Selected Poems 1972 199:

This Mad "instead" Arthur Michael Saltzman, 2000 Saltzman reveals figuration to be both inevitable and inevitably unreliable and he illustrates how these writers treat this condition not as an impasse but as a point of departure indeed as an artistic mandate and creative opportunity *On Louis Simpson* Hank Lazer, 1988 These essays on Simpson's poetry provide a commentary on poetics aesthetics and literary politics *On James Tate* Brian Henry, 2004 The first critical collection on the work of one of the most influential yet misunderstood American poets working today *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1976 **First Pages** Giancarlo Maiorino, 2010-11 Titology a term first coined in 1977 by literary critic Harry Levin is the field of literary studies that focuses on the significance of a title in establishing the thematic developments of the pages that follow While the term has been used in the literary community for thirty years this book presents for the first time a thoroughly developed theoretical discussion on the significance of the title as a foundation for scholarly criticism Though Maiorino acknowledges that many titles are superficial and indexical there exists a separate and more complex class of titles that do much more than simply decorate a book's spine To prove this argument Maiorino analyzes a wide range of examples from the modern era through high modernism to postmodernism with writings spanning the globe from Spain and France to Germany and America By examining works such as *Essais* *The Waste Land* *Ulysses* and *Don Quixote* *First Pages* proves the power of the title to connect the reader to the thematic cultural and literary context of the writing as a whole Much like a facade to a building the title page serves as the frontispiece of literature a sign that offers perspective and demands interpretation **Text and Drugs and Rock 'n' Roll** Simon Warner, 2013-03-14 *Text and Drugs and Rock n Roll* explores the interaction between two of the most powerful socio cultural movements in the post war years the literary forces of the Beat Generation and the musical energies of rock and its attendant culture Simon Warner examines the interweaving strands seeded by the poet novelists Jack Kerouac Allen Ginsberg William Burroughs and others in the 1940s and 1950s and cultivated by most of the major rock figures who emerged after 1960 Bob Dylan the Beatles Bowie the Clash and Kurt Cobain to name just a few This fascinating cultural history delves into a wide range of issues Was rock culture the natural heir to the activities of the Beats Were the hippies the Beats of the 1960s What attitude did the Beat writers have towards musical forms and particularly rock music How did literary works shape the consciousness of leading rock music makers and their followers Why did Beat literature retain its cultural potency with later rock musicians who rejected hippie values How did rock musicians use the material of Beat literature in their own work How did Beat figures become embroiled in the process of rock creativity These questions are addressed through a number of approaches the influence of drugs the relevance of politics the effect of religious and spiritual pursuits the rise of the counter culture the issue of sub cultures and their construction and so on The result is a highly readable history of the innumerable links between two of the most revolutionary artistic movements of the last 60 years **The Gay**[Grey Moose D.M.R.

Hammering Hot Iron Charles Upton,2005 Hammering Hot Iron is a rare work that raises important questions draws vital distinctions and elevates discourse within the spiritual community on the Men s Movement Jungian psychology archetypal and mythological studies and polytheistic religions Drawing on the perennial philosophy the universal expression of absolute truth Upton offers a metaphysical and cultural critique of Robert Bly s Iron John Upton adopts Bly s shadow in the Jungian sense His intellectual argument is masterfully intertwined with his own personal and spiritual journey often expressed through original poetry The book is excellent Upton s insights have exposed the shallow philosophical thinking associated with the Men s Movement the inadequacy of polytheism as a religious faith and the bias against Christianity Hammering Hot Iron does a splendid job of critiquing Jungian writers and in showing there is more to God than the archetype of God in the psyche Thank you for your excellent work in setting the record straight John A Sanford Jungian analyst Charles Upton provides a long overdue masterful critique of the Men s Movement its popularizing heroes and the archetypal psychology on which it is based In this marvelously iconoclastic book Upton articulates the feelings and thoughts of those who have left the movement or are wondering why they are still part of it He does so with eloquence wit and not least wisdom Georg Feuerstein Ph D author of Voices on the Threshold of Tomorrow and Structures of Consciousness Charles Upton is a poet social activist and writer of the spiritual path He is author of many other books published by Sophia Perennis

The Beats in Mexico David Stephen Calonne,2022-04-15 Mexico features prominently in the literature and personal legends of the Beat writers from its depiction as an extension of the American frontier in Jack Kerouac's *On the Road* to its role as a refuge for writers with criminal pasts like William S Burroughs Yet the story of Beat literature and Mexico takes us beyond the movement's superstars to consider the important roles played by lesser known female Beat writers The first book length study of why the Beats were so fascinated by Mexico and how they represented its culture in their work this volume examines such canonical figures as Kerouac Burroughs Ginsberg Lamantia McClure and Ferlinghetti It also devotes individual chapters to women such as Margaret Randall Bonnie Bremser and Joanne Kyger who each made Mexico a central setting of their work and interrogated the misogyny they encountered in both American and Mexican culture The Beats in Mexico not only considers individual Beat writers but also places them within a larger history of countercultural figures from D H Lawrence to Antonin Artaud to Jim Morrison who mythologized Mexico as the land of the Aztecs and Maya where shamanism and psychotropic drugs could take you on a trip far beyond the limits of the American imagination *Morton Feldman* Ryan Dohoney,2022-02-24 Morton Feldman Friendship and Mourning in the New York Avant Garde documents the collaborations and conflicts essential to the history of the post war avant garde It offers a study of composer Morton Feldman

s associations and friendships with artists like John Cage Jackson Pollock Philip Guston Frank O Hara Charlotte Moorman and others Arguing that friendship and mourning sustained the collective aesthetics of the New York School Dohoney has written an emotional and intimate revision of New York modernism from the point of view of Feldman s agonistic community
