M. Synge Seán Hewitt, 2021-01-07 This book is a complete reassessment of the works of J M Synge one of Ireland's major playwrights The book offers the first complete consideration of all of Synge's major plays and prose works in nearly 30 years drawing on extensive archival

research to offer innovative new readings Much work has been done in recent years to uncover Synge's modernity and to emphasise his political consciousness This book builds on this re assessment undertaking a full systematic exploration of Synge's published and unpublished works Tracing his journey from an early Romanticism through to the more combative modernism of his later work the book's innovative methodology treats text as process and considers Synge's reading materials his drafts letters diaries and journalism turning up exciting and unexpected revelations Thus Synge's engagement with occultism pantheism socialism Darwinism and even a late reaction against eugenic nationalisms are all brought into the critical discussion Breaking new ground in ascertaining the tenets of Synge's spirituality and his aesthetic and political idealization of harmony with nature the book also builds on new work in modernist studies arguing that Synge can be understood as a leftist modernist exhibiting many of the key concerns of early modernism but routing them through a socialist politics Thus this book is valuable not only to considerations of Synge and the Irish Revival but also to modernist studies more broadly

J. M. Synge and Travel Writing of the Irish Revival Giulia Bruna, 2017-10-31 Between the late 1890s and the early 1900s the young Irish writer John Millington Synge journeyed across his home country documenting his travels intermittently for ten years His body of travel writing includes the travel book The Aran Islands his literary journalism about West Kerry and Wicklow published in various periodicals and his articles for the Manchester Guardian about rural poverty in Connemara and Mayo Although Synge's nonfiction is often considered of minor weight compared with his drama Bruna argues persuasively that his travel narratives are instances of a pioneering ethnographic and journalistic imagination J M Synge and Travel Writing of the Irish Revival is the first comprehensive study of Synge's travel writing about Ireland compiled during the zeitgeist of the preindependence Revival movement Bruna argues that Synge's nonfiction subverts inherited modes of travel writing that put an emphasis on Empire and Nation Synge's writing challenges these grand narratives by expressing a more complex idea of Irishness grounded in his empathetic observation of the local rural communities he traveled amongst Drawing from critically neglected revivalist travel literature newspapers and periodicals and visual and archival documents Bruna sketches a new portrait of a seminal Irish Literary

Renaissance figure and sheds new light on the itineraries of activism and literary engagement of the broader Revival movement **Dictionary of British Cartoonists and Caricaturists** Mark Bryant, Simon Heneage, 2022-01-25 Originally published in 1994 this dictionary provides a unique who's who of the major figures in the world of British cartoons and caricatures. It was the first book to encompass the entire field from c. 1730 when Hogarth published the first of his modern moral pictures to 1980. In addition to describing the careers and achievements of the artists and the characteristics of their styles, more than 500 entries give details of their publications, their illustrations to books and periodicals, exhibitions of their work, public collections in which their work is represented, and literature on or referring to them. More than 150 illustrations are included. This is a comprehensive reference work and will be of interest to social and political historians as well as cartoon and caricature enthusiasts.

The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers James Karman, 2011-10-12 The 1930s marked a turning point for the world. Scientific and technological revolutions, economic and social upheavals, and the outbreak of war changed the course of history. The 1930s also marked a turning point for Robinson Jeffers, both in his career as a poet and in his private life. The letters collected in this second volume of annotated correspondence document Jeffers' rising fame as a poet, his controversial response to the turmoil of his time, his struggles as a writer, the growth and maturation of his twin sons, and the network of friends and acquaintances that surrounded him. The letters also provide an intimate portrait of Jeffers' relationship to his wife Una, including a full account of the 1938 crisis at Mabel Dodge Luhan's home in Taos, New Mexico, that nearly destroyed their marriage.

Selected Essays of Sean O'Faolain Brad Kent, 2016-10-01 Sean O'Faolain (1900-1991) was Ireland's leading social and political critic in the period following the country's independence from the United Kingdom. Since his death, scholarly opinion has alternately cast him as an arch revisionist, a liberal nationalist, and a frustrated republican. The *Selected Essays of Sean O'Faolain* reassesses his reputation by showing that he wrote in the tradition of post-Enlightenment European intellectuals and that while he was a significant figure in Ireland, his work extends beyond immediate national concerns. This volume includes over fifty unabridged essays by O'Faolain on a wide range of subjects, from canonical writers to architecture, from religious scandals to economics, from nationalism to internationalism, from long-dead historical figures to recent controversies. O'Faolain's fearlessness in taking on the major political, cultural, and religious figures of his day, his masterly use of rhetoric, and his intellectual acuity have contributed to his works being quoted often by scholars working across several disciplines. Many of these essays appear here in print for the first time since they were published in the foremost periodicals of their day. An extensive introduction and helpful annotations contextualise and explain them for a new audience. In his re-readings of history and challenges to dominant historiographical trends, O'Faolain has become a pariah to some and a hero to others. The *Selected Essays of Sean O'Faolain* bridges some of these competing visions, presenting a more complex figure through his varied corpus of writing.
