## **Rudolf Steiner An Autobiography Major Writings Of Rudolf Steiner:**

**An Autobiography** Rudolf Steiner, Rita Stebbing, 1977-01-01      **Rudolf Steiner** Johannes Hemleben, 2013-05-01 Rudolf Steiner's legacy is remarkable. Around the world, thousands of initiatives have been built up around his inspiration and thought, including Steiner Waldorf schools, special education establishments, medical clinics, biodynamic farms, cultural centres, and much more. At the core of this outer work stands the scientific and spiritual path which Steiner called anthroposophy, a philosophy and method which he expounded and developed throughout his life. Hemleben's concise yet informative biography throws a clear light on Steiner's life and his numerous struggles and achievements. Beginning with Steiner's childhood, Hemleben guides us through his youthful years as a respected Goethean scholar and philosopher in Weimar, his work in the Theosophical Society, and the later establishing of the Anthroposophical Society, the development of anthroposophy as a spiritual science, the creation of spiritual initiatives in art, the social sciences, education, medicine, agriculture, religion, and architecture, the important Christmas Foundation Conference, and his eventual death in 1925. Hemleben's biography, seen by many as the finest account of Steiner's life and work, includes a chronology, personal tributes, an extensive section for further reading, as well as an index. It is also profusely illustrated with 69 pictures and photographs.

*Rudolf Steiner, Life and Work (vol. 7)* Peter Selg, 2019-03 In this final volume of his comprehensive biography of Rudolf Steiner, Peter Selg describes Steiner's final months on Earth. Although his health was beginning to decline, 1924 might have been his most productive and fruitful year. It saw a new beginning for the Anthroposophical Society and the beginning of the Esoteric School and the School for Spiritual Science. The year began with the Christmas Conference during which the Anthroposophical Society was reborn. That year also witnessed Rudolf Steiner's Karmic Relationships lectures, as well as the serialized *Leading Thoughts* summarized Anthroposophy in a series of aphoristic guidelines for meditation, supplemented by essays on the Michaelic nature of Anthroposophy. Also serialized in the *Goetheanum* newsletter were autobiographical chapters in Rudolf Steiner's life up to 1907. He also defined his important spiritual relationships with Ita Wegman, Marie Steiner, and Lili Kolisko, as well as their significant connection to the Society and his spiritual legacy. New initiatives were also planted in the world during this time, including anthroposophically extended medicine and biodynamic agriculture. From his sickbed in the *Goetheanum* carpentry shop, Steiner also formed plans and a model for the new *Goetheanum* in Dornach, Switzerland. Also included in this volume is a lecture by Rudolf Steiner on June 4, 1924, *The Festival of Pentecost*. Book jacket.

*Autobiography* Rudolf Steiner, Rita Stebbing, 2005-08-31 Because I entered this world with defined soul predispositions and because the course of my life as expressed in my biography is determined by those predispositions as a spiritual human being, I must have existed before my birth. As a being of spirit, I must be the repetition of someone through whose biography mine can be explained. In each life, the human spirit appears as a repetition of itself with the fruits of experiences during previous lives. Rudolf Steiner. Rudolf Steiner seldom spoke of himself in a personal way, but in his *Autobiography* we are

offered a rare glimpse into some of the most intimate aspects of his inner life his personal relationships and significant events that helped to shape the philosopher seer and teacher he became This edition restores the original format of seventy chapters just as they were written for the Goetheanum weekly newsletter This autobiography is not merely a narrative of Rudolf Steiner's successes and failures but the story of a soul possessed of a precise probing scientific mind and a natural clairvoyant ability to see into the spiritual world Although naturally clairvoyant Steiner always recognized the integrity and importance of modern scientific methods and thus he developed a modern discipline he named Anthroposophy or spiritual science During the century that followed the events recorded in this autobiography Rudolf Steiner's insights have touched and enriched numerous areas of life in ways that continue to transform people's lives in the twenty first century This illustrated revised updated and expanded edition was the first volume to be released in The Collected Works of Rudolf Steiner This series will eventually collect all of the English translations of Rudolf Steiner's works including many never before in English into an attractive and uniform set of his written and spoken words

Meyer, 2015-10-26 Why was the act of arson that destroyed the first Goetheanum so devastatingly successful in its malicious intent What was the nature of the poisoning that Rudolf Steiner suffered in 1923 What was the significance of Steiner's encounter with an unknown Master in 1879 and his later meeting with Friedrich Nietzsche on his sickbed Rather than presenting an accumulation of data Meyer takes a symptomatological approach to the evolution of Rudolf Steiner's thinking pinpointing specific moments in his biography whilst making numerous links to contemporary issues Seemingly unimportant details are significant such as Steiner's boyhood habit of smashing dishes or the droplet of water that adorned Steiner's forehead at his funeral The often overlooked language of such images is evaluated within the scope and grandeur of Rudolf Steiner's life's work An incisive theme running through Milestones is the dual nature of time involution and evolution and how it affects the Anthroposophical Society and movement Following Steiner's death a one-sided involution process has been evident in the overemphasis on the Christmas Foundation Meeting as well as Steiner's supposedly indissoluble connection with the Society This is coupled with distorted evolution processes as seen in the urge to enter the public domain by jettisoning anthroposophy altogether Such disharmonies can only be healed says Meyer by seeing the reality This book serves as an essential guide to understanding the task of anthroposophy in the modern world Esoteric Lessons for the First Class of the School of Spiritual Science at the Goetheanum Rudolf Steiner, 2020-11-04 During the refounding of the Anthroposophical Society as the General Anthroposophical Society at Christmas 1923/24 Rudolf Steiner also reconstituted as the School of Spiritual Science the Esoteric School he had led in three classes from 1904 to 1914 at the same time extending its scope by adding artistic and scientific Sections However owing to his illness and later death in March 1925 he was only able to make a beginning by establishing the First Class and the Sections The actual step from the Esoteric School to the School of Spiritual Science was nevertheless an exceptional one The Esoteric School from Helena Blavatsky's time had been secret Its existence was known only to those personally invited to participate In contrast the existence of the School of Spiritual Science was stated openly in the public statutes of the General Anthroposophical Society From the Christmas Conference onwards Rudolf Steiner worked within this publicly acknowledged framework The Class Lessons comprise a complete spiritual course of nineteen fundamental lessons given between February and August 1924 several lessons given at other locations and seven further lessons from September 1924 which take up the themes of the first part of the nineteen lessons in a modified form This authentic accurate and high quality bilingual edition with English and German texts printed side by side is published in conjunction with the School of Spiritual Science at the Goetheanum A compact four volume clothbound set it features plates with Rudolf Steiner's handwritten notes of the mantras and reproductions of his original colour blackboard drawings The translations of the mantric verses have been reworked by a committed group of translators linguists and editors expressing

subtleties of meaning grammatical accuracy and poetic style whilst retaining the original sound and metre of the German mantric forms Three versions of the existing English translations are also included **From the Course of My Life** Rudolf Steiner, 2013 Your favorite occupation Pondering and musing Your idea of happiness Pondering and musing Your most extreme aversion Pedantry and a sense of order Of what are you afraid Punctuality These quotations are from a questionnaire filled in by a young man in his late twenties That person Rudolf Steiner would later initiate Spiritual Science or Anthroposophy and the many practical disciplines that arose from it Eventually he would write his Autobiography Chapters in the Course of My Life although its completion would be interrupted by his unexpected death This book is an essential complement to Steiner's unfinished Autobiography It gathers a wealth of personal testimonies including lectures r sum s notebook entries a questionnaire as well as biographical notes written for douard Schur much of which has not been previously published in English The various materials together with rare photographs have been expertly collated and introduced by Walter Kugler See also the comprehensive biography by Christoph Lindenberg Rudolf Steiner A Biography

**Rudolf Steiner** Colin Wilson, 2019-02-21 Of all the important thinkers of the twentieth century Rudolf Steiner 1861 1925 is perhaps the most difficult to come to grips with For the unprepared reader his work presents a series of formidable obstacles from the dauntingly abstract style to the often bizarre pronouncements on the nature of man and his cosmic destiny And yet Steiner was perhaps the most influential and charismatic occult philosopher of his generation and the movement he launched Anthroposophy with its educational agricultural and artistic applications still has many thousands of followers worldwide No one interested in esoteric thought can ignore Steiner but until now there has been no genuinely accessible introduction to his ideas This lucid and sympathetic account describes Steiner's development from shy scholar to the international figurehead of Anthroposophy his break with Madam Blavatsky's Theosophy his struggles to find a voice and the essence of his insights into the supersensible world      **Library of Congress Catalogs** Library of Congress, 1978      **Rudolf Steiner, Life and Work** Peter Selg, 2014-08-26 To acknowledge and understand Rudolf Steiner's unique achievement and life's work one must be able to accept that the founder and spiritual researcher of Anthroposophy was a citizen of two worlds the spiritual and the physical Anthroposophy teaches that this duality rather than being a quality reserved for special individualities is inherent to human nature According to Rudolf Steiner it is a central aspect of being human even in times when the suprasensory aspect of humanity is eclipsed for ordinary day consciousness and almost eliminated by certain civilizations The interest in Rudolf Steiner's person and essence in his attitude toward life and work will continue to grow in the decades and centuries that lie ahead both within and outside the anthroposophical movement It will take hold of entirely different groups of people including those who come with spiritual questions or discover them in times of need Rudolf Steiner's work grew to be one unique effort of bringing courage to human beings Michael Bauer This is the first of seven comprehensive volumes on Rudolf Steiner's being intentions and journey It presents Rudolf Steiner from childhood and youth through his doctorate degree and up to the time of his work for the Goethe Archives as editor of Goethe's scientific writings By considering his formative years in depth we come to understand better the roots and development of Rudolf Steiner's

later spiritual research and teachings This volume is a translation from German of the first three chapters of Rudolf Steiner 1861 1925 *Lebens und Werkgeschichte Band 1* 1861 1914 Ita Wegman Institut 2012 **Stop Parenting** Bindu Chowdary, 2022-12-03 This book emphasizes that the parents have an attitude of a gardener during the upbringing of their child It is about understanding the human being as given by Rudolf Steiner For parents to be relaxed while they help in the journey of their children's lives it is necessary to know their child's inner needs and contribute to their child's upbringing in such a way that they grow up to be a balanced adult This book explains the nature of the human being three fold four fold the developmental stages the temperaments and the twelve senses and puts forth some suggestions as food for thought for the parents to take along in the journey of their child's life on this earth *Rudolf Steiner, Fragment of a Spiritual Biography* Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff's life's work was a fundamental research theme to which he returned to repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982 inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages of this great all encompassing life His intention was to find not only the outer connections in this sequence but also the deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to write the first chapter about Rudolf Steiner's incarnation as Enkidu in Sumer Sadly many obstacles in his path were to prevent him finalising the project However the author returned to the book in his final months preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner's evolutionary journey This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner's connection with the being of Jesus of Nazareth and an exploration of Steiner's relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples The New Essential Steiner Rudolf Steiner, Robert A. McDermott, 2009-10 12 lectures Hamburg May 5 31 1908 CW 103 During Pentecost 1908 seven years after he had given the world his book *Christianity As Mystical Fact* and the first intimation of the consequences of his Christ experience Rudolf Steiner began his great work of renewing humanity's understanding of the Mystery of Golgotha and its meaning for human and earthly evolution Accordingly he turned to the deepest most spiritual of the Gospels that of the initiate St John In this lecture course readers will find that the incarnation death and resurrection of the Divine Word or Logos reveals the mission of the Earth Love We learn of the mysteries behind Lazarus resurrection the I AM sayings and the seven degrees of initiation We come to understand that the Gospel of St John is a continuing spiritual presence to be recalled

meditated and permeated with one's own life. In doing so we realized that our purpose and that of all humankind is to become the Virgin Sophia, a receptacle for the Holy Spirit. All of Steiner's work, as Marie Steiner writes in her introduction, was to pave the way to Christ. Indeed, at the conclusion of these lectures, Rudolf Steiner said, "It will come to be understood that Christianity is only beginning its influence and will fulfill its real mission only when it is understood in its true spiritual form. The more these lectures are understood in this sense, the better they will be understood as they were intended. This volume is essential if one is to truly understand Rudolf Steiner's understanding of esoteric Christianity and its place in the world today and in the future. This volume is a translation of *Das Johannes Evangelium* GA 103."
