Selected Poems Of Aphra Behn:

Selected Poems of Aphra Behn Aphra Behn, 2020-08-18 This book presents a collection of the poetry of the 17th century writer Aphra Behn. It examines the relationships between the sexes seen from the woman's point of view. The book also includes some of Behn's translations, occasional pieces, satires, and songs. **Selected Poems** Aphra Behn, 2003 Aphra Behn 1640-1689 is best known for her novel *Oroonoko*. Her plays have been revived in print and on the stage in modern times, but much of her best work, as she herself knew, is to be found in her poetry. The versatile form and content of her translation, satires, and songs, and above all her radical exploration of relationships between the sexes, set her apart from her contemporaries. Behn wittily negotiates the complexities and ironies of women's role in a society in which honour is a commodity. *Candid* and subtle, her poetry speaks with a distinctive, vigorous intelligence and satirical edge. **BOOK JACKET**

The Poems of Aphra Behn Janet Todd, 1995-01-01 Aphra Behn 1640-89 was a popular poet, author of the influential novel *Oroonoko*, and one of the most successful dramatists of the Restoration theater. Behn led an unusually active and eventful life for a woman of her era, traveling widely to Surinam in 1663 and to Antwerp in 1666, where Charles II sent her as a spy during the Anglo-Dutch war. Returning to England, she spent some time in a debtor's prison and subsequently devoted herself to writing, publishing numerous poems and almost twenty plays between 1670 and 1689. Because of the overtly political nature of her work, much of Behn's writing appeared anonymously and in many different versions. *The Poetry of Aphra Behn* is the first accessible reprinting of Aphra Behn's verses since the seventeenth century. Encompassing the entirety of her oeuvre, from satirical writings to songs, love poems, and verse epistles, the book is a testament to the life and mind of a remarkable woman. *The Poems of Aphra Behn* Janet Todd, 2020-02-06 Aphra Behn 1640-89 was a popular poet, author of the

Skelton, the first great modern English poet who wrote in a vigorous vernacular, taking literary English out of the medieval world and enriching it with new forms and tones. It provides notes and glossary, illuminating Skelton's works for the reader.

Ingrassia,2009-10-30 This anthology gathers 368 poems by 80 British women poets of the long eighteenth century Few of these poems have been reprinted since originally published and all are crucial to understanding fully the literary history of women writers Paula R Backscheider and Catherine E Ingrassia demonstrate the enormous diversity of poetry produced during this time by organizing the poems in three broad and deliberately overlapping categories by genre establishing that women wrote in all of the forms that men did with equal mastery and creativity by theme offering a revisionary look at the range of topics these writers addressed including war ecology friendship religion and the stages of life and by the poems more specific focus on the women s experiences as writers Backscheider and Ingrassia have selected

poems that represent the best work of skilled poets creating a wonderful mix of canonical and little known pieces They include the complete texts of longer poems that are abridged or omitted in other collections Their substantial part introductions textual notes bibliographical information and biographical sketches situate the poets and their writings within the cultural and political milieu in which they appeared To generate further scholarship on this subject this essential anthology puts primary texts in front of students scholars and general readers It fills the persistent need to document women's poetic expression during the long eighteenth century and to rewrite the literary history of the period a history from which women have largely been excluded
