Overkill Eliot Borenstein,2011-05-02 Perestroika and the end of the Soviet Union transformed every aspect of life in Russia and as hope began to give way to pessimism popular culture came to reflect the anxiety and despair felt by more and more Russians Free from censorship for the first time in Russia s history the popular culture industry publishing film and television began to disseminate works that featured increasingly explicit images and descriptions of sex and violence In *Overkill* Eliot Borenstein explores this lurid and often disturbing cultural landscape in close imaginative readings of such works as *You re Just a Slut* *My Dear Ty* *prosto shliukha dorogaia* a novel about sexual slavery and illegal organ harvesting the

Nympho trilogy of books featuring a Chechen fighting sex addict and the Mad Dog and Antikiller series of books and films recounting respectively the exploits of the Russian Rambo and an assassin killing in the cause of justice Borenstein argues that the popular cultural products consumed in the post perestroika era were more than just diversions they allowed Russians to indulge their despair over economic woes and everyday threats At the same time they built a notion of nationalism or heroism that could be maintained even under the most miserable of social conditions when consumers felt most powerless For Borenstein the myriad depictions of deviance in pornographic and also detective fiction with their patently excessive and appalling details of social and moral decay represented the popular culture industry's response to the otherwise unimaginable scale of Russia's national collapse The full sense of collapse he writes required a panoptic view that only the media and culture industry were eager to provide amalgamating national collapse into one master narrative that would then be readily available to most individuals as a framework for understanding their own suffering and their own fears

Fantasies of Femininity Jane M. Ussher, 1997 In *Fantasies of Femininity* Jane Ussher focuses on unraveling the contradictory visions of feminine sexuality the fact that representations of the definition of woman seethe with sexuality yet for centuries women have been condemned for exploring their own sexual desires In her quest for the sources of feminine representation Ussher interviewed dozens of women as well as some men and combed popular media from *Seventeen* to *Cosmopolitan* and Dallas to Donahue to identify what shapes women's symbolic images of sex and femininity Ussher argues that women have effectively resisted and subverted these archetypal fantasies of femininity and in the process of so doing reframed the very boundaries of sex In this way she exposes as myth much of what we think we know about woman and about sex

Cybercrime and Digital Deviance Roderick S. Graham, Shawn K. Smith, 2024-04-30 *Cybercrime and Digital Deviance* Second Edition combines insights from sociology criminology psychology and cybersecurity to explore cybercrimes such as hacking identity theft and romance scams along with forms of digital deviance such as pornography addiction trolling and canceling people for perceived violations of norms Other issues are explored including cybercrime investigations nation state cybercrime the use of algorithms in policing cybervictimization and expanded discussion of the theories used to explain cybercrime Graham and Smith conceptualize the online space as a distinct environment for social interaction framing their work with assumptions informed by their respective work in urban sociology and spatial criminology and offering an engaging entry point for understanding what may

appear to be a technologically complex course of study The authors apply a modified version of a typology developed by David Wall cybertrespass cyberfraud cyberviolence and cyberpornography This typology is simple enough for students just beginning their inquiry into cybercrime while its use of legal categories of trespassing fraud violent crimes against persons and moral transgressions provides a solid foundation for deeper study In this edition each chapter includes a new Current Events and Critical Thinking section using concepts from the chapter to explore a specific event or topic like the effect of disinformation on social cohesion and politics Taken together Graham and Smith s application of a digital environment and Wall s cybercrime typology makes this an ideal upper level text for students in sociology and criminal justice It is also an ideal introductory text for students within the emerging disciplines of cybercrime and cybersecurity *Scarlett Johansson* Kim R. Holston, Warren Hope, 2021-06-24 Despite her prominence as an actress fashionista social activist and the sexiest woman in the world Scarlett Johansson has kept her life private Her work ethic has been strong since her film debut in North 1994 at age 10 Then in 2003 *Lost in Translation* brought kudos and launched her adult career While she never abandoned the independents Johansson became a leading lady in very big films including eight outings as former Russian assassin Black Widow thwarting alien incursions in *The Avengers* and other films in the Marvel Universe This book surveys Johansson s life and films from childhood to her 2019 Academy Award nominations for *Jojo Rabbit* and *Marriage Story* Each film entry includes a plot synopsis extracts from contemporary reviews behind the scenes information and the author s analysis of the film Looked at in depth are the three Woody Allen collaborations her role as Black Widow and the films in which she becomes the other *Your Single Treasure* Rick Stedman, 2000-04-01 In a society saturated with sensuality it is impossible not to be affected Studies show that many Christian singles are affected They need to hear a positive approach to sexuality not merely the word No Singles pastor Rick Stedman presents an honest forthright biblical approach that presents encouragement and hope for the struggling single He gives positive motivation that will promote strength and tenacity for a commitment to single celibacy *Ordinary Violence* Mary White Stewart, 2014-01-27 Addresses the many forms of global violence against women and shows how the psychology of individuals institutions and societies perpetuate the oppression of women In this eye opening study the author asserts that institutionalized definitions of masculinity and femininity along with the social and economic inequality among the sexes help perpetuate the daily and deadly violence against women all across the world This second edition of a classic work examines the latest discussions on gender relations including the current debate over whether prostitution and pornography should be deemed inherently violent and the role of western countries in the global response to violence against women *Holocaust Education and the Semiotics of Othering in Israeli Schoolbooks* Nurit Elhanan-Peled, 2023-09-11 The Zionist pedagogical narrative reproduced in schoolbooks views the migration of Jews to Israel as the felicitous conclusion of the journey from the Holocaust to the Resurrection It negates all forms of diasporic Jewish life and culture and ignores the history of Palestine during the 2000 year long Jewish exile This narrative otherizes three main

groups vis vis whom Israeliness is constituted Holocaust victims who are presented in a traumatizing manner as the stateless and therefore persecuted Jews we refuse but might become again if we lose control over Palestinian Arabs who constitute the second group of others Palestinians are racialized demonized and portrayed as our potential exterminators The third group of others comprises non European Mizrahi and Ethiopian Jews They are described as backward people who lack history or culture and must undergo constant acculturation to fit into Israel s Western society Thus a rhetoric of victimhood and power evolves and a nationalistic interpretation of the never again imperative is inculcated justifying the Occupation and oppression of Palestinians and the marginalization of non European Jews This rhetoric is conveyed multimodally through discourse genres and visual elements The present study which advocates a multidirectional memory proposes an alternative Hebrew Arabic multi voiced and poly centered curriculum that would relate the accounts of the people whom the pedagogic narrative seeks to conceal and exclude This joint curriculum will differ from the present one not only in content but also ideologically and semiotically Instead of traumatizing and urging vengeance it will encourage discussion and celebrate diversity and hybridity
