Selected Poems 1972 To 199:

This Mad "instead" Arthur Michael Saltzman, 2000 Saltzman reveals figuration to be both inevitable and inevitably unreliable and he illustrates how these writers treat this condition not as an impasse but as a point of departure indeed as an artistic mandate and creative opportunity

On James Tate Brian Henry, 2004 The first critical collection on the work of one of the most influential yet misunderstood American poets working today *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1976

Text and Drugs and Rock 'n' Roll Simon Warner, 2013-03-14 Text and Drugs and Rock n Roll explores the interaction between two of the most powerful socio cultural movements in the post war years the literary forces of the Beat Generation and the musical energies of rock and its attendant culture Simon Warner examines the interweaving strands seeded by the poet novelists Jack Kerouac Allen Ginsberg William Burroughs and others in the 1940s and 1950s and cultivated by most of the major rock figures who emerged after 1960 Bob Dylan the Beatles Bowie the Clash and Kurt Cobain to name just a few This fascinating cultural history delves into a wide range of issues Was rock culture the natural heir to the activities of the Beats Were the hippies the Beats of the 1960s What attitude did the Beat writers have towards musical forms and particularly rock music How did literary works shape the consciousness of leading rock music makers and their followers Why did Beat literature retain its cultural potency with later rock musicians who rejected hippie values How did rock musicians use the material of Beat literature in their own work How did Beat figures become embroiled in the process of rock creativity These questions are addressed through a number of approaches the influence of drugs the relevance of politics the effect of religious and spiritual pursuits the rise of the counter culture the issue of sub cultures and their construction and so on The result is a highly readable history of the innumerable links between two of the most revolutionary artistic movements of the last 60 years *The Gay[Grey Moose* D.M.R. Bentley, 1992-01-01 The Gay Grey Moose is a collection of essays presenting a comprehensive view of English poetry in Canada from the early colonial period to the Post Modern era From a wide range of poets this book provides fresh contexts for viewing and discussing three centuries of English Canadian poetry Both national and regional in its orientation it seeks to discover the relationship between poetry and landscape in a poetic continuity that stretches from the late 17th century to the present

On Louis Simpson Hank Lazer, 1988 These essays on Simpson s poetry provide a commentary on poetics aesthetics and literary politics *Morton Feldman* Ryan Dohoney, 2022-02-24 Morton Feldman Friendship and Mourning in the New York Avant Garde documents the collaborations and conflicts essential to the history of the post war avant garde It offers a study of composer Morton Feldman s associations and friendships with artists like John Cage Jackson Pollock Philip Guston Frank O Hara Charlotte Moorman and others Arguing that friendship and mourning sustained the collective aesthetics of the New York School Dohoney has written an emotional and intimate revision of New York modernism from the point of view of Feldman s agonistic community *World Beat* Eliot Weinberger, 2006 The poets are presented in ample

selections so that each may be heard clearly and biographical and bibliographical notes invite further investigation From cover to cover themes ebb and flow and boundaries blur as verses converse in a harmony unusual for the twenty first century

BOOK JACKET **First Pages** Giancarlo Maiorino,2010-11 Titology a term first coined in 1977 by literary critic Harry Levin is the field of literary studies that focuses on the significance of a title in establishing the thematic developments of the pages that follow While the term has been used in the literary community for thirty years this book presents for the first time a thoroughly developed theoretical discussion on the significance of the title as a foundation for scholarly criticism Though Maiorino acknowledges that many titles are superficial and indexical there exists a separate and more complex class of titles that do much more than simply decorate a book s spine To prove this argument Maiorino analyzes a wide range of examples from the modern era through high modernism to postmodernism with writings spanning the globe from Spain and France to Germany and America By examining works such as *Essais* *The Waste Land* *Ulysses* and *Don Quixote* *First Pages* proves the power of the title to connect the reader to the thematic cultural and literary context of the writing as a whole Much like a facade to a building the title page serves as the frontispiece of literature a sign that offers perspective and demands interpretation *Contemporary Literary Criticism* ,1973 *Commonwealth Literature* NA NA,2016-01-03 *Boxing* Kasia Boddy,2013-06-01 Throughout history potters sculptors painters poets novelists cartoonists song writers photographers and filmmakers have recorded and tried to make sense of boxing From Daniel Mendoza to Mike Tyson boxers have embodied and enacted our anxieties about race ethnicity gender and sexuality In her encyclopedic investigation of the shifting social political and cultural resonances of this most visceral of sports Kasia Boddy throws new light on an elemental struggle for dominance whose weapons are nothing more than fists Looking afresh at everything from neoclassical sculpture to hip hop lyrics Boddy explores the ways in which the history of boxing has intersected with the history of mass media Boddy pulls no punches looking to the work of such diverse figures as Henry Fielding and Spike Lee Charlie Chaplin and Philip Roth James Joyce and Mae West Bertolt Brecht and Charles Dickens in an all encompassing study that tells us just how and why boxing has mattered so much to so many **John Keats** R. White,2010-05-26 At the heart of this *Literary Life* are fresh interpretations of Keats s most loved poems alongside other neglected but rich poems The readings are placed in the context of his letters to family and friends his medical training radical politics of the time his love for Fanny Brawne his coterie of literary figures and his tragic early death *R.S. Thomas* William Virgil Davis,2007 The theology and the poetry of Welch poet R S Thomas *Connotations* ,1996 **An Imaginary England** Roger Ebbatson,2017-07-05 In his highly theorised and original book Roger Ebbatson traces the emergence of conceptions of England and Englishness from 1840 to 1920 His study concentrates on poetry and fiction by authors such as Alfred Lord Tennyson Richard Jefferies Thomas Hardy Q Rupert Brooke and D H Lawrence reading them as a body of work through which a series of problematic English identities are imaginatively constructed Of particular concern is the way literary landscapes serve as signs not only of identity but also of

difference Ebbatson demonstrates how a sense of cultural rootedness is contested during the period by the experiences of those on the societal margins whether sexual national social or racial resulting in a feeling of homelessness even in the most self consciously English texts In the face of gradual imperial and industrial decline Ebbatson argues foreign and colonial cultures played a crucial role in transforming Englishness from a stable body of values and experiences into a much more ambiguous concept in continuous conflict with factors on the geographical or psychological periphery

Modern Irish Writers Alexander G. Gonzalez,1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world's greatest authors The Revival saw a reestablishment of Ireland's literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Frigl Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author's career a discussion of major works and themes an overview of the author's critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume
