## **Selections From Greek Roman Historians:**

Selections from Greek and Roman Historians Charles Alexander Robinson, 1957      Selections from Greek and Roman Historians Charles Alexander Robinson, 1968      **Greek and Roman Historians** Michael Grant, 2004-08-02 Grant shows us how the historians of antiquity routinely try to deceive but he argues for the continuing vital importance of their work and offers new ways of reading and interpreting it An indispensable guide to using source material      **The Roman Historians** Ronald Mellor, 2002-01-31 The Romans' devotion to their past pervades almost every aspect of their culture But the clearest image of how the Romans wished to interpret their past is found in their historical writings This book examines in detail the major Roman historians Sallust Livy Tacitus Ammianus as well as the biographies written by Nepos Tacitus Suetonius the Augustan History the autobiographies of Julius Caesar and the Emperor Augustus Ronald Mellor demonstrates that Roman historical writing was regarded by its authors as a literary not a scholarly exercise and how it must be evaluated in that context He shows that history writing reflected the political structures of ancient Rome under the different regimes      **The Historians of Ancient Rome** Ronald Mellor, 1998 This anthology of the major writings of ancient Rome is unique in that no other equivalent book contains complete texts It covers over 1000 years of historical writing from Livy's account of Rome's foundation to Marcellinus's account of Roman defeat      **Literary Texts and the Roman Historian** David Potter, 2005-07-22 Literary Texts and the Roman Historian looks at literary texts from the Roman Empire which depict actual events It examines the ways in which these texts were created disseminated and read Beside covering the major Roman historical authors such as Livy and Tacitus he also considers the contributions of authors in other genres like Cicero Lucian Aulus Gellius Literary Texts and the Roman Historian provides an accessible and concise introduction to the complexities of Roman historiography      **Selections from Greek and Roman Historians, edited with an Introduction by Charles Alexander Robinson Jr** Charles Alexander Robinson, 1957      The Fragments of the Roman Historians Tim Cornell, Edward Bispham, John Rich, Christopher John Smith, 2013 This title is a definitive and comprehensive edition of the fragmentary texts of all the Roman historians whose works are lost Historical writing was an important part of the literary culture of ancient Rome and its best known exponents including Sallust Livy Tacitus and Suetonius provide much of our knowledge of Roman history However these authors constitute only a small minority of the Romans who wrote historical works from around 200 BC to AD 250 In this period we know of more than 100 writers of history biography and memoirs whose works no longer survive for us to read They include well known figures such as Cato the Elder Sulla Cicero and the emperors Augustus Tiberius Claudius Hadrian and Septimius Severus Page 4 of cover      The Cambridge Companion to the Roman Historians Andrew Feldherr, 2009-09-24 No field of Latin literature has been more transformed over the last couple of decades than that of the Roman historians Narratology a new receptiveness to intertextuality and a rethinking of the relationship between literature and its political contexts have ensured that the works of historians such as Livy Sallust and Tacitus will be read as

texts with the same interest and sophistication as they are used as sources In this book topics central to the entire tradition such as conceptions of time characterization and depictions of politics and the gods are treated synoptically while other essays highlight the works of less familiar historians such as Curtius Rufus and Ammianus Marcellinus A final section focuses on the rich reception history of Roman historiography from the ancient Greek historians of Rome to the twentieth century An appendix offers a chronological list of the ancient historians of Rome     Scripture Difficulties Morgan Cowie,1855     **Some Account of the Council of Nicea** John Kaye,1853     **Editor's preface to correspondence ; Correspondence, 1744 to 1791** Edmund Burke,1852     *Tacitus Annals I: A Selection* Katharine Radice,Roland Mayer,2016-04-28 This is the OCR endorsed publication from Bloomsbury for the Latin AS and A Level Group 1 prescription of Annals Book I sections 16 30 and the A Level Group 2 prescription of Annals Book I sections 3 7 11 14 and 46 49 giving full Latin text commentary and vocabulary with a detailed introduction that also covers the prescribed text to be read in English for A Level Annals I starts with the death of Augustus and the beginning of Tiberius principate Tacitus chronicles the uneasy and unprecedented transition from one to the other in the context of a political elite shaken by years of civil war and unsure as to how best to protect their own interests and the stability Augustus had brought to Rome With damning references to the servile nature of the new regime Tacitus vividly paints scenes of confused senatorial debates and Tiberius own uncertainty over his own position and the best decisions to make Opportunistic rebellions in the army are described with dramatic brilliance

**Appendicia Et Pertinentiae; Or, Parochial Fragments Relating to the Parish of West Tarring, and the Chapelries of Heene and Durrington in the County of Sussex; Containing a Life of Thomas À Becket ...** John Wood Warter,1853     *History of Psychiatry and Medical Psychology* Edwin R. Wallace,John Gach,2010-04-13 Most of the prefatory issues are extensively elaborated upon in the Prolegomenon which also contains the complete references to the texts and authors discussed below Nevertheless the Preface would be grossly incomplete without touching on some of these issues books and scholars Too many of this book s chapters e g Mora s Marx s D B Weiner s examine and reference important earlier as well as contemporary general histories of psychiatry and specialized monographs in German French Italian and Spanish Also in his 1968 *Short History of Psychiatry* discussed below Ackerknecht pp xi xii references important nineteenth and earlier twentieth century psychiatric histories in English French and German Such citations will of course not be repeated here Finally thanks to several publishers re editions of dozens of classical psychiatric texts one can consult their bibliographies as well See Prolegomenon for references to these splendid series In a rough and ready sense medical history began in classical Greece for example On Ancient Medicine While traditionally included in the Hippocratic corpus this text seems more likely to have been written by a non or even anti Hippocratic doctor Moreover the Hippocratic and other schools were hardly as secular as we now suppose On Epilepsy for example does not so much declare the prevalent denotation of it as the sacred disease erroneous as it does that it is no more nor less sacred than any other disease     **Elegant epistles: a**
