Rumors Jean-Noel Kapferer, 2017-07-12 Rumors may be the oldest medium of mass communication of information or ideas Even before there

were newspapers radio or television rumors communicated by word of mouth made and shattered reputations and set off riots and wars Yet contrary to predictions rumors continue to thrive in spite of and parallel to mass media What accounts for the puzzling persistence and continuing significance of this little studied social phenomenon Jean No el Kapferer examines the theory and practice of rumors focusing on specific areas such as entertainment criminal behavior business and finance and politics He describes the kinds of conditions that give birth to rumors why we believe them and the hidden messages they convey Kapferer points out that rumors frequently serve useful social purposes and present rich examples He speculates about how rumors can be controlled changed and prevented Drawing upon contributions of disciplines ranging from psychology to history and integrating the insights of Europeans with the latest work of American researchers this is the most comprehensive examination of rumors gossip and urban legends yet published Translated into nine languages this edition was updated with advances in theory and research since the book s original French publication in 1987 Its brisk accessible style makes the book of interest to psychologists economists political scientists sociologists and folklore analysts as well as the general reader who is curious about the origins of this fascinating social phenomenon *Bulletin of the American Institute of Mining Engineers* ,1912 Transactions of the American Institute of Mining, Metallurgical and Petroleum Engineers American Institute of Mining, Metallurgical, and Petroleum Engineers,American Institute of Mining Engineers,1913 Some vols 1920 1949 contain collections of papers according to subject **Transactions of the American Institute of Mining Engineers** American Institute of Mining Engineers,1913 **Bi-monthly Bulletin of the American Institute of Mining Engineers** ,1912 **Bean-bag** ,1918 **The Bean-bag and Pea Journal** ,1918 The Veranda - To Hide in Plain Sight Scott C. Anderson,2013-04-21 Written for all ages A desperate alien people known as the Florek have found a world that allows them the ability to rest and recuperate A young man and his mother a physician a scientist and a government official will assist these diminutive aliens in their search for a medical cure Deciding to assist with a hospital resort off the coast of Santa Barbara these earth humans will assist the Florek in their ability to use our conditioned atmosphere to their benefit The cooperation between the two races will give us the humans of earth a powerful ally to ward off an invasion by a warring offworld race Research will lead to discoveries of our distant past while our personal touch will give an offworld people the ability to live a better life A young man will make the most difficult decision of his career while his mentor a distinguished scientist will accompany him on this journey of a lifetime *The Age of Discontent* Ralph Brauer,2025-04-01 This revisionist view of late nineteenth century history credits Main Street not Wall Street with laying the foundations of modern America In American history the prevailing narratives of the tumultuous late nineteenth century focus on wealthy individuals and tycoons while downplaying the very high social and economic stresses they caused The Age of Discontent reveals that it was not the tycoons but rather the laborers and farmers who in a great uprising of popular democracy reinvented the nation for the emerging industrial world never imagined by the Founders Facing conditions far

worse than previously documented they overcame the frayed social safety net and violent opposition to pull off what the labor leader John Mitchell has described as the Second Emancipation which addressed a dangerously tilted playing field with government programs and legislation Based on meticulous primary source research and integrating music photographs artworks and statistical data this sweeping history places grassroots activists and reformers many recognized for the first time at center stage in a fascinating success story of perseverance and commitment *Littell's Living Age* ,1861 *The Living Age* ,1918 **Darkness Fears** Joseph Armstead,2002-01-01 An exciting tale of dark intrigue and suspense DARKNESS FEARS is a fast moving thrill ride into a thought provoking world of specters and vampires quite unlike anything you ve seen before Be prepared for the unusual as unforgettable characters take you deep into a world of monsters and danger *Bradstreet's* ,1911 **The Pacific Reporter** ,1911 **Bradstreet's Weekly** ,1911 **Environmental Risk Communication in China** Jia Dai,Fanxu Zeng,2021-11-29 The role of media is becoming increasingly important as globalization has developed Given fast social transformation and technological development in China the consequent environmental and health risks demand citizens integrate the communication and prevention of such risks as a significant part of their daily life This book systematically discusses the communication process of typical environmental risk issues and the complex interaction among multiple actors including the public media experts non governmental organizations and government in contemporary China From a media centered perspective it applies major theories in the field of environmental and risk communication and uses a variety of empirical research methods to unravel the complicated and unique experience of communication and governance Combining theoretical reflections with real life examples of Chinese scenarios the authors not only encourage a dialogue between Western and Chinese academia but also inspire students and practitioners to apply risk communication theories to solving real life problems The book will appeal to students scholars and practitioners of risk and environmental communication studies The Berean ,1855
