Key Elements of Social Theory Revolutionized by Marx Paul Zarembka, 2020-09-25 Marx's oeuvre is vast but there are key elements of his ever evolving class based contribution to social theory Declining usefulness for him of Hegelian philosophy and his deepening confrontation with Ricardian political economy were expressions While the French edition of Capital is closest to Marx's mature thought Engels did not understand how work on Russia related to Marx's evolution and Engels distorted the outcome Accumulation of capital is particularly difficult conceptually including use of primitive accumulation and is carefully addressed as is composition of capital After Marx Luxemburg is the most significant contributor to Marxism and her works on political economy and on nationalism are highlighted here The modern topic of state conspiracies too often avoided concludes the book Troubling issues however remain

Rediscovering Lenin Michael Brie, 2019-07-31 Translated from the original German Lenin Neuentdecken and available in English for the first time this volume rediscovers Lenin as a strategic socialist thinker through close examination of his collected works and correspondence Brie opens with an analysis of Lenin's theoretical development between 1914 and 1917 in preparation for his critical decision to dissolve the Constituent Assembly in January 1918 in a struggle for power This led from the dialectics of revolutionary practice and social analysis to a new understanding of socialism which is compared and contrasted to the alternative Marxist ideas and conceptions of the state posited by Karl Kautsky and Rosa Luxemburg Rediscovering Lenin then moves to 1921 when Lenin begins a new stage of his theoretical development concerned with resolving the reversal of the revolution's aims and its results This process remains unfinished and the questions raised a hundred years ago remain How can one intervene successfully and responsibly in social and political crises What role do social science theories ideological frameworks and other practices play in transforming the economic political and cultural power structures of a society Brie concludes with a retrospective on the ideas developed by Marx and in the Second International and their impact on Lenin's strategic thinking Placing Lenin's writing itself in the foreground and arguing from inside his own self learning Rediscovering Lenin focuses on the reflective relationship between ideology theory and practice

Walter Benjamin and the Critique of Political Economy Duy Lap Nguyen, 2022-07-14 Exploring the connections between Walter Benjamin's philosophy of history and a Marxian Critique of Political Economy Duy Lap Nguyen analyses Benjamin's early writings and their development into a distinct understanding of historical materialism Benjamin's historically materialist conception of history is shown to be characterised by a focus on the religion of capitalism the mythology of the state and messianic time Revealing these factors Nguyen joins up Benjamin's philosophical critique of the Kantian conception of history alongside the historical trajectory of capitalism he subscribed to Influenced by the theory of fascism outlined by German Marxist theorist Karl Korsch we see how Benjamin's own theory of revolution and redemption in

capitalist society developed into a sophisticated critique Essential to Benjamin s materialist critique was a recognition of the fallibility of the Enlightenment notion of progress as well as the need to overturn the political and economic catastrophes which enable capitalism and fascism to thrive In mapping the exact course of Benjamin s critical historical materialism Nguyen fully explicates the unique contribution he made to western Marxism Hunting Nature Thomas P. Hodge,2020-10-15 In Hunting Nature Thomas P Hodge explores Ivan Turgenev s relationship to nature through his conception description and practice of hunting the most unquenchable passion of his life Informed by an ecocritical perspective Hodge takes an approach that is equal parts interpretive and documentarian grounding his observations thoroughly in Russian cultural and linguistic context and a wide range of Turgenev s fiction poetry correspondence and other writings Included within the book are some of Turgenev s important writings on nature never previously translated into English Turgenev who is traditionally identified as a chronicler of Russia s ideological struggles is presented in Hunting Nature as an expert naturalist whose intimate knowledge of flora and fauna deeply informed his view of philosophy politics and the role of literature in society Ultimately Hodge argues that we stand to learn a great deal about Turgenev s thought and complex literary technique when we read him in both cultural and environmental contexts Hodge details how Turgenev remains mindful of the way textual detail is wedded to the organic world the priroda that he observed and ached for more keenly than perhaps any other Russian writer The Political Thought of Yu. F.
