Carmen E. Lamas

Rudo Ensayo A Description Of Sonora And Arizona In 1764:

Rudo Ensayo Juan Nentvig, 2017-06-30 Just as the Rudo Ensayo is more an historic document than a mere history so this new translation of it is more a documented interpretation than simply a new translation The translator editors bring their expert knowledge of the area the language and the history to every page of Nentvig s manuscript Pradeau and Rasmussen have clarified many of the ambiguities of earlier translations by Smith 1863 and Guiteras 1894 and have added substantial annotations to the author s accounts of fauna and flora native culture and Spanish outposts An incomparable record of a twelve year mission in 18th century Sonora the Rudo Ensayo as rendered in modern English is also a fascinating travelogue through an untamed land **Rudo Ensayo** Juan Nentvig, 1980-01-01 **Hispanic Arizona, 1536-1856** James E.

Officer, 2015-11-15 The history of the American West has usually been seen from the perspective of American expansion Drawing on previously unexplored primary sources James E Officer has now produced a major work that traces the Hispanic roots of southern Arizona and northern Sonora one which presents the Spanish and Mexican rather than Anglo point of view Officer records the Hispanic presence from the earliest efforts at colonization on Spain s northwestern frontier through the Spanish and Mexican years of rule thus providing a unique reference on Southwestern history The heart of the work centers on the early nineteenth century It explores subjects such as the constant threat posed by hostile Apaches government intrigue and revolution in Sonora and the provincias internas and patterns of land ownership in villages such as Tucson and Tubac Also covered are the origins of land grants in present day southern Arizona and the invasion of southern Arizona by American 49ers as seen from the Mexican point of view Officer traces kinship ties of several elite families who ruled the frontier province over many generations men and women whose descendants remain influential in Sonora and Arizona today

A Jesuit Missionary in Eighteenth-Century Sonora Raymond H. Thompson, Werner S. Zimmet, Dahlquist E.

Robert, 2014-04-01 In the very last year of the seventeenth century a ten year old boy in the city of Lucerne Switzerland announced to his parents that he wanted to become a Jesuit missionary and save souls in faraway lands Philipp Segesser got his wish when he was sent to northwestern Mexico in 1731 For the next thirty years he carried on an active correspondence with his family and religious affiliates His letters home translated and edited in this fascinating book provide a frank and intimate view of missionary life on the remote northwestern frontier of New Spain The editor s introduction sets the letters in biographical and historical context **The Latino Continuum and the Nineteenth-Century Americas** Carmen E.

Lamas, 2021-03-09 The Latino Continuum and the Nineteenth Century Americas argues that the process of recovering Latina o figures and writings in the nineteenth century does not merely create a bridge between the US and Latin American countries peoples and literatures as they are currently understood Instead it reveals their fundamentally interdependent natures politically socially historically and aesthetically thereby recognizing the degree of mutual imbrication of their peoples and literatures of the period Largely archived in Spanish it addresses concerns palpably felt within and integral to the US

and beyond English language works also find a place on this continuum and have real implications for the political and cultural life of hispanophone and anglophone communities in the US Moreover the central role of Latino o translations signal the global and the local nature of the continuum For the Latino Continuum embeds layered and complex political and literary contexts and overlooked histories situated as it is at the crossroads of both hemispheric and transatlantic currents of exchange often effaced by the logic of borders national cultural religious linguistic and temporal To recover this continuum of Latinidad which is neither confined to the US or Latin American nation states nor located primarily within them is to recover forgotten histories of the hemisphere and to find new ways of seeing the past as we have understood it The figures of the Felix Varela Miguel Teurbe Tol n Eusebio Guiteras Jos Mart and Mart n Mor a Delgado serve as points of departures for this reconceptualization of the intersection between American Latin American Cuban and Latinx studies

The Cambridge History of the Native Peoples of the Americas Bruce G. Trigger, Wilcomb E. Washburn, Richard E. W. Adams, Murdo J. MacLeod, Frank Salomon, Stuart B. Schwartz, 1996 Library holds volume 2 part 2 only

From Huhugam to Hohokam J. Brett Hill, 2018-12-19 In From Huhugam to Hohokam Heritage and Archaeology in the American Southwest J Brett Hill examines the history of O odham heritage as it was recorded at the beginning of European conquest A parallel history of scientific exploration is then traced forward to produce intricate models of the coming and going of ancient peoples Throughout this history Native accounts were routinely dismissed as an inferior kind of knowledge More recently though a revolutionary change has taken hold in archaeology as Native insights and premises are integrated into scientific thought Integration was once suspected of undermining basic principles of knowledge but J Brett Hill contends that it provides a deeper and more accurate sense of the connection between living and ancient people Hill combines three decades of experience in archaeology with a liberal arts perspective to produce something for readers at all levels in the fields of anthropology Native American studies history museum studies and other heritage disciplines

Apache Adaptation to Hispanic Rule Matthew Babcock, 2016-09-26 As a definitive study of the poorly understood Apaches de paz this book explains how war weary mutually suspicious Apaches and Spaniards negotiated an ambivalent compromise after 1786 that produced over four decades of uneasy peace across the region In response to drought and military pressure thousands of Apaches settled near Spanish presidios in a system of reservation like establecimientos or settlements stretching from Laredo to Tucson Far more significant than previously assumed the establecimientos constituted the earliest and most extensive set of military run reservations in the Americas and served as an important precedent for Indian reservations in the United States As a case study of indigenous adaptation to imperial power on colonial frontiers and borderlands this book reveals the importance of Apache Hispanic diplomacy in reducing cross cultural violence and the limits of indigenous acculturation and assimilation into empires and states

The Power of Song Kristin Mann, 2010-04-08 The Power of Song explores the music and dance of Franciscan and Jesuit mission communities throughout the entire northern frontier of New

Spain Its purpose is to examine the roles music played in teaching evangelization celebration and the formation of group identities There is no other work which looks comprehensively at the music of this region and time period or which utilizes music as a way to study the cultural interactions between Indians and missionaries

Inland Fishes of the Greater Southwest W. L. Minckley, Paul C. Marsh, 2009 This comprehensive new book replaces and substantially expands upon the landmark Fishes of Arizona which has been the authoritative source since it was first published in 1973 Inland Fishes of the Greater Southwest is a one volume guide to native and non native fishes of the lower Colorado River basin downstream from the Grand Canyon and of the northern tributaries of the Sea of Cortez in the United States and Mexico In all there are in depth accounts of more than 165 species representing 30 families The book is not limited to the fish It provides insights into their aquatic world with information on topography drainage relations climate geology vegetational history aquatic habitats human made water systems and conservation A section of the book is devoted to fish identification with keys to native and non native families as well as family keys to species The book is illustrated with more than 120 black and white illustrations 47 full color plates of native fishes and nearly 40 maps and figures Many native fish species are unique to the Southwest They possess interesting and unusual adaptations to the challenges of the region able to survive silt laden floods as well as extreme water temperatures and highly fluctuating water flows ranging from very low levels to flash floods However in spite of being well adapted many of the fish described here are threatened or endangered often due to the acts of humans who have altered the natural habitat For that reason Inland Fishes of the Greater Southwest presents a vast amount of information about the ecological relationships between the fishes it describes and their environments paying particular attention to the ways in which human interactions have modified aquatic ecosystems and to how humans might work to ensure the survival of rapidly disappearing native species

First Impressions David J. Weber, William DeBuys, 2017-08-22 This unique guide for literate travelers in the American Southwest tells the story of fifteen iconic sites across Arizona New Mexico southern Utah and southern Colorado through the eyes of the explorers missionaries and travelers who were the first non natives to describe them Noted borderlands historians David J Weber and William deBuys lead readers through centuries of political cultural and ecological change The sites visited in this volume range from popular destinations within the National Park System including Carlsbad Caverns the Grand Canyon and Mesa Verde to the Spanish colonial towns of Santa Fe and Taos and the living Indian communities of Acoma Zuni and Taos Lovers of the Southwest residents and visitors alike will delight in the authors skillful evocation of the region s sweeping landscapes its rich Hispanic and Indian heritage and the sense of discovery that so enchanted its early explorers

The Missions of Northern Sonora Buford L. Pickens, 2022-04-05 The Spanish missions founded by Padre Eusebio Kino in Sonora Mexico during the 1690s and early 1700s are historical as well as architectural marvels Once self supporting villages with central churches the missions stand today as monuments to perseverance in the face of a hostile New World These Kino Missions were surveyed in 1935 by the

National Park Service to prepare for the restoration of the mission at Tumacacori Arizona then a National Historic Monument That report which was never published provided insights into the missions history and architecture that remain of lasting relevance Perhaps more important it documented these structures in photographs and drawings the latter including floor plans and sketches of architectural detail that today are of historic as well as aesthetic interest This volume reproduces that 1935 report in its entirety focusing on sixteen missions and including two maps 52 drawings and 76 photographs With a new introduction and appendixes that place the original study in context *The Missions of Northern Sonora* is an invaluable reference for scholars and mission visitors alike

The Archaeology Of West And Northwest Mesoamerica Michael S Foster, Phil C Weigand, Leticia Gonzalez, Eric W Ritter, 2019-09-06 Based on recent archaeological surveys and excavations the chapters in this volume provide current comprehensive area by area summaries of the region s Precolumbian past Research in the last two decades has indicated that the evolution and adaptations of the indigenous cultures of the region parallel those found elsewhere in Mesoamerica from the simple Formative groups to the complex states of the North The topics discussed in the book areal and cultural syntheses and specific problems such as chronology social organization and economic systems present much new information crucial to the understanding of cultural variations in Mesoamerica

The Jesuit Missions of Northern Mexico Charles W. Polzer, 1991

Doña Tules Mary J. Straw Cook, 2021-03-15 Cook takes a new look at this notorious woman of 1840s Santa Fe

The Intimate Frontier Ignacio Martínez, 2019-10-22 For millennia friendships have framed the most intimate and public contours of our everyday lives In this book Ignacio Martínez tells the multilayered story of how the ideals logic rhetoric and emotions of friendship helped structure an early yet remarkably nuanced fragile and sporadic form of civil society *societas civilis* at the furthest edges of the Spanish Empire Spaniards living in the isolated borderlands region of colonial Sonora were keen to develop an ideologically relevant and socially acceptable form of friendship with Indigenous people that could act as a functional substitute for civil law and governance thereby regulating Native behavior But as frontier society grew in complexity and sophistication Indigenous and mixed raced people also used the language of friendship and the performance of emotion for their respective purposes in the process becoming skilled negotiators to meet their own best interests In northern New Spain friendships were sincere and authentic when they had to be and cunningly malleable when the circumstances demanded it The tenuous origins of civil society thus developed within this highly contentious social laboratory in which friendships authentic and feigned set the social and ideological parameters for conflict and cooperation Far from the coffee houses of Restoration London or the lecture halls of the Republic of Letters the civil society illuminated by Martínez stumbled forward amid the ambiguities and contradictions of colonialism and the obstacles posed by the isolation and violence of the Sonoran Desert

Franciscan Frontiersmen Robert A. Kittle, 2017-05-18 Pious and scholarly the Franciscan friars Pedro Font Juan Cresp and Francisco Garcés may at first seem improbable heroes Beginning in Spain their adventures encompassed the remote Sierra Gorda highlands of Mexico the

deserts of the American Southwest and coastal California Each man s journey played an important role in Spain s eighteenth century conquest of the Pacific coast but today their names and deeds are little known Drawing on the diaries and correspondence of Font Cresp and Garc s as well as his own exhaustive field research Robert A Kittle has woven a seamless narrative detailing the friars striking accomplishments Starting with a harrowing transatlantic voyage all three traveled through uncharted lands and found themselves beset by raiding Indians marauding bears starvation and scurvy Along the way they made invaluable notes on indigenous peoples flora and fauna and prominent eighteenth century European colonial figures Font the least celebrated of the three recorded the daily events of the 1775-76 colonizing expedition of Juan Bautista de Anza while serving as its chaplain Font s legacy includes some of the earliest accurate maps of California between San Diego Bay and San Francisco Bay Garc s an itinerant missionary developed close relationships with Indians in Sonora and California He learned their languages and lived and traveled with them usually as the only white man and brokered dozens of peace agreements before he was killed in a Yuma uprising Cresp who traveled up the California coast with Father Jun pero Serra kept meticulous journals of an expedition to reconnoiter the San Francisco Bay area the Sacramento and San Joaquin Rivers and the northern reaches of California s central valley This enthralling narrative elevates these Spanish friars to their rightful place in the chronicle of American exploration It brings their exploits out of the shadow of the American Revolution and Lewis Clark expedition while also illuminating encounters between European explorers and missionaries and the American Indians who had occupied the Pacific coast for millennia

Bárbaros David J. Weber, 2008-10-01 Two centuries after Cort s and Pizarro seized the Aztec and Inca empires Spain s conquest of America remained unfinished Indians retained control over most of the lands in Spain s American empire Mounted on horseback savvy about European ways and often possessing firearms independent Indians continued to find new ways to resist subjugation by Spanish soldiers and conversion by Spanish missionaries In this panoramic study David J Weber explains how late eighteenth-century Spanish administrators tried to fashion a more enlightened policy toward the people they called *bárbaros* or savages Even Spain s most powerful monarchs failed however to enforce a consistent well reasoned policy toward Indians At one extreme powerful independent Indians forced Spaniards to seek peace acknowledge autonomous tribal governments and recognize the existence of tribal lands fulfilling the Crown s oft stated wish to use gentle means in dealing with Indians At the other extreme the Crown abandoned its principles authorizing bloody wars on Indians when Spanish officers believed they could defeat them Power says Weber more than the power of ideas determined how Spaniards treated savages in the Age of Enlightenment

Water in the Hispanic Southwest Michael C. Meyer, 2016-12-15 When Spanish conquistadores marched north from Mexico s interior they encountered one harsh reality that eclipsed all others the importance of water in an arid land Covering a time when legal precedents were being set for many water rights laws this study contributes much to an understanding of the modern Southwest especially disputes involving Indian water rights The paperback edition includes a new afterword by the author

which discusses the results of recent research The Opal Desert Peter Wild, 2010-07-22 The opalescent deserts of the American Southwest have become romantic icons in the public imagination through the words of writers the images of artists and photographers and the visual storytelling of filmmakers In this spirited personal beautifully written book Peter Wild explores the lives and works of sixteen writers whose words have shaped our visions of the opal desert Wild begins with Cabeza de Vaca whose Relaci n of his desert wanderings sent treasure hungry Spaniards searching for cities of gold He goes on to discuss the works of both widely read and lesser known nineteenth and twentieth century authors including such luminaries as Mary Austin Joseph Wood Krutch Edward Abbey Ann Zwinger and Charles Bowden He links all the writers as explorers of one kind or another searching for tangible or intangible treasures some finding and some losing their dreams in the opal desert

Whispering the Techniques of Language: An Psychological Journey through **Rudo Ensayo A Description Of Sonora And Arizona In 1764**

In a digitally-driven earth wherever monitors reign supreme and instant conversation drowns out the subtleties of language, the profound secrets and mental subtleties concealed within words often go unheard. Yet, situated within the pages of **Rudo Ensayo A Description Of Sonora And Arizona In 1764** a captivating fictional treasure pulsing with organic feelings, lies an exceptional quest waiting to be undertaken. Composed by a skilled wordsmith, this marvelous opus invites viewers on an introspective journey, delicately unraveling the veiled truths and profound impact resonating within ab muscles cloth of each word. Within the psychological depths with this emotional review, we shall embark upon a honest exploration of the book is primary subjects, dissect its fascinating publishing fashion, and succumb to the strong resonance it evokes deep within the recesses of readers hearts.
