But there is another and still more serious legend which should be destroyed by this publication. It is Nietzsche's reputed responsibility for the World War. We all remember that he together with some minor authors was accused of being the poisoner of the modern German mind whose former idealism and romanticism Nietzsche was said to have entirely perverted and led into unwholesome materialistic channels. Now it will be seen from these letters that there was no more outspoken critic of the German Empire and its crude and superficial Kultur than Friedrich Nietzsche. Throughout his whole life this lonely man fought against his Fatherland and for

true enlightenment for harmony between body and soul between peoples and races between authorities and subjects It will be a revelation to many who are still under the influence Of the singular misunderstanding current runs throughout the whole of Nietzsche's correspondence At the height of Germany's victory in 1870 Nietzsche wrote from Bale nov 7 1870 As regards the conditions of culture in the immediate future I feel the deepest misgivings If only we are not forced to pay too dearly for this huge national success in a quarter where I at least refuse to suffer any loss Between ourselves I regard the Prussia of today as a power full of the greatest danger for culture Nietzsche never wavered in his deep distrust and his fierce denial of Imperial Germany when near the end Of his spiritual life we still find him writing from Nice under date of February 24 1887 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

University of Glasgow *The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers* Robinson Jeffers, Una Jeffers, 2009 v 1 1890 1930 2009 **Nietzsche's Zarathustra** C. G. Jung, 2014-12-18 As a young man growing up near Basel Jung was fascinated and disturbed by tales of Nietzsche's brilliance eccentricity and eventual decline into permanent psychosis These volumes the transcript of a previously unpublished private seminar reveal the fruits of his initial curiosity Nietzsche's works which he read as a student at the University of Basel had moved him profoundly and had a life long influence on his thought During the sessions the mature Jung spoke informally to members of his inner circle about a thinker whose works had not only overwhelmed him with the depth of their understanding of human nature but also provided the philosophical sources of many of his own psychological and metapsychological ideas Above all he demonstrated how the remarkable book *Thus Spoke Zarathustra* illustrates both Nietzsche's genius and his neurotic and prepsychotic tendencies Since there was at that time no thought of the seminar notes being published Jung felt free to joke to lash out at people and events that irritated or angered him and to comment unreservedly on political economic and other public concerns of the time This seminar and others including the one recorded in *Dream Analysis* were given in English in Zurich during the 1920s and 1930s **EPZ Nietzsche and the Vicious Circle** Pierre Klossowski, 2005-06-05 The greatest book of philosophy I have ever read on a par with Nietzsche himself Michel Foucault Pierre Klossowski 1905 is the author of numerous philosophical works as well as several novels He published many translations of German poets and philosophers including Nietzsche himself Recognised as a masterpiece of Nietzsche scholarship *Nietzsche and the Vicious Circle* emphasises and explores the notion of Eternal Return central to an understanding of Nietzsche's self denial self refutation and self consumption Translated by Daniel W Smith **Nietzsche and Jewish Culture** Jacob Golomb, 2002-01-04 Friedrich Nietzsche occupies a contradictory position in the history of ideas he came up with the concept of a master race yet an eminent Jewish scholar like Martin Buber translated his *Also sprach Zarathustra* into Polish and remained in a lifelong intellectual dialogue with Nietzsche Sigmund Freud admired his intellectual courage and was not at all reluctant to admit that Nietzsche had anticipated many of his basic ideas This unique collection of essays explores the reciprocal relationship between Nietzsche and Jewish culture It is organized in two parts the first examines Nietzsche's attitudes towards Jews and Judaism the second Nietzsche's influence on Jewish intellectuals as diverse and as famous as Franz Kafka Martin Buber Franz Rosenzweig and Sigmund Freud Each carefully selected essay explores one aspect of Nietzsche's relation to Judaism and German intellectual history from Heinrich Heine to Nazism **The Oxford Guide to Literature in English Translation** Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's *Aeneid* which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out

the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available

Beyond Nihilism Ofelia Schutte, 1986-11-15 Nietzsche is regarded by some as a great liberator a thinker far more radical than Marx For others he is an ideologue of power a spokesman for domination a protofascist Ofelia Schutte holds that these conflicting assessments result from a failure to distinguish between two paradigms of power found in Nietzsche's work power as recurring energy and power as domination Schutte uses this fundamental distinction to analyze comprehensively Nietzsche's metaphysics ethics and politics She addresses both the positive and the negative in the whole of his thought seeking to read Nietzsche without masks without the cultural and intellectual biases of many of his previous interpreters

Nietzsche and "The Birth of Tragedy" Paul Raimond Daniels, 2014-09-19 Nietzsche's philosophy at once revolutionary erudite and deep reaches into all spheres of the arts Well into a second century of influence the profundity of his ideas and the complexity of his writings still determine Nietzsche's power to engage his readers His first book *The Birth of Tragedy* presents us with a lively inquiry into the existential meaning of Greek tragedy We are confronted with the idea that the awful truth of our existence can be revealed through tragic art whereby our relationship to the world transfigures from pessimistic despair into sublime elation and affirmation It is a landmark text in his oeuvre and remains an important book both for newcomers to Nietzsche and those wishing to enrich their appreciation of his mature writings *Nietzsche and The Birth of Tragedy* provides a clear account of the text and explores the philosophical literary and historical influences bearing upon it Each chapter examines part of the text explaining the ideas presented and assessing relevant scholarly points of interpretation The book will be an invaluable guide to readers in Philosophy Literary Studies and Classics coming to *The Birth of Tragedy* for the first time
