## **Selected Prose Of Robert Duncan:**

**A Selected Prose** Robert Duncan, 1995-04-17 A Selected Prose represents the most wide ranging collection to date of Robert Duncan's essays and talks and is a companion volume to the Selected Poems 1993 Robert Duncan Robert Duncan, 2014-01-27 This volume in the Collected Writings of Robert Duncan series gathers a far reaching selection of Robert Duncan's prose writings including most of his longer and more well known essays along with other prose that has never been widely available Ranging in original publication dates between 1940 and 1985 the forty one titles reveal a great deal about Duncan's life in poetry including his impressions of poets whose work he admires both contemporaries and precursors Evocative and eclectic this work delineates the intellectual contexts and sources of Duncan's poetics and opens a window onto the literary communities in which he participated A Study Guide for Robert Duncan's "Poetry, A Natural Thing" Gale, Cengage Learning, A Study Guide for Robert Duncan's Poetry A Natural Thing excerpted from Gale's acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs **The New American Poetry, 1945-1960** Donald Allen, 1999 Donald Allen's prophetic anthology had an electrifying effect on two generations at least of American poets and readers More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress the primary example for its time of the anthology as manifesto Its republication today complete with poems statements on poetics and autobiographical projections provides us again with a model of how a contemporary anthology can and should be shaped In these essentials it remains as fresh and useful a guide as it was in 1960 Jerome Rothenberg editor of Poems for the Millennium The New American Poetry is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment Alan Golding author of From Outlaw to Classic Canons in American Poetry *Beyond Maximus* Anne Day Dewey, 2007 Beyond Maximus shows how field poetics influenced the construction of the public voices of five Black Mountain poets Charles Olson Robert Creeley Robert Duncan Denise Levertov and Ed Dorn in order to explain their association in the 1950s and 60s as well as their break up as a result of the political and poetic crises of the Vietnam War era **Physics Envy** Peter Middleton, 2015-11-04 Includes bibliographical references pages 259 301 and index **The Cambridge Companion to American Poetry Since 1945** Jennifer Ashton, 2013-02-08 Explores the ways in which American poetry has documented and sometimes helped propel the literary and cultural revolutions of the past sixty five years *Everyday and Prophetic* Nick Halpern, 2003 Everyday and Prophetic is the first book to describe and analyze at length the prophetic voice and the everyday voice in postwar and contemporary American poetry Nick Halpern's commentaries on the work of Robert Lowell A R Ammons James Merrill Adrienne Rich Jorie Graham and Louise Gluck serve the reader with a fresh and original context in which to see their work and Postwar American poetry

as a whole      **Understanding the Black Mountain Poets** Edward Halsey Foster, 1995 An experimental school of poetry its leading proponents      The New American Poetry John R. Woznicki, 2013-12-24 The New American Poetry Fifty Years Later is a collection of critical essays on Donald Allen's 1960 seminal anthology The New American Poetry an anthology that Marjorie Perloff once called the fountainhead of radical American poetics The New American Poetry is referred to in every literary history of post World War II American poetry Allen's anthology has reached its fiftieth anniversary providing a unique time for reflection and reevaluation of this preeminent collection As we know Allen's anthology was groundbreaking it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson Allen Ginsberg and the Beats and it was the first to categorize these poets by the schools Black Mountain New York School San Francisco Renaissance and the Beats by which they are known today Over the course of fifty years this categorization of poets into schools has become one of the major if not only way that The New American Poetry is remembered or valued one certain goal of this volume as one reviewer invites is to pry The New American Poetry out from the hoary platitudes that have encrusted it To this point critics mostly have examined The New American Poetry as an anthology former treatments of The New American Poetry look at it intently as a whole Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented highly visible and debated material in which to consider we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity This volume however goes beyond the analysis of construction and reception and achieves something distinctive extending those former treatments by treading on the paths they create This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual we invite consideration of The New American Poetry that is radical in the sense of root of harboring something fundamental something inherent as we uncover and trace further elements correlated with its widespread influence over the last fifty years      Imagining Persons Robert J. Bertholf, Dale M. Smith, 2017-12-15 Robert Duncan's nine lectures on Charles Olson delivered intermittently from 1961 to 1983 explore the modernist literary background and influences of Olson's influential 1950 essay Projective Verse These transcribed talks pay tribute to Olson and expand our knowledge of Duncan's vision of modernist writing      Twentieth-Century American Poetry Christopher MacGowan, 2008-04-15 Written by a leading authority on William Carlos Williams this book provides a wide ranging and stimulating guide to twentieth century American poetry A wide ranging and stimulating critical guide to twentieth century American poetry Written by a leading authority on the innovative modernist poet William Carlos Williams Explores the material historical and social contexts in which twentieth century American poetry was produced Includes a biographical dictionary of major writers with extended entries on poets ranging from Robert Frost to Adrienne Rich Contains a section on key texts considering major works such as The Waste Land North South Howl and Ariel The final section draws out key themes such as American poetry politics and war and the process of anthologizing at the end of the century      *The*

*Spiritual Imagination of the Beats* David Stephen Calonne, 2017-08-17 The *Spiritual Imagination of the Beats* is the first comprehensive study to explore the role of esoteric occult alchemical shamanistic mystical and magical traditions in the work of eleven major Beat authors. The opening chapter discusses Kenneth Rexroth and Robert Duncan as predecessors and important influences on the spiritual orientation of the Beats. David Stephen Calonne draws comparisons throughout the book between various approaches individual Beat writers took regarding sacred experience for example Burroughs had significant objections to Buddhist philosophy while Allen Ginsberg and Jack Kerouac both devoted considerable time to studying Buddhist history and texts. This book also focuses on authors who have traditionally been neglected in Beat Studies Diane di Prima Bob Kaufman Philip Lamantia and Philip Whalen. In addition several understudied works such as Gregory Corso's *The Geometric Poem* inspired by Corso's deep engagement with ancient Egyptian thought are given close attention. Calonne introduces important themes from the history of heterodoxy from Gnosticism Manichaeism and Ismailism to Theosophy and Tarot and demonstrates how inextricably these ideas shaped the Beat literary imagination. **Precipitations** Devin

Johnston, 2002-06-24 Charts the influence of occultism on American poetry from WWII to the present. *The New Anthology of American Poetry* Steven Gould Axelrod, Camille Roman, Thomas Travisano, 2012-04-15 Steven Gould Axelrod Camille Roman and Thomas Travisano continue the standard of excellence set in Volumes I and II of this extraordinary anthology. Volume III provides the most compelling and wide ranging selection available of American poetry from 1950 to the present. Its contents are just as diverse and multifaceted as America itself and invite readers to explore the world of poetry in the larger historical context of American culture. Nearly three hundred poems allow readers to explore canonical works by such poets as Elizabeth Bishop Robert Lowell and Sylvia Plath as well as song lyrics from such popular musicians as Bob Dylan and Queen Latifah. Because contemporary American culture transcends the borders of the continental United States the anthology also includes numerous transnational poets from Julia de Burgos to Derek Walcott. Whether they are the works of oblique avant gardists like John Ashbery or direct populist poets like Allen Ginsberg all of the selections are accompanied by extensive introductions and footnotes making the great poetry of the period fully accessible to readers for the first time.

*The Meaning of Life in Romantic Poetry and Poetics* Ross Wilson, 2009-01-02 This volume brings together an impressive range of established and emerging scholars to investigate the meaning of life in Romantic poetry and poetics. This investigation involves sustained attention to a set of challenging questions at the heart of British Romantic poetic practice and theory. Is poetry alive for the Romantic poets? If so how? Does life always mean life? In a range of essays from a variety of complementary perspectives a number of major Romantic poets are examined in detail. The fate of Romantic conceptions of life in later poetry also receives attention. Through for example a revision of Blake's relationship to so-called rationalism a renewed examination of Wordsworth's fascination with country graveyards an exploration of Shelley's concept of survival and a discussion of the notions of life in Byron Kierkegaard and Mozart this volume opens up new and exciting terrain in

Romantic poetry's relation to literary theory the history of philosophy ethics and aesthetics

**American Poetry since 1945** Eleanor Spencer-Regan, 2017-09-16 This book features a collection of essays on some of the key poets of post war America written by leading scholars in the field All the essays have been newly commissioned to take account of the diverse movements in American poetry since 1945 and also to reflect retrospectively on some of the major talents that have shaped its development In the aftermath of the Second World War American poets took stock of their own tumultuous past but faced the future with radically new artistic ideals and commitments More than ever before American poetry spoke with its own distinctive accents and declared its own dreams and desires This is the era of confessionalism beat poetry protest poetry and avant garde postmodernism This book explores the work of John Berryman Robert Lowell Elizabeth Bishop Adrienne Rich and Sylvia Plath as well as contemporary African American poets and new poetic voices emerging in the 21st century This New Casebook introduces the major American poets of the post war generation evaluates their achievements in the light of changing critical opinion and offers lively incisive readings of some of the most challenging and enthralling poetry of the modern era

Metamorphosing Dante Fabio Camilletti, Manuele Gagnolati, Fabian Lampart, 2010-12-01 After almost seven centuries Dante endures and even seems to haunt the present Metamorphosing Dante explores what so many authors artists and thinkers from varied backgrounds have found in Dante's oeuvre and the ways in which they have engaged with it through rewritings dialogues and transpositions By establishing trans disciplinary routes the volume shows that along with a corpus of multiple linguistic and narrative structures characters and stories Dante has provided a field of tensions in which to mirror and investigate one's own time Authors explored include Samuel Beckett Walter Benjamin Andr Gide Derek Jarman LeRoi Jones Amiri Baraka James Joyce Wolfgang Koeppen Jacques Lacan Thomas Mann James Merrill Eugenio Montale Pier Paolo Pasolini Cesare Pavese Giorgio Pressburger Robert Rauschenberg Vittorio Sereni Virginia Woolf

**The Cambridge Companion to American Gay and Lesbian Literature** Scott Herring, 2015-05-26 Writing anything definitive about the queer American novel will always be unsatisfying if not impossible Unsatisfying because the romances they contain are uncertain and quite often doomed heartbreak violence and persecution pepper nearly every page Impossible because the genre's terrain is as vast and uncertain as America itself the spaces the characters plots ideas and dynamics too varied The minute you say one thing you could say another And perhaps that might be the point As one character from Djuna Barnes's lesbian novel Nightwood puts it With an American anything can be done 1 We could say the same about the queer American novel If there is anything consistently connecting this genre it is that it features however obliquely the effects characters usually American but not always have as they seek reasons for why they have sexual feelings for those that are not obvious or traditional object choices Frequently these effects instruct characters in their pursuit of self knowledge and self understanding especially if others have pathologized their desires and America has and does pathologize its queers In her autobiographical graphic memoir Fun Home Alison Bechdel tells a story of a variety of discoveries that books explicitly queer

or not can inspire During the same afternoon when she acknowledges that she is a lesbian she also finds herself asking a professor to let her take his course on James Joyce's *Ulysses* her father's favorite book As we move from the captions and the meticulous stylized drawings canonical books acquire an increasingly important role books become guides to how Bechdel will affect a convergence with her abstracted father *Male Subjectivity and Poetic Form in "New American" Poetry* A. Mossin, 2010-05-24 Focusing in particular on pairings of writers within the larger grouping of poets this book suggests how literary partnerships became pivotal to American poets in the wake of Donald Allen's *New American Poetry* anthology
