## **Self Esteem The New Reformation:**

**Self-Esteem** Robert Harold Schuller,1984-04      **Self-esteem** Robert Harold Schuller,1985      Self-Esteem Robert H. Schuller,1986-06      Self esteem ,      **Positively Powerless** L.L. Martin,2015-12-30 Thou shalt not be negative A vast movement of positive thinking took the twentieth century by storm and engulfed every area of our livesincluding our churches Put simply positive thinking became a part of what it means to be an American But should it be part of what it means to be a Christian L L Martin exposes the eye opening history of this movement documenting its roots in occult mystical and Eastern religious ideas Though Christianity came under its power the two philosophies stand in stark conflict As a result Christ was dethroned and the self was made sovereign rewiring our minds and weakening our faith This practical book immersed in Scripture seeks to reestablish you in a God centered life Deepen your spiritual walk by embracing honesty Discover the neglected paradoxes of Christian living Learn to live in the grace by which you were saved Positively Powerless will help you detect the false gospel of positivity and reconnect to your true source of power the gospel of Jesus Christ Includes questions for personal reflection or group discussion      **The Popular Handbook on the Rapture** Tim LaHaye,Thomas Ice,Ed Hindson,2012-05-01 Why is there so much confusion about how and when the rapture will take place What does the Bible say for certain about this event When will the Tribulation occur and who will face it There is a lot of discussion among Christians about the rapture and the last days Why all the different views And how do those perspectives line up with Scripture Tim LaHaye and Thomas Ice have assembled a team of longtime Bible prophecy experts who look carefully to God s Word for the answers In this book readers will discover what they can know for certain And as they consider the things that still remain uncertain they will gain a renewed trust that God knows what He is doing His plan is perfect and it will unfold in His timing An easy to understand resource that provides much needed clarification about the end times      **A Handbook of Contemporary Theology** David L. Smith,2001-02-01 This introduction to contemporary theology looks at the origin and history of each movement their major figures and doctrinal emphases The author evaluates the teachings and practices of each system in light of biblical Christianity      **How Does America Hear the Gospel?** William A. Dyrness,1989 This is a print on demand book and is therefore non returnable In this book Dyrness explores the relationship between the biblical gospel and American culture He shows how three dominant American cultural values pragmatism optimism and individualism have both a positive and negative impact on our Christian discipleship looks at Walter Rauschenbusch and Robert Schuller as case studies and sets out a distinctively American way of appropriating the gospel      **The Gospel of Justification in Christ** Wayne Stumme,2006 On 31 October 1999 exactly four hundred and eighty two years after Martin Luther nailed his ninety five theses to the church door in Wittenberg the Roman Catholic Church and the Worldwide Lutheran Federation signed a historic joint declaration on the doctrine of justification Recent agreements between Lutheran Reformed and Episcopalian churches have also expressed a shared commitment the doctrine of God s

grace in Christ But what does it mean for churches today Persuaded that the doctrine of justification is also gospel the good news of life in Christ the contributors to *The Gospel of Justification in Christ* engage broadly with this crucial doctrine addressing such topics as the unity of the Church justification's relation to social justice and its significance for interfaith dialogue

**The Glass Church** Mark T. Mulder, Gerardo Martí, 2020-04-17 For most of his life the megachurch ministry of Robert H Schuller in Orange County California displayed an apparent strength that betrayed none of the fractures that lay below the success oriented surface Yet when tested and stressed in the late 2000s the ecclesial structure's accumulated fragility proved to be catastrophic Drawing on extensive data gathered from archives interviews and ethnographic observation *The Glass Church* examines the spectacular collapse of The Crystal Cathedral to better understand both the strength and fragility of Schuller's ministry The apparent success of the ministry obscured the many tensions that often threatened its future Certainly all churches depend on a mix of constituents charisma and capital yet the size and ambition of large churches like Schuller's Crystal Cathedral exert enormous organizational pressures to continue the flow of people committed to the congregation to reinforce the spark of charismatic excitement generated by high profile pastors and to develop fresh flows of capital funding for maintenance of old projects and launching new initiatives The constant attention to expand constituencies boost charisma and stimulate capital among megachurches produces an especially burdensome strain on their leaders By orienting an approach to the collapse of the Crystal Cathedral on these three core elements constituency charisma and capital *The Glass Church* demonstrates how congregational fragility is greatly accentuated in larger churches a notion we label megachurch strain such that the threat of implosion is significantly accentuated by any failures to properly calibrate the inter relationship among these elements

Theology and California Fred Sanders, Jason S. Sexton, 2016-02-17 Exploring California as a theological place this book renders critical engagement with significant Californian religious and theological phenomena and the inherent theological impulses within major Californian cultural icons Harnessing conceptual tools inherent to theology through theological reflection assessment and critique the chapters in this volume begin to ascertain the significance of various empirical data and that no other qualitative methodological Californian study has done Many universities are picking up on California literature as a theme that highlights a place of hope wonder and cultural innovation but have neglected the significance of theological instincts flowing through the Californian dynamic Californians Fred Sanders and Jason Sexton assemble leading voices and specialists both from within and without California for engagement with California's influential culture including leading theologians and cultural critics such as Richard J Mouw Paul Louis Metzger and Fred Sanders alongside leading specialists in Film studies and cultural critique theological anthropology missiology sociology and history

**Losing Our Virtue** David F. Wells, 1999-02 Why the Church must recover its moral vision

*Made In America* Michael S. Horton, 1998-12-16 There is a crisis of truth in our time asserts Michael Horton even in our evangelical church And it is due at least in part to our cultural accommodation Horton believes the time

has come to call evangelicals back to faith and truth      *Thinking Rightly of Christ* Bryan D. Holstrom, 2015-02-25 Is it really that important what we think of Jesus Christ and the nature of his work Does the content of our understanding of him have any practical significance Against a growing tendency in the church to downplay the value of serious theological reflection Bryan Holstrom asserts that thinking rightly of Christ is not only an eminently practical pursuit but one that no thoughtful Christian can afford to neglect With the goal of increasing our appreciation for the significance of Christ and the work that he undertook Holstrom addresses some of the most misunderstood and challenging teachings found in Scripture How can Jesus be God's Son and yet be God himself What is the significance of the Bible's teaching that he was born of a virgin How could he have been tempted and yet remain sinless What does it mean to say that he was perfected by his earthly life Is he still the King of the Jews Why is he called the Savior of the World if not all people are saved What is it about Jesus Christ that makes him uniquely qualified to be the one Mediator between God and men Does it really matter whether we affirm that salvation is available only through him and the work that he did This book helps Christians overcome many of the modern misconceptions that plague our understanding of Christ's person and work The result is not just right thinking but increased devotion to the One who asked What do you think about the Christ      **Heroes and Heretics in the Early Church** Randy Colver, 2009-11-28      9 Keys to Successful Leadership James Merritt, 2016-04-01 I am a compulsive reader of success inspirational and motivational books They don't get any better than this one Pat Williams senior vice president Orlando Magic Your character who you are determines the leadership influence you have with others In 9 Keys to Successful Leadership James Merritt a respected voice on leadership identifies nine essential traits that make leaders less stressed easier to follow and more influential Among the leadership qualities Merritt identifies are making sure someone sees hears or feels love from you each day letting God's joy shine through your life being kind to someone daily by word or deed taking every opportunity to be faithful and dependable treating others as more important than yourself 9 Keys to Successful Leadership points the way for you to become the kind of leader who makes a life changing difference for others perhaps even an eternal difference      Theologies of the 21st Century David L. Smith, 2014-10-02 What theologies are popular and formative of Christian thinking in the present day How should they be assessed by those Christians who want to be in the world without being of the world Theologies of the 21st Century begins with an overview of the historical roots from which current theological thinking has developed and then moves on to a detailed evaluation of the chief doctrinal and practical emphases taking an evangelical biblical perspective that seeks to be at once both critical and irenic      *With Uplifted Head* Al Machiela, Dan Liroy, 2007-10-01 With Uplifted Head Preaching Hope is a book that exalts Christ by giving insight into the biblical teaching about hope The book also shows interested readers how to preach in a way that will foster hope among members of their congregations Because the book is designed for both pastors and lay church leaders it does more than just present a theological understanding of biblical hope It also has plenty of suggestions for preaching hope directly and

indirectly The authors maintain that only biblical hope focused on the resurrection and affirmed by the renewing Holy Spirit can change believers internally and create anticipation for a future in the presence of the living God     **All Things Hold Together in Christ** James K. A. Smith, Michael L. Gulker, 2018-01-02 As Christians engage controversial cultural issues we must remember that all things hold together in Christ Col 1 17 even when it comes to science and faith In this anthology top Christian thinkers including Robert Barron Timothy George Stanley Hauerwas Alasdair MacIntyre Mark Noll and N T Wright invite us to find resources for faithful creative thinking in the riches of the church s theological heritage and its worship traditions     **The Aladdin Factor** Jack Canfield, Mark Victor Hansen, 1995-10-01 Learn how to get everything you want with this motivational book from the 1 New York Times bestselling authors of the Chicken Soup for the Soul series Anything is possible if you dare to ask Personal happiness Creative fulfillment Professional success Freedom from fear and a new promise of joy that s yours for the asking We have the ability at our fingertips to achieve these things It s the Aladdin Factor the magical wellspring of confidence desire and the willingness to ask that allows us to make wishes come true Now bestselling motivational authors Jack Canfield and Mark Victor Hansen introduce us to the Aladdin Factor and help us put it into effect in our own lives The Aladdin Factor helps us by pinpointing the major stumbling blocks to asking and teaching simple techniques to overcome them With inspirational stories about people who have succeeded by asking for what they want this book shows us how to turn our lives around no matter what kind of obstacles we face And with this knowledge we can reap the riches of a truly well lived life a treasure that comes not from an enchanted lamp but from the heart
