Education David Guralnick, Michael E. Auer, Antonella Poce, 2022-12-15 New technologies provide us with new opportunities to create new learning experiences leveraging research from a variety of disciplines along with imagination and creativity. The Learning Ideas Conference was created to bring researchers, practitioners, and others together to discuss, innovate, and create. The Learning Ideas Conference 2022 was the 15th annual conference and was the first time the conference was held as a hybrid event. The conference took place from June 15 to 17, 2022, both in New York and online and included two special tracks: The Adaptive Learning via Interactive Collaborative and Emotional Approaches (ALICE) Special Track and a track on Inclusive Learning. Topics covered in this book include, among others, online learning methodologies, diversity and inclusion in learning, case studies in university and corporate settings, new technologies in learning such as virtual reality, augmented reality, holograms, and artificial intelligence, adaptive learning, and project-based learning. The papers included in this book are of interest to researchers in pedagogy and learning theory, university faculty members and administrators, learning and development specialists, user experience designers, and others.

Tradition and Innovation Maria do Rosário Monteiro, Mário Ming

Kong, 2021-06-29 The texts presented in *Proportion, Harmonies, and Identities: PHI Tradition and Innovation* were compiled with the intent to establish a multidisciplinary platform for the presentation, interaction, and dissemination of researches. They also aim to foster the awareness and discussion on the topic of Tradition and Innovation, focusing on different visions relevant to Architecture, Arts, and Humanities, Design, and Social Sciences, and its importance and benefits for the sense of identity, both individual and communal. The idea of Tradition and Innovation has been a significant motor for development since the Western Early Modern Age. Its theoretical and practical foundations have become the working tools of scientists, philosophers, and artists who seek strategies and policies to accelerate the development process in different contexts.
