George Hager

Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics:

Self-inflicted Wounds Hobart Rowen, 1994 Burns among others render his book an intimate look at how economic decision making really works **Gerald Ford and the Challenges of the 1970s** Yanek Mieczkowski, 2005-04-22 A reappraisal of the brief presidency of Gerald Ford called to leadership in the midst of scandal stagflation and an energy crisis For many Americans Gerald Ford evokes an image of either an unelected president who abruptly pardoned his corrupt predecessor or an accident prone klutz spoofed on Saturday Night Live In this book Yanek Mieczkowski reexamines Ford's two and a half years in office showing that his presidency successfully confronted the most vexing crisis of the postwar era Viewing the 1970s primarily through the lens of economic events Mieczkowski argues that Ford's understanding of the national economy was better than any modern president's that he oversaw a dramatic reduction of inflation and that he attempted to solve the energy crisis with judicious policies Throughout his presidency Ford labored under the legacy of Watergate Democrats scored landslide victories in the 1974 midterm elections and within an anemic Republican Party the right wing challenged Ford's leadership even as pundits predicted the GOP's death Yet Ford reinvigorated the party and fashioned a 1976 campaign strategy against Jimmy Carter that brought him from thirty points behind to a dead heat on election day Drawing on numerous personal interviews with former President Ford cabinet officials and members of the Ninety fourth Congress Mieczkowski presents the first major work on Ford in more than a decade combining the best of biography and presidential history to paint an intriguing portrait of a president his times and his legacy This ambitious work calls for a reexamination of the Ford presidency in light of the formidable challenges he faced upon taking office A welcome and important addition to the literature on the Ford presidency Library Journal **A Tangled Web** William P. Bundy, 1999-06-04 An authoritative historical assessment of american foreign policy in a crucial postwar decade William Bundy's magisterial book focuses on the controversial record of Richard Nixon's and Henry Kissinger's often overpraised foreign policy of 1969 to 1973 an era that has rightly been described as the hinge on which the last half of the century turned Bundy's principled clear eyed assessment in effect pulls together all the major issues and events of the thirty year span from the 1940s to the end of the Vietnam War and makes it clear just how dangerous the consequences of Nixon and Kissinger's deceptive modus operandi were **The Powers of the Presidency**, 2013 This is a comprehensive and illustrative work on the historical and contemporary perspective on presidential powers guiding readers through the presidency as a constitutional office with many updated features from the previous edition *Mad as Hell* Dominic Sandbrook, 2012-02-14 I'm mad as hell and I'm not going to take it anymore The words of Howard Beale the fictional anchorman in 1976's hit film *Network* struck a chord with a generation of Americans In this colourful new history Dominic Sandbrook ranges seamlessly over the political economic and cultural high and low points of American life in the 1970s exploring the roots of the fears resentments cravings and disappointments we know so well today From Richard Nixon and Ronald Reagan to Anita Bryant

and Jerry Falwell he shows how the 1970s saw the emergence of a new right wing populism setting the stage for the bitter partisanship and near total cynicism of our modern political landscape

Nixon's Shadow: The History of an Image

David Greenberg, 2004-10-17 How an image obsessed president transformed the way we think about politics and politicians To his conservative supporters in 1940s southern California Richard Nixon was a populist everyman to liberal intellectuals of the 1950s he was Tricky Dick a devious manipulator to 1960s radicals a shadowy conspirator to the Washington press corps a pioneering spin doctor to his loyal Middle Americans a victim of liberal hatred to recent historians an unlikely liberal Nixon's Shadow rediscovers these competing images of the protean Nixon showing how each was created and disseminated in

American culture and how Nixon's tinkering with his own image often backfired During Nixon's long tenure on the national stage and through the succession of new Nixons so brilliantly described here Americans came to realize how thoroughly politics relies on manipulation Since Nixon it has become impossible to discuss politics without asking What is the politician's real character How authentic or inauthentic is he What image is he trying to project More than what Nixon did this fascinating book reveals what Nixon meant

Empire's Twin Ian Tyrrell, Jay Sexton, 2015-03-19 Across the course of

American history imperialism and anti imperialism have been awkwardly paired as influences on the politics culture and diplomacy of the United States The Declaration of Independence after all is an anti imperial document cataloguing the sins of the metropolitan government against the colonies With the Revolution and again in 1812 the nation stood against the most powerful empire in the world and declared itself independent As noted by Ian Tyrrell and Jay Sexton however American anti imperialism was clearly selective geographically racially and constitutionally Empire's Twin broadens our conception of anti imperialist actors ideas and actions it charts this story across the range of American history from the Revolution to our own era and it opens up the transnational and global dimensions of American anti imperialism By tracking the diverse manifestations of American anti imperialism this book highlights the different ways in which historians can approach it in their research and teaching The contributors cover a wide range of subjects including the discourse of anti imperialism in the Early Republic and Civil War anti imperialist actions in the U S during the Mexican Revolution the anti imperial dimensions of early U S encounters in the Middle East and the transnational nature of anti imperialist public sentiment during the Cold War and beyond

Great Transformations Mark Blyth, 2002-09-16 This book picks up where Karl Polanyi's study of economic and political change left off Building upon Polanyi's conception of the double movement Blyth analyzes the two periods of deep seated institutional change that characterized the twentieth century the 1930s and the 1970s Blyth views both sets of changes as part of the same dynamic In the 1930s labor reacted against the exigencies of the market and demanded state action to mitigate the market's effects by embedding liberalism In the 1970s those who benefited least from such embedding institutions namely business reacted against these constraints and sought to overturn that institutional order Blyth demonstrates the critical role economic ideas played in making institutional change possible Great

Transformations rethinks the relationship between uncertainty ideas and interests achieving profound new insights on how and under what conditions institutional change takes place

The Presidency of Richard Nixon Melvin Small, 1999 A lively anecdotal account features every facet of Nixon's controversial administration just in time for the 25th anniversary of his history making resignation from the presidency 23 photos

Balancing Act George Hager, 1998-09-29 A compelling book on budget balancing past and present Not only is it a useful historical reference work but it is amazingly relevant to today's headlines Business Week Why did it take twenty five years to balance the federal budget And why did that goal seem politically impossible up until the last possible moment Why hasn't the nation achieved a single budget surplus since 1969 Why did the first Republican Congress since the 1950s fail so miserably to redeem its most important promise to voters In *Balancing Act* George Hager and Eric Pianin two of the country's top political journalists provide fascinating answers The question of the deficit is the reigning obsession of modern politics Never simply a quarrel over numbers the deficit has always been a moral issue as well as a fiscal one a bitter fight to the political death over competing ideas about the right to shape the nation's values and to proclaim publicly what those values are Bringing key political players like Newt Gingrich Bill Clinton Ronald Reagan and George Mitchell vividly to life Hager and Pianin provide a gripping and revealing look at what goes on behind the closed doors of Capitol Hill Vivid provocative rich in anecdote and drama *Balancing Act* is a useful primer on the history of deficit spending Los Angeles Times

The Best Books for Academic Libraries: Social sciences, 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers

The World Bank Devesh Kapur, John P. Lewis, Richard C. Webb, 2011-08-01 This effort constitutes the most comprehensive and authoritative work to date on the history of the International Bank for Reconstruction and Development or the World Bank Author editors John Lewis Richard Webb and Devesh Kapur chronicle the evolution of this institution and offer insights into its successes failures and prospects for the future The result of their intense labors is an invaluable resource for other researchers and a fascinating study in its own right The work is divided into two volumes The first is organized thematically and examines the critical events and policy issues in the World Bank's development over the last fifty years Chapter topics include poverty alleviation structural adjustment lending environmental programs the International Finance Corporation IFC the International Development Association IDA and the evolution of the Bank as an institution The second volume contains case studies written by experts with experience in the various regions in which the Bank operates There are chapters on the Bank's activities in Korea Mexico Africa South Asia and Eastern Europe Volume 2 also contains essays on the World Bank's relationship with the United States Japan and Western Europe and its partnership with the International Monetary Fund IMF By special arrangement the authors have had wide ranging access to confidential documents at the World Bank making this work a unique source of information on the internal workings of this critical institution They have also drawn on extensive interviews with current and past Bank officials Moreover publication could not be more timely coming as it does when many

in the development community and in the U S Congress are questioning the Bank s track record and even its reason for existence The World Bank Its First Half Century will be of great interest not only to development practitioners but also to students of international relations development economics and global finance During the course of the project John P Lewis and Richard Webb were nonresident senior fellows and Devesh Kapur was a program associate in the Foreign Policy Studies program at the Brookings Institution Nomination of Robert Zoellick United States. Congress. Senate. Committee on Finance,2001 *One Nation, Uninsured* Jill Quadagno,2006-10-09 Every industrial nation in the world guarantees its citizens access to essential health care services every country that is except the United States In fact one in eight Americans a shocking 43 million people do not have any health care insurance at all One Nation Uninsured offers a vividly written history of America s failed efforts to address the health care needs of its citizens Covering the entire twentieth century Jill Quadagno shows how each attempt to enact national health insurance was met with fierce attacks by powerful stakeholders who mobilized their considerable resources to keep the financing of health care out of the government s hands Quadagno describes how at first physicians led the anti reform coalition fearful that government entry would mean government control of the lucrative private health care market Doctors lobbied legislators influenced elections by giving large campaign contributions to sympathetic candidates and organized grassroots protests conspiring with other like minded groups to defeat reform efforts As the success of Medicare and Medicaid in the mid century led physicians and the AMA to start scaling back their attacks the insurance industry began assuming a leading role against reform that continues to this day One Nation Uninsured offers a sweeping history of the battles over health care It is an invaluable read for anyone who has a stake in the future of America s health care system **The Publishers Weekly** ,1994 State of the Union Nelson Lichtenstein,2013-08-25 In a fresh and timely reinterpretation Nelson Lichtenstein examines how trade unionism has waxed and waned in the nation s political and moral imagination among both devoted partisans and intransigent foes From the steel foundry to the burger grill from Woodrow Wilson to John Sweeney from Homestead to Pittston Lichtenstein weaves together a compelling matrix of ideas stories strikes laws and people in a streamlined narrative of work and labor in the twentieth century The labor question became a burning issue during the Progressive Era because its solution seemed essential to the survival of American democracy itself Beginning there Lichtenstein takes us all the way to the organizing fever of contemporary Los Angeles where the labor movement stands at the center of the effort to transform millions of new immigrants into alert citizen unionists He offers an expansive survey of labor s upsurge during the 1930s when the New Deal put a white male version of industrial democracy at the heart of U S political culture He debunks the myth of a postwar management labor accord by showing that there was at most a limited unstable truce Lichtenstein argues that the ideas that had once sustained solidarity and citizenship in the world of work underwent a radical transformation when the rights centered social movements of the 1960s and 1970s captured the nation s moral imagination The labor movement was

therefore tragically unprepared for the years of Reagan and Clinton although technological change and a new era of global economics battered the unions their real failure was one of ideas and political will Throughout Lichtenstein argues that labor's most important function in theory if not always in practice has been the vitalization of a democratic ethos at work and in the larger society To the extent that the unions fuse their purpose with that impulse they can once again become central to the fate of the republic State of the Union is an incisive history that tells the story of one of America's defining aspirations This edition includes a new preface in which Lichtenstein engages with many of those who have offered commentary on State of the Union and evaluates the historical literature that has emerged in the decade since the book's initial publication He also brings his narrative into the current moment with a final chapter Obama's America Liberalism without Unions Right Star Rising: A New Politics, 1974-1980 Laura Kalman, 2010-06-28 Tells the history of the Ford Carter years discusses the relevance of the period's politics on today's issues and explains its shaping of the current political environment **Talking Book Topics**, 1997 **Financing for Development** Percy S. Mistry, 2002 This publication addresses the key issues surrounding financing for development FfD the subject of the International UN Conference on Financing for Development UNCFD in Mexico in 2002 It is a useful guide for policy makers in developed and developing countries private sector institutions and international financial institutions **The Age of Deficits** Iwan W. Morgan, 2009 This first historical study of U S budget policy covering the last three decades places the budget at the center of modern American politics and adds an important dimension to the understanding of recent events

Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics Introduction

In today's digital age, the availability of Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical.

for studying or referencing. When it comes to accessing Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Self Inflicted Wounds From Lbjs Guns And Butter To Reagans Voodoo Economics books and manuals for download and embark on your journey of knowledge?
