# THE SELF SEEKERS

Richard M. Restak, M.D.

Here is a compelling report that un-masks one of the most prevalent — and treacherous — personality disorders occurring in America today. Based on profiles drawn from the practices of prominent psychologists and psychoanalysts, Richard Restak provides a provocative psychological portrait of a personality fast becoming widespread in our culture — the individual who can only function by manipulating and exploiting others.

Who are the self-seekers? How can you recognize them? What techniques of behavior do they use to control you? What underlies their need to dominate others? Why are their numbers increasing? The answers to these questions may surprise and shock you, but they cannot be ignored. *The Self Seekers* is filled with insights into the complex personalities who pervade with alarming accuracy the dynamics of everyone's behavior but their own.
