Stolen Time Shane Vogel, 2018-09-07 In 1956 Harry Belafonte's Calypso became the first LP to sell more than a million copies For a few fleeting months calypso music was the top selling genre in the US it even threatened to supplant rock and roll Stolen Time provides a vivid cultural history of this moment and outlines a new framework black fad performance for understanding race performance and mass culture in the twentieth century United States Vogel situates the calypso craze within a cycle of cultural appropriation including the ragtime craze of 1890s and the Negro vogue of the 1920s that encapsulates the culture of the Jim Crow era He follows the fad as it moves defiantly away from any attempt at authenticity and shamelessly embraces calypso kitsch Although white calypso performers were indeed complicit in a kind of imperialist theft of Trinidadian music and dance Vogel argues black calypso craze performers enacted a different and subtly subversive kind of theft They appropriated not Caribbean culture itself but the US version of it and in so doing they mocked American notions of racial authenticity From musical recordings nightclub acts and television broadcasts to Broadway musicals film and modern dance he shows how performers seized the ephemeral opportunities of the fad to comment on black cultural history and even question the meaning of race itself

Soldier* Wallace J. Gordon, 2003-02-01 Over 11 200 000 men and women served in the United States Army during World War II An estimated 5 200 000 of those men and women were in actual combat of one form or another And over 880 000 of them became casualties The other 6 000 000 or so were in the same Army At the same time In the same war Like those in combat we lost girls lost friends and lost 3 or 4 years of our life We trained just as hard Got just as homesick Worried and ached and grumbled just as much We were radar operators and cryptography specialists and MP's Medics and buglers and mechanics Truck drivers and cooks and clerks and everything else But there was one big difference we were the lucky ones The ones that didn't get shot at It was still the same war but the shooting was aimed at somebody else Yes we were the lucky ones And a lot of us still feel guilty about it

Journey of an Ordinary Man Gerard E. Smith, 2000-04 Honed by poverty harsh weather and the bitterness of British rule Ireland's children left their native land by the tens of thousands at the turn of the century This is the story of the Finns the McCanns and the Kellys three families who battle their way from the New York City ghetto to the respectability of Astoria Long Island As their prosperity grows so too does a fierce love for the country that took them in and gave them opportunity to be free of the degradation of poverty When that country calls during World War II they answer with enthusiasm and learn to love fear live and die far from the land they have grown to love
