Rural Solution Modern Catholic Voices On Going Back To The Land:

The Rural Solution Richard Williamson, Peter Chojnowski, Christopher McCann, Walter John Marx, Willis D. Nutting, 2003
Is a return to the land utopian folly or outdated futility Or is it rather the sine qua non for a Catholic Renaissance in every aspect of our temporal intellectual cultural and religious lives The writings in this book are unanimous in declaring that the return to the land is the Catholic solution one that is desirable practical and urgently needed It is neither nostalgia nor daydreaming but rather the necessary foundation for a society based on the life of Nazareth and nourished by the sacrifice of Calvary Back Cover *Re-Reading Pareto on Elite Power and Societal Bipolarisation* Alasdair J. Marshall, 2025-08-22
Assessing Vilfredo Pareto's sociological reworkings of Machiavelli's Fox and Lion animal spirits as friend enemy codings this book offers a unique insight into the growing division today between relatively liberal elites and relatively conservative non elites *Re-Reading Pareto on Elite Power and Societal Bipolarisation* utilises key ideas common to Pareto's elite theory general sociology and theory of demagogic plutocracy and fleshes out a unique perspective for making sense of contemporary societal bipolarisation in terms of friend enemy codings The first part of the book explores what Pareto's core ideas are and outlines why they matter today The second part considers how we might elaborate and apply Pareto's concept of open elites to reverse contemporary societal bipolarisation and build safer and more mature democracies The third part explains how we can apply Pareto to predict further deterioration towards fundamental social conflict such that Pareto's sociological imagination becomes risk imagination we desperately need today For academics and students across the domains of sociology political science and social science in general the book warns of widespread elite institutional bias in their research and points to Pareto's neutral and balanced approach as a corrective offering a uniquely Paretian view of minimal criteria for democracy as well as a uniquely balanced analytical perspective for making sense of our culture war **God, Grace, and Creation** Philip J.
