Self Confidence Audio Cassette By Effective Learning:

Enhancing Self Esteem C. Jesse Carlock, 2013-10-08 Providing comprehensive coverage of self esteem this text presents a four phase process Identity Strengths and Weaknesses Nurturance and Maintenance which is described along with the resistance on encounters and provides the basis for successfully enhancing self esteem Interventions are outlined to bring together theory and methods cognitive emotional and behavioral The strategies included are applicable to several populations child teen and adult and several settings school business and community For both children and adults this book is designed to be a textbook for courses workshops and seminars It will also serve as an excellent resource for teachers and counselors and will be used by individuals for self improvement Some key features of the third edition are It translates theory into practice provides 107 activities with specific procedures and anticipated outcomes relates each activity to one of four phase processes utilizes a systematic approach to enhancing self esteem incorporates cognitive emotional and behavioral aspects of individuals

Deep Healing Emmett E. Miller, M.D., 1996-12-01 Deep Healing brings new hope to every reader It awakens even the most skeptical among us to the miraculous inborn self healing capacities of our mind body Emmett Miller M D practicing as a traditional family doctor for 20 years discovered that when a part of your body is sick the whole body system is out of balance He saw that how his patients thought about and saw life affected and seemed to create whatever their current state of health was He has stated that it is not enough to heal the particular illness without understanding the emotional and psychological basis for the ailment or problem We must heal the entire person not just a specific part Dr Miller has had great success with guided imagery to promote physical health and emotional well being He has even been successful using guided imagery to do minor surgery without any anesthetic again proving the mind body connection and the control of our bodies by our thoughts Through the presentation of stories reflections and case studies Dr Miller presents his wonderful deep healing theories that will instill a new sense of hope and optimism into all who read this book
