Self Between From Freud To The New Social Psychology Of France:

The Self Between Eugene Webb, 2014-12-01 After the disappointing events of the 1960s including the loss of Algeria the Soviet invasion of Czechoslovakia and the American war in the former French colony of Indo China people in France began to look seriously to Freudianism in the transformed version of Jacques Lacan for a new way of understanding human relations and the relations between human beings and society The movement in France is not specifically psychoanalytic but developed against such a background Psychoanalytic thought acquired the kind of centrality in French intellectual life once associated with existentialism and Marxism and later with structuralism a centrality it probably never possessed in the United States even at the peak of its popularity The movement was a reassessment and rethinking of Freud's thought and influence and it was a movement that was almost unknown to the American public *The Theology of Louis-Marie Chauvet* Glenn Ambrose, 2016-02-24 The Theology of Louis Marie Chauvet provides a much needed accessible introduction to the philosophical and theological foundations of Chauvet's sacramental theology Particular attention is given to his appropriation of Heidegger and use of the Social Sciences to elucidate the nature of the symbolic exchange that lies at the heart of the sacramental tradition This book highlights the prophetic deconstructive and even iconoclastic message for contemporary society and the church implicit in the Eucharistic liturgy Common conceptions of God's presence and sacrifice are critically analyzed and the connection between sacramental worship and ethics is emphasized Discovering Girard Michael Kirwan, 2005-08-25 Really wonderful an elegantly written initiation into the mimetic theory I am lucky to have interpreters who understand what I want to say and who can write so well Ren Girard The work of Ren Girard is hugely influential in literature and cultural studies But it is in understanding the relationship between religion and violence that his theory has created its greatest impact Girard's understanding of mimetic rivalry and conflict and of scapegoating is seen by many to be the key to a completely new understanding of Christianity Girard's name evokes curiosity and often strong feelings among devotees and skeptics Discovering Girard is the first book to present Girard's work to a wider audience It explains and appraises Girard's mimetic theory shows its impact on theology and other disciplines and manages to convey the excitement that a discovery of Girard's ideas often generates in readers Crucified Wisdom S. Mark Heim, 2018-12-04 Winner of the Frederick Streng Book Award for Excellence in Buddhist Christian Studies This work provides the first systematic discussion of the Bodhisattva path and its importance for constructive Christian theology Crucified Wisdom examines specific Buddhist traditions texts and practices not as phenomena whose existence requires an apologetic justification but as wells of tested wisdom that invite theological insight With the increasing participation of Christians in Buddhist practice many are seeking a deeper understanding of the way the teachings of the two traditions might interface Christ and the Bodhisattva are often compared superficially in Buddhist Christian discussion This text combines a rich exposition of the Bodhisattva path using Nideva's classic work the Bodhicaryavatara and subsequent Tibetan commentators with detailed reflection on its implications

for Christian faith and practice Author S Mark Heim lays out root tensions constituted by basic Buddhist teachings on the one hand and Christian teachings on the other and the ways in which the Bodhisattva or Christ embody and resolve the resulting paradoxes in their respective traditions An important contribution to the field of comparative theology in general and to the area of Buddhist Christian studies in particular Crucified Wisdom proposes that Christian theology can take direct instruction from Mah y na Buddhism in two respects deepening its understanding of our creaturely nature through no self insights and revising its vision of divine immanence in dialogue with teachings of emptiness Heim argues that Christians may affirm the importance of novelty in history the enduring significance of human persons and the Trinitarian reality of God even as they learn to value less familiar nondual dimensions of Christ s incarnation human redemption and the divine life Crucified Wisdom focuses on questions of reconciliation and atonement in Christian theology and explores the varying interpretations of the crucifixion of Jesus in Buddhist Christian discussion The Bodhisattva path is central for major contemporary Buddhist voices such as the Dalai Lama and Th ch Nh t Hanh who figure prominently as conversation partners in the text This work will be of particular value for those interested in dual belonging in connection to these traditions

The Genealogy of Violence Charles K. Bellinger,2001-05-03 Bellinger draws on the thought of S oren Kierkegaard and Ren Girard in search of a Christian understanding of the roots of violence After analysing approaches to understanding violence he goes on to consider Kierkegaard as a theorist of violence

The Psychopolitics of Fashion Otto Von Busch,2020-02-20 What if fashion was a state What kind of state would it be Probably not a democracy Otto von Busch sees fashion as a totalitarian state with a population all too eager to enact the decrees of its aesthetic superiority Peers police each other and deploy acts of judgment peer regulation and micro violence to uphold the aesthetic order of fashion supremacy Using four design projects as tools for inquiry Von Busch explores the seductive desires of envy and violence within fashion drawing on political theories He proposes that the violent conflicts of fashion happen not only in arid cotton fields or collapsing factories but in the everyday practice of getting dressed in the judgments sneers and rejections of others Indeed he suggests that feelings of inclusion and adoration are what make us feel the pleasure of being fashionable of being seductive popular and powerful Exploring the conflicting emotions associated with fashion Von Busch argues that while the current state of fashion is bred out of fear The Psychopolitics of Fashion can offer constructive modes of mitigation and resistance Through projects that actively work towards disarming the violent practices of dress Von Busch suggests paths towards a more engaging and meaningful experience of fashion he calls deep fashion

James Alison and a Girardian Theology John P. Edwards,2020-05-14 Opening with a Foreword by James Alison this volume is the first in depth treatment of Alison s theological method John P Edwards shows that Alison s theological project outstrips Ren Girard s application of mimetic theory to theology He concludes that an explicitly Christian theological perspective is necessary for providing a fully coherent account of Girard s notions of conversion and mimetic desire This volume grounds Alison s theological method in

his understanding of the ongoing interaction between conversion and theological reflection which is informed by his use of mimetic theory While Alison describes this method as theology in the order of the discovery the author refers to it as an inductive theology The volume closes by demonstrating that such a theology bears fruit in a renewed understanding of the value of Christian doctrines and particularly the doctrine of revelation *Intellectual Sacrifice and Other Mimetic Paradoxes* Paolo Diego Bubbio,2018-01-01 *Intellectual Sacrifice and Other Mimetic Paradoxes* is an account of Paolo Diego Bubbio s twenty year intellectual journey through the twists and turns of Girard s mimetic theory The author analyzes philosophy and religion as enemy sisters engaged in an endless competitive struggle and identifies the intellectual space where this rivalry can either be perpetuated or come to a paradoxical resolution He goes on to explore topics ranging from arguments for the existence of God to mimetic theory s post Kantian legacy political implications and capacity for identifying epochal phenomena such as the crisis of the self in popular culture Bubbio concludes by advocating for an encounter between mimetic theory and contemporary philosophical hermeneutics an encounter in which each approach benefits and is enriched by the resources of the other The volume features a previously unpublished letter by Ren Girard on the relationship between philosophy and religion **Dialogue and Desire** Rachel Pollard,2018-05-08 This book is an exploration of the relationship between the Russian philosopher Mikhail Bakhtin and contemporary dialogical psychotherapy describing the psychoanalytic and linguistic conception of the dialogical self *Lord Byron and the History of Desire* Ian Dennis,2009 Drawing on the work of Eric Gans and Ren Girard novelist and literary scholar Dennis U of Ottawa contends that British poet Byron 1788 1824 changed his ideas about what could and should be desired during the course of his writing career He considers victory and defeat in the eastern tales heroic victimhood in Prometheus and The Prisoner of Chillon Byron s sincerity and the market in Don Juan Only names and titles are indexed **Conversion as Transformation** Dominic Arcamone,2020-01-29 The process of human transformation is complex and ongoing This book presents a framework for understanding human transformation through the insights of Bernard Lonergan The reader will be introduced to terms such as the turn to the subject consciousness subjectivity and intersubjectivity It will explore terms such as horizon feelings values self esteem sublation conversion dialectic and religious experience The book explores transformation through the way mentors have authored their own lives told their own stories and taken possession of their interiority Transformation is illustrated through the lives of saints and ordinary men and women who did extraordinary things such as St Augustine Dag Hammarskjold Vaclav Havel Franz Jaggerstatter St Therese of Lisieux Fredrich Nietzsche Katherine Ann Power and Marie Cardinal Transformation is also illustrated through the medium of cinema Babette s Feast The Mission As It is in Heaven Romero Dead Poets Society Ordinary People The Godfather trilogy Three Color trilogy The Lord of the Rings trilogy Dial M for Murder and Twelve Angry Men While the book treats religious moral affective intellectual and psychic conversion as moments of transformation it argues that ecological conversion requires all of these so as to meet the most serious moral challenge of our

Selfhood and Sacrifice Andrew O'Shea, 2010-04-08 The Mimetic Brain Jean-Michel Oughourlian, 2016-01-01 The discovery of mirror neurons in the 1990s led to an explosion of research and debate about the imitative capacities of the human brain Some herald a paradigm shift on the order of DNA in biology while others remain skeptical In this revolutionary volume Jean Michel Oughourlian shows how the hypotheses of Ren Girard can be combined with the insights of neuroscientists to shed new light on the mimetic brain Offering up clinical studies and a complete reevaluation of classical psychiatry Oughourlian explores the interaction among reason emotions and imitation and reveals that rivalry the blind spot in contemporary neuroscientific understandings of imitation is a misunderstood driving force behind mental illness Oughourlian's analyses shake the very foundations of psychiatry as we know it and open up new avenues for both theoretical research and clinical practice *Mimesis, Desire, and the Novel* Pierpaolo Antonello, Heather Webb, 2015-10-01 Fifty years after its publication in English Ren Girard's Deceit Desire and the Novel 1965 has never ceased to fascinate challenge inspire and sometimes irritate literary scholars It has become one of the great classics of literary criticism and the notion of triangular desire is now part of the theoretical parlance among critics and students It also represents the genetic starting point for what has become one of the most encompassing challenging and far reaching theories conceived in the humanities in the last century mimetic theory This book provides a forum for new generations of scholars and critics to reassess challenge and expand the theoretical and hermeneutical reach of key issues brought forward by Girard's book including literary knowledge realism and representation imitation and the anxiety of influence metaphysical desire deviated transcendence literature and religious experience individualism and modernity and death and resurrection It also provides a more extensive and detailed historical understanding of the representation of desire imitation and rivalry within European

and world literature from Dante to Proust and from Dickens to Jonathan Littell **Violence, Desire, and the Sacred** Scott Cowdell, Chris Fleming, Joel Hodge, 2012-08-16 Showcases the application of Ren Girard's mimetic theory across a range of disciplines including philosophy religious studies literature and cultural studies **Worldview and Mind** Eugene Webb, 2009 Looking at a broad spectrum of religions Webb examines the relation between religion and modernity and explores what psychological analysis reveals about the relationship between stages of psychological development and ways of being religious that range from closed minded to open minded tolerance Provided by publisher **Sacrifice in the Post-Kantian Tradition** Paolo Diego Bubbio, 2014-07-07 An examination of the philosophical notion of sacrifice from Kant to Nietzsche In this book Paolo Diego Bubbio offers an alternative to standard philosophical accounts of the notion of sacrifice which generally begin with the hermeneutic and postmodern traditions of the twentieth century starting instead with the post Kantian tradition of the nineteenth century He restructures the historical development of the concept of sacrifice through a study of Kant Solger Hegel Kierkegaard and Nietzsche and shows how each is indebted to Kant and has more in common with him than is generally acknowledged Bubbio argues that although Kant sought to free philosophical thought from religious foundations he did not thereby render the role of religious claims philosophically useless This makes it possible to consider sacrifice as a regulative and symbolic notion and leads to an unorthodox idea of sacrifice not the destruction of something for the sake of something else but rather a kenotic emptying conceived as a withdrawal or a making room for others René Girard's Mimetic Theory Wolfgang Palaver, 2013-01-01 A systematic introduction into the mimetic theory of the French American literary theorist and philosophical anthropologist Ren Girard this essential text explains its three main pillars mimetic desire the scapegoat mechanism and the Biblical difference with the help of examples from literature and philosophy This book also offers an overview of Ren Girard's life and work showing how much mimetic theory results from existential and spiritual insights into one's own mimetic entanglements Furthermore it examines the broader implications of Girard's theories from the mimetic aspect of sovereignty and wars to the relationship between the scapegoat mechanism and the question of capital punishment Mimetic theory is placed within the context of current cultural and political debates like the relationship between religion and modernity terrorism the death penalty and gender issues Drawing textual examples from European literature Cervantes Shakespeare Goethe Kleist Stendhal Storm Flaubert Dostoevsky Proust and philosophy Plato Camus Sartre Lvi Strauss Derrida Vattimo Palaver uses mimetic theory to explore the themes they present A highly accessible book this text is complemented by bibliographical references to Girard's widespread work and secondary literature on mimetic theory and its applications comprising a valuable bibliographical archive that provides the reader with an overview of the development and discussion of mimetic theory until the present day **One in Christ** Timothy R. Gabrieli, 2017-11-30 What happened to the mystical body A theology that stoked much theological creativity in the first half of the twentieth century both in Europe and in the United States had receded by the latter half of the century

One in Christ explores the theology of the mystical body of Christ as developed by Virgil Michel OSB examines the reasons for its decline and traces it throughout the work of Louis Marie Chauvet a surprising custodian of the mystical body's French stream By delineating three major streams of mystical body theology Timothy R Gabrielli helps readers understand it more clearly and in so doing lays the groundwork for harvesting its potential for contemporary theology
