and appealing leaders is an excellent resource on Argentina and Latin American history and politics

2001 Massimo Mastrogregori, 2011-08-02 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical

articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors Dictablanda Paul Gillingham,Benjamin T. Smith,2014-04-02 In 1910 Mexicans rebelled against an imperfect dictatorship after 1940 they ended up with what some called the perfect dictatorship A single party ruled Mexico for over seventy years holding elections and talking about revolution while overseeing one of the world s most inequitable economies The contributors to this groundbreaking collection revise earlier interpretations arguing that state power was not based exclusively on hegemony corporatism or violence Force was real but it was also exercised by the ruled It went hand in hand with consent produced by resource regulation political pragmatism local autonomies and a popular veto The result was a dictablanda a soft authoritarian regime This deliberately heterodox volume brings together social historians anthropologists sociologists and political scientists to offer a radical new understanding of the emergence and persistence of the modern Mexican state It also proposes bold multidisciplinary approaches to critical problems in contemporary politics With its blend of contested elections authoritarianism and resistance Mexico foreshadowed the hybrid regimes that have spread across much of the globe Dictablanda suggests how they may endure Contributors Roberto Blancarte Christopher R Boyer Guillermo de la Pe a Mar a Teresa Fern ndez Aceves Paul Gillingham Rogelio Hern ndez Rodr guez Alan Knight Gladys McCormick Tanal s Padilla Wil G Pansters Andrew Paxman Jaime Pensado Pablo Piccato Thomas Rath Jeffrey W Rubin Benjamin T Smith Michael Snodgrass
