## **Revolution Is On:**

*The Revolution is the Emergency Break* Michael Löwy, 2024-06-03 Winner of the 2020 European Walter Benjamin Prize  
The Revolution is the Emergency Break is a rich discussion of Walter Benjamin's lesser known writings by renowned social scientist Michael Löwy. Translated into several languages but available in English for the very first time, Löwy's book brings together the philosophical, literary, theological, and cultural aspects of Benjamin's writings, including his relation to figures such as Gershom Scholem and Franz Rosenzweig, his interpretation of historical materialism, surrealism, anti-fascism, and anarchism, his contribution to understanding capitalism as a religion, and his relevance for Latin America and ecology today. The concept of revolution in his writings, not only the political ones but also those that deal with art, literature, or theology, run through the work, connecting the various chapters. *The Revolution is the Emergency Break* also features four new chapters in this collection. Written in a clear-eyed, accessible language, *The Revolution is the Emergency Break* is a must-read for researchers, teachers, and students interested in the works of this influential German intellectual. *Revolution's Awakening*  
Pasquale De Marco, 2025-04-21 *Revolution's Awakening* offers a comprehensive and thought-provoking exploration of revolution's transformative power, examining its profound impact on individuals, societies, and the course of history. Drawing inspiration from historical and contemporary events, this book delves into the complex dynamics of revolution, shedding light on its causes, consequences, and enduring legacies. *Revolution's Awakening* provides a multidisciplinary analysis of revolution, drawing on history, political science, sociology, and cultural studies. It examines the factors that ignite revolutions, from social inequality and political oppression to economic crises and cultural clashes, and explores the role of charismatic leaders, the mobilization of the masses, and the often-violent struggle for change. Beyond the battlefield, this book explores the human face of revolution, capturing the personal sacrifices, triumphs, and tragedies that accompany societal upheaval. It examines the impact of revolution on individuals, families, and communities, highlighting both the transformative potential and the devastating consequences that can arise. *Revolution's Awakening* also delves into the complex legacy of revolution, assessing its long-term effects on societies and the global stage. It examines how revolutions can inspire progress, shape cultural identities, and contribute to the evolution of human civilization. At the same time, it acknowledges the challenges of post-revolutionary transitions and the ongoing struggle for justice and equality. This book is an essential read for anyone seeking to understand the complexities of revolution and its profound impact on our world. Through a multidisciplinary approach, *Revolution's Awakening* provides a comprehensive and nuanced examination of one of the most transformative forces in human history. In the pages of *Revolution's Awakening*, readers will find not only a deeper understanding of revolution but also insights into the human condition and the indomitable spirit that drives us to fight for a better future. This book is a testament to the power of revolution to both destroy and create, to inspire hope and despair, and to shape the destiny of generations to come. **The Psychology of Revolution** Fathali M. Moghaddam, 2024-03-14 Presents a compelling analysis of the psychology of revolution for the first time since 1894 *Hearings* United States. Congress Senate, 1956

*Novel-Poetry* Emily Allen, Dino Franco Felluga, 2024-09-05 Novel Poetry examines the verse novel a hybrid genre that emerged in the middle decades of Britain's nineteenth century to make a larger claim about the nature of genre and formal structures for time action and identity that cross genres The volume uncovers trajectories of literary influence that structure our approach to literature and affect how we shape our lives lives which are often constrained by cause and effect and narrative driven ways of approaching time and possibility Novel Poetry tracks an alternative way of thinking about time and event that was inspired by the French Revolution popularized by Lord Byron and explored by experimental Victorian poets such as Elizabeth Barrett Browning Robert Browning Arthur Hugh Clough and George Meredith The volume turns to the work of philosophers Alain Badiou Jean Pierre Dupuy and Slavoj Žižek to theorize this alternative mode which it aligns with the futur antérieur The temporality of the future anterior disrupts both the novel's realist chronologies and the expressivist lyric's cult of the moment thus liberating possibilities for collective action Ranging widely across romantic lyric poetry Victorian novels and nineteenth century and contemporary literary theory Novel Poetry asks what alternative structures and temporalities does a focus on either realistic narrative or the lyric moment occlude Are there ways of thinking about lived experience and personal or collective agency that do not conform to traditional models ways that the verse novel might help us to explore What might be gained today from trying to think about ourselves and our world outside of established frameworks that are now so naturalized as to feel almost inescapable This is an open access title available under the terms of a CC BY NC ND 4.0 licence

**Marxism, Revolution and Utopia** Herbert Marcuse, 2014-03-26 This collection assembles some of Herbert Marcuse's most important work and presents for the first time his responses to and development of classic Marxist approaches to revolution and utopia as well as his own theoretical and political perspectives This sixth and final volume of Marcuse's collected papers shows Marcuse's rejection of the prevailing twentieth century Marxist theory and socialist practice which he saw as inadequate for a thorough critique of Western and Soviet bureaucracy and the development of his revolutionary thought towards a critique of the consumer society Marcuse's later philosophical perspectives on technology ecology and human emancipation sat at odds with many of the classic tenets of Marx's materialist dialectic which placed the working class as the central agent of change in capitalist societies As the material from this volume shows Marcuse was not only a theorist of Marxist thought and practice in the twentieth century but also proves to be an essential thinker for understanding the neoliberal phase of capitalism and resistance in the twenty first century A comprehensive introduction by Douglas Kellner and Clayton Pierce places Marcuse's philosophy in the context of his engagement with the main currents of twentieth century philosophy while also providing important analyses of his

anticipatory theorization of capitalist development through a neoliberal restructuring of society The volume concludes with an afterword by Peter Marcuse      Revolution and International Politics Peter Calvert,2016-10-06 This book aims to present an analysis of the role of revolution in international politics Concerning itself with the time frame from the French Revolution up to the fall of the Iron Curtain this book covers the study of revolution itself the importance of globalisation interdependence and non state actors and the change in the nature of international politics theory      Oswaal One For All Question Banks NCERT & CBSE Class 6 (Set of 4 Books) Maths, Science, Social Science, and English (For 2023 Exam) Oswaal Editorial Board,2023-06-14 Description of the Product Crisp Revision with Concept wise Revision Notes Mind Maps 100% Exam Readiness with Previous Years Questions 2011 2022 Valuable Exam Insights with 3 Levels of Questions Level1 2 Achievers Concept Clarity with 500 Concepts 50 Concepts Videos Extensive Practice with Level 1 Level 2 Practice Papers      Astrologia Gallica Book 23 J-B Morin,2000-09      women in indian politics lalit upadhyay,2023-10-12      *Christ and Counter-Christ* Carl E. Braaten,2016-10-19 The apocalyptic Jesus speaks directly to the crises of our time Carl E Braaten contends Yet few modern theologians have come to terms with this aspect of Jesus message In these brief and provocative essays Braaten reappraises theology and society from the point of view of apocalypticism The author points out the relevance for contemporary Christians of the dualities found in apocalyptic thought Christ and Counter Christ freedom and slavery the present realm and future kingdom People in today s counterculture are even seen to possess a vision of freedom similar to that in the apocalyptic sections of the Bible The reader will discover that apocalypticism opens up fascinating new dimensions of such issues as ecology revolution and secular Christianity Each chapter displays a double emphasis on theological concerns and on concrete problems facing Christians today Those who read in the fields of religion ethics or American culture will find this book intriguing The breezy style and careful thinking will appeal to everyone from college student to systematic theologian      **D.W. Griffith's 100th Anniversary The Birth of a Nation** Ira H. Gallen,Seymour Stern,2014-04-07 A HISTORY OF THE MOST CONTROVERSIAL MOTION PICTURE EVER MADE A hundred years have passed since the masterpiece of David Wark Griffith The Birth of a Nation first appeared on the screens of America in the winter of 1915 It demonstrated that the cinema no less than literature and no less than the stage could become a topic of serious critical esthetic intellectual political social and technical discussion In this way it brought the motion picture into a position of commanding influence in the social life of the American nation The denunciation continues and the storm over the film serves as a barometer of the global conflict involving forces and issues set in motion by but no means limited to race From the beginning it touched off several emotionally and politically explosive interrelated parallel controversies controversy over Griffith controversy over the film controversy over the subject matter and its treatment controversy over the controversy As Griffith s official biographer Seymour Sterns main purpose of his book was to assemble as extensively as possible the rapidly vanishing record of what happened You ll find Stern s writing on the subject as controversial as the film

itself     Linguistics of History Roy Harris,2019-07-30 This book is the first comprehensive attempt to trace the relationship between Western philosophy of history and Western philosophy of language     Oligopoly, Auctions and Market Quality Krishnendu Ghosh Dastidar,2017-08-29 This book provides an economic analysis of various aspects of market quality a new concept which emerged in the 21st century using the tools of oligopoly theory and auction theory that evolved over the 19th and 20th centuries In the economics literature the link between the theories of oligopoly and auctions with market quality remains largely unexplored This book attempts to forge such a link as it brings together relevant theoretical results in the literature on these topics under a unified framework While the book is mainly theoretical in nature it also discusses some specific issues related to the problems of market quality in emerging economies like India Illustrated by carefully chosen examples this book is highly recommended to readers who seek an in depth and up to date integrated overview of the new field of market quality economics and are interested in some open research problems in this area How should auctions and other allocation mechanisms be designed for oligopolistic industries to achieve such goals as efficiency high quality output and fast production Krishnendu Ghosh Dastidar s book offers novel analysis of this question and also some interesting answers Highly recommended Eric S Maskin Nobel laureate in Economics     *The Works of the Right Hon. **Adventures of the Dialectic** Maurice Merleau-Ponty,1973 We need a philosophy of both history and spirit to deal with the problems we touch upon here Yet we would be unduly rigorous if we were to wait for perfectly elaborated principles before speaking philosophically of politics Thus Merleau Ponty introduces Adventures of the Dialectic his study of Marxist philosophy and thought In this study containing chapters on Weber Lukacs Lenin Sartre and Marx himself Merleau Ponty investigates and attempts to go beyond the dialectic     *The Kurdish National Movement in Turkey* Cengiz Gunes,2013-01-11 This book provides an interpretive and critical analysis of Kurdish identity nationalism and national movement in Turkey since the 1960s By raising issues and questions relating to Kurdish political identity and highlighting the ideological specificity diversity and the transformation of Kurdish nationalism it develops a new empirical dimension to the study of the Kurds in Turkey Cengiz Gunes applies an innovative theoretical approach to the analysis of an impressively large volume of primary sources and data drawn from books and magazines published by Kurdish activists political parties and groups The analysis focuses on the specific demands articulated by the Kurdish national movement and looks at Kurdish nationalism at a specific level by disaggregating the nationalist discourse showing variations over time and across different Kurdish nationalist organisations Situating contemporary Kurdish political identity and its political manifestations within a historical framework the author examines the historical and structural conditions that gave rise to it and influenced its evolution since the 1960s The analysis also encompasses an account of the organisational growth and evolution of the Kurdish national

movement including the political parties and groups that were active in the period Bringing the study of the organisational development and growth of the Kurdish National Movement in Turkey up to date this book will be an important reference for students and scholars of Middle Eastern politics social movements nationalism and conflict
