had owned dogs and cats in my childhood but never thought about making it a career When I was thinking about college I realized that becoming a vet technician was a viable option When my uncle retired and sold his practice I worked with the new vet as a tech for a few years We found ourselves with frequent requests to board animals for the short term Usually these requests came from pet owners who were our usual vet clients going out of town for a few days at a time We took these dogs and cats in for mostly weekends and holidays I realized that in my area the need for quality pet boarding was essential I started my own pet boarding business out of an old daycare building The daycare had been closed down for a while but it had easily convertible facilities for pet boarding The building had a nearly commercial sized kitchen and 4 different classrooms each with its own attached bathroom It also had a large fenced in yard which used to have playground equipment and big indoor community space presumably for assemblies or indoor playtime A building originally built to house children during the day was easily converted to a building intended to house cats and dogs My pet boarding business was born on a shoestring budget In this book I will show you how to start your own pet hotel from the ground up This book comes from my personal experiences combined with research that I conducted while starting out years ago I will show you everything I learned about how to start a dog or cat boarding kennel business or doggy daycare so that you can start your business on the right foot You will learn What a Typical Day at a Pet Boarding Hotel is Like What Potential Profit this Business Can Bring Why Choosing the Right Location is Important What You Can Expect Your Initial Investment to Be Deciding if This is Right for You What Skills Experience and Knowledge is Needed What to Consider Before Starting How to Spot Industry Trends Crafting a Business Plan Advice for Naming Your Business Consider the Owner s Name Advice for Finding Financing Advice on How to Form a Legal Entity What Permits and Licenses You Will Need Insurance Concerns Construction Concerns for New Builds or Remodels How to Determine Costs and Pricing Advice for Amenities to Offer Designs for Cat Boarding Helpful Software for Client and Pet Management Marketing Your Business Building an Online Presence How to Use Your Website for Marketing How to Use Facebook for Marketing How to Use Retention Marketing to Keep Clients Daily Operational Considerations Hiring Your First Employee Retaining Good Employees Effective Daily Management Techniques You will learn about all this and more Be sure to add this title to your cart by clicking **BUY NOW**
