A Text-book of Mineralogy Edward Salisbury Dana, James Dwight Dana, 1877 *A Text-book of Mineralogy. With an Extended Treatise on Crystallography and Physical Mineralogy* James Dwight Dana, Edward Salisbury Dana, 2025-07-29 Reprint of the original first published in 1877 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Andy Warhol: Texts* Andy Warhol, 2004 **The Century Dictionary and Cyclopedia: The Century dictionary** William Dwight Whitney, Benjamin Eli Smith, 1897 *Self-Regulation and Human Progress* Evan Osborne, 2018-01-23 Most of us are familiar with free market competition the idea that society and the economy benefit when people are left to self regulate testing new ideas in pursuit of profit Less known is the fact that this theory arose after arguments for the scientific method and freedom of speech had gone mainstream and that all three share a common basis Proponents of self regulation in the realm of free speech have argued that unhindered public expression causes true ideas to gain strength through scrutiny Similarly scientific inquiry has been regarded as a self correcting system one in which competing hypotheses are verified by multiple independent researchers It was long thought that society was better left to organize itself through free markets as opposed to political institutions But over the twentieth century we became less confident in the notion of a self regulating socioeconomy Evan Osborne traces the rise and fall of this once popular concept He argues that as society becomes more complex self regulation becomes more efficient and can once again serve our economy well *Catalog of Copyright Entries* Library of Congress. Copyright Office, 1968 *The Social World of Deuteronomy* Don C Benjamin, 2017-04-27 The book of Deuteronomy is not an orphan It belongs to a diverse family of legal traditions and cultures in the world of the Bible The Social World of Deuteronomy A New Feminist Commentary brings these traditions and cultures to life and uses them to enrich our understanding and appreciation of Deuteronomy today Don C Benjamin uses social scientific criticism to reconstruct the social institutions where Deuteronomy developed as well as those that appear in its traditions He uses feminist criticism to better understand and appreciate how powerful elite males in Deuteronomy view not only the women daughters mothers wives and widows in their households but also their powerless children liminal people slaves prisoners outsiders livestock and nature Through the lens of feminist theory Benjamin explores important aspects of the daily lives of these often overlooked peoples in ancient Israel **Catalog of Copyright Entries, Third Series** , 1967 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc *Groundwork* David Young Kim, 2022-10-18 An illuminating look at a fundamental yet understudied aspect of Italian Renaissance painting The Italian Renaissance picture is renowned for its depiction of the human figure from the dramatic foreshortening of the body to create depth to the subtle

blending of tones and colors to achieve greater naturalism Yet these techniques rely on a powerful compositional element that often goes overlooked Groundwork provides the first in depth examination of the complex relationship between figure and ground in Renaissance painting Ground can refer to the preparation of a work s surface the fictive floor or plane or the background on which figuration occurs In laying the material foundation artists perform groundwork opening the ground as a zone that can precede penetrate or fracture the figure David Young Kim looks at the work of Gentile da Fabriano Giovanni Bellini Giovanni Battista Moroni and Caravaggio reconstructing each painter s methods to demonstrate the intricacies involved in laying ground layers whose translucency and polychromy permeate the surface He charts significant transitions from gold ground painting in the Trecento to the darkened grounds in Baroque tenebrism and offers close readings of period texts to shed new light on the significance of ground forms such as rock face wall and cave This beautifully illustrated book reconceives the Renaissance picture revealing the passion and mystery of groundwork and discovering figuration beyond the human figure
