**Emotional Intelligence Test** Robert Moment , 2022-02-14 Is your Emotional Intelligence all it should be Are you in complete control of your emotions Do you have the empathy required to find success in your career In the past it was believed that our Intelligence Quotient was what made for success in our careers and business life In more recent times however Emotional Intelligence EQ has been found to have much greater value and is consistently being seen as a preferable trait for employers who are looking for employees who possess it Your EQ Score is the Number 1 Predictor of Career Success This book Emotional Intelligence Test will help you as an employee to discover your EQ score through chapters that include How EQ applies in the modern workplace Improving your EQ Coaching strategies to improve your EQ Using EQ to improve remote working Training tips for managers EQ tips for dealing with toxic employees And lots more Having a high degree of Emotional Intelligence means having a much better chance of getting the job you want and climbing the promotion ladder If you want to find the success that you deserve showing your EQ skills is a huge step towards it and Emotional Intelligence Test will help you evaluate your ability

**Emotional Intelligence and Leadership Styles** Eniola O. Olagundoye, 2019 All around the world information technology is evolving at an alarming rate and it could be challenging keeping up with the growing changes that we are witnessing with it This paper explored the relationship between emotional intelligence and leadership styles among information technology professionals Does emotional intelligence predict leadership style and do leadership styles predict emotional intelligence components A total of 185 participants were involved in this study The leadership styles which are comprised of transformational transactional and passive avoidant were measured by the Multifactor Leadership Questionnaire MLQ 5X Bass Avolio 1995 The emotional intelligence components which are comprised of perception of emotion managing own emotions managing others emotions and utilization of emotion were measured by the Schutte Self Report Emotional Intelligence Test SSEIT Schutte et al 2009 The demographic areas controlled in this study include gender age ethnicity education and tenure Multiple regression was conducted on each of the seven hypotheses in this

study and it was determined that transformational leadership style and transactional leadership style were predictors of perception of emotion managing others emotions and utilization of emotion This study also revealed that transformational leadership style was a predictor of managing own emotions Surprisingly transactional leadership style was not a predictor of managing own emotions As expected there was no significant correlation discovered between passive avoidant leadership style and emotional intelligence Furthermore the results showed that emotional intelligence was a predictor of both transformational and transactional leadership styles This study discovered that gender was a significant variable and females scored higher than males in the emotional intelligence component of managing others emotions The findings in this study coincide with the body of literature that exists which revealed positive relationships between emotional intelligence components and transformational and transactional leadership styles
