Self Knowledge And The Light Of God:

Self-Knowledge and God's Light Watchman Lee,1998-02 **Understanding Watchman Nee** Dongsheng John Wu,2012-04-01 This book situates Nee's view within the rich heritage of the Protestant Catholic and Eastern Orthodox spiritual traditions and thus renders Nee's thought more intelligible to Christians of both evangelical and more liberal persuasions In this book Dongsheng John Wu examines Watchman Nee's thought on the spiritual life focusing on the relationship between spiritual formation and spiritual knowledge Different ways of acquiring spiritual understanding are explored including the respective roles of divine illumination intellectual studies and life circumstances Understanding Watchman Nee begins by synthesizing strategic aspects of Nee's teachings as well as formative events and sources in the development of Nee's own spirituality and theology It then utilizes the critical work of contemporary theologian Mark McIntosh to bring Nee's voice into dialogue with some important figures in the history of Christian spirituality Such interactions reveal that Nee's crucial theological convictions exhibit strong parallels with related themes found in the church's spiritual or mystical treasures **The Finest of the Wheat, vol 1 - Hardcover** Watchman Nee,1992-10-01 This is the best of Watchman Nee's teaching Excerpts are taken from almost all his published works They are topically arranged under 48 subjects covering all aspects of truth A sketch of Watchman Nee's life is given to introduce this collection Here is the most complete summary of Nee's writings Every Christian should read them [The Finest of the Wheat, vol 1](#) Watchman Nee,1992-10-01 This is Volume 1 of a compilation of excerpts from nearly all of Watchman Nee's published works written during the long course of his ministry of preaching and teaching in China and throughout the world **The Light That Is Given** Patricia Dallmann,2024-06-28 Speaking from the traditional Quaker claim of inward knowledge of Christ the Light the author shows her accord with early Friends writings and the Scriptures they affirmed Promptings arising from daily readings and personal interactions provide the starting point for many of the book's essays Other genres including interviews and dialogues also present a perspective that largely has been lost to modern day forms of the faith Though not allowing authoritative texts to displace the prerogative of Spirit the author often cites both Scriptures and seventeenth century Friends to support her themes with their good sense and authority and thus she demonstrates the unity of the faith from century to century from millennium to millennium **Spiritual Knowledge** Watchman Nee,2009-09-26 My people are destroyed for lack of knowledge Hosea 4:6 So mourned the prophet Hosea The glory of the gospel of Jesus Christ is that all shall know God from the least to the greatest of them Heb 8:11 Spiritual knowledge is open to all God's children today It is therefore not only our duty but also our privilege to seek this knowledge In the present volume brother Watchman Nee attempts to help us to develop this spiritual knowledge He points out the difference between mental knowledge and spiritual knowledge shows the ways to the true knowledge of God as well as of ourselves and explains the relationship between spiritual knowledge and the renewed mind **Augustine Through the Ages** Allan Fitzgerald,John C. Cavadini,1999 This

Know Yourself Ole Jakob Filtvedt,Jens Schröter,2023-12-31 The book explores ancient interpretations and usages of the famous Delphic maxim know yourself The primary emphasis is on Jewish Christian and Greco Roman sources from the first four centuries CE The individual contributions examine both direct quotations of the maxim as well as more distant echoes Most of the sources included in the book have never previously been studied in any detail with a view to their use and interpretation of the Delphic maxim Thus the book contributes significantly to the origin and different interpretations of the maxim in antiquity as well as to its reception history in ancient philosophical and theological discourses The chapters of the book are linked to each other by numerous cross references which makes it possible to compare the different views of the maxim with each other It also helps readers to notice relationships and trajectories within the material The explorations of the relevant sources are also set in the context of ongoing debates about the shape and nature of ancient conceptions of self and self knowledge The book thus demonstrates the wide variety of philosophical and theological approaches in that the injunction to know oneself could be viewed and how these interpretations provide windows into ancient discourses about self and self knowledge

Whidden (III), 2014 *Light* is one of the most ancient and significant metaphors adopted by Christianity by which to understand the significance of Jesus Christ This book establishes the theological network formed by the motif of light illumination in Aquinas from how theology operates to the systematic sacramental and moral coordinates in Aquinas theology

The Domain of the Word John Webster, 2012-06-28 The book brings together a set of related studies on the nature of Scripture and of Christian theology by one of the most prominent representatives of Protestant theology of our time After a brief introduction on the setting of the book and its major themes the first part of the volume examines topics on the nature and interpretation of Scripture A comprehensive proposal about Scripture and its interpretation is followed by a study of Scripture as the embassy of the risen Christ and by three related chapters analyzing the ways in which widely different major modern theologians Barth T F Torrance and Rowan Williams have understood the nature and interpretation of the Bible The second part of the volume makes a cumulative proposal about the nature and tasks of Christian theology examining the fundamental principles of systematic theology the distinctive role and scope of reason in Christian theology the relation of theology to the humanities and the vocation of theology to promote the peace of the church *The Light of the Soul* Nicholas Jolley, 1998 Although the concept of an idea played a central role in seventeenth century theories of mind and knowledge philosophers were divided over the nature of ideas This book examines an important but little known debate on ideas in Leibniz Malebranche and Descartes bringing out its serious implications for a number of major topics in seventeenth century philosophy *God's Grand Design* William R.
