cultural and psychoanalytic perspectives exploring whether it is a subversive force capable of breaking down entrenched social political and cultural norms and structures or whether in spite of its role in the fight against certain barriers it is in fact a highly conservative impulse Exploring both the grounds for the central place of Romantic love in contemporary lives and the meaning extent and nature of its supposed radicalism this volume considers love from a variety of theoretical perspectives with attention to matters of gender sexuality class and ethnicity With authors examining a range of questions including the role of love in the same sex marriage debate polyamory and the notion of love as a political force The Radicalism of Romantic Love illuminates a fundamental but perplexing aspect of our contemporary lives and will appeal to scholars across the social sciences and humanities with interests in the emotions and love as a social and political **Historical Dictionary of Ethics** Daniel Bonevac, 2023-10-15 Ethics the practical part of philosophy tries to answer three questions central to human life What kind of person should I be What should I do How should I decide It defines describes and explains the important terms concepts theories and thinkers from all areas and eras of the history of ethics from Abba Mika el to Zhuangzi from the Abilene Paradox to Zen Buddhism including such central figures as Aristotle Hegel Kant and Plato as well as lesser known thinkers such as Clarke Fichte Meinong and Xenophon It covers Western and non Western traditions and presents detailed treatments of ancient and medieval ethics including discussions of each of Plato s dialogues that concerns ethical topics It covers both analytic and continental approaches to contemporary moral thinking Historical Dictionary of Ethics Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on the important terms concepts theories and thinkers from all areas and eras of the history of ethics This book is an excellent resource for students researchers and anyone wanting to know more about ethics Moral Creativity John Wall, 2005-08-11 In Moral Creativity John Wall argues that moral life and thought are inherently and radically creative Human beings are called by their own primordially created depths to exceed historical evil and tragedy through the ongoing creative transformation of their world This thesis challenges ancient Greek and biblical separations of ethics and poetic image making as well as contemporary conceptions of moral life as grounded in abstract principles or preconstituted traditions Taking as his point of departure the poetics of the will of Paul Ricoeur and ranging widely into critical conversations with Continental narrative feminist and liberationist ethics Wall uncovers the profound senses in which moral practice and thought involve tension catharsis excess and renewal In the process he draws new connections between sin and tragedy practice and poetics and morality and myth Rather than proposing a complete ethics Moral Creativity is a meta ethical work investigating the creative capability as part of what it means morally to be human This capability is explored around four dimensions of ontology teleology deontology and social practice In each case Wall examines a traditional perspective on the relation of ethics to poetics critiques it using resources from contemporary phenomenology and develops a conception of a more original poetics of moral life In the end moral creativity is a human

capability for inhabiting tensions among others and in social systems and in the image of a Creator creating together an ever more radically inclusive moral world Philosophising Experiences and Vision of the Female Body, Mind, and Soul: Historical Context and Contemporary Theory Musingafi, Maxwell Constantine Chando, Mafumbate, Racheal, Khumalo, Thandi Fredah, 2021-04-23 Much of our understanding of the world our societies and ourselves rests on theories and knowledge generated predominantly by men of certain nationalities and economic classes This male dominated and culturally specific theorizing and knowledge have generally resulted in the exclusion of women and other groups from the process of formal theorizing and knowledge building Feminism argues that the male dominated knowledge represents a skewed perception of reality and is only partial knowledge Feminism is a generalized wide ranging system of ideas about social life and human experience developed from a woman centered perspective It treats women as the central subjects in the investigative process and seeks to see the world from the distinctive vantage points of women in the social world The best way to empower women and better the situation for women is to take women s daily experiences and their informal theorizing into account and on this basis adopt feminist approaches to building theory and knowledge Philosophising Experiences and Vision of the Female Body Mind and Soul Historical Context and Contemporary Theory provides an overview and introduction to the study of feminist theory and practice in the social sciences This book provides a starting point for further and more advanced study of the nexus of feminism gender and development and translates feminist theory and concepts into practice The chapters investigate in a historical context mainstream and contemporary theories of feminism and gender studies This book is ideal for post graduate students of social science researchers of development management business management public governance and gender and development activists feminists and practitioners stakeholders researchers academicians and students interested in feminist theory and knowledge building Historical Theology Made Easy C. Matthew McMahon, 2012-09-05 This work on historical theology follows key Christian beliefs chronologically discussing the most important movements and doctrinal developments for theology according to their historical appearance Historical Theology Made Easy offers students of the Bible the opportunity to study the historical development of theology according to God's providence throughout the history of the Christian church This approach allows readers to concentrate practically on the development of Christian teachings and their formulation in the early church through the Middle Ages Reformation post Reformation and into the modern period This book includes key primary sources citing quotes from Iranaeus Augustine Aquinas Luther Calvin the Puritans and others It makes historical theology which is often overwhelming easy to follow Historical Memory in Africa Mamadou Diawara, Bernard Lategan, Jörn Rüsen, 2010-06-01 A vast amount of literature both scholarly and popular now exists on the subject of historical memory but there is remarkably little available that is written from an African perspective This volume explores the inner dynamics of memory in all its variations from its most destructive and divisive impact to its remarkable potential to heal and reconcile It addresses issues on both the

conceptual and the pragmatic level and its theoretical observations and reflections are informed by first hand experiences and comparative reflections from a German Indian and Korean perspective A new insight is the importance of the future dimension of memory and hence the need to develop the ability to remember with the future in mind Historical memory in an African context provides a rich kaleidoscope of the diverse experiences and perspectives and yet there are recurring themes and similar conclusions connecting it to a global dialogue to which it has much to contribute but from which it also has much G.
