Wilson, 2020-12-01 In The Twelve we explore the twelve zodiac signs as they relate to the Bible s twelve tribes of Israel and in so doing uncover messages defining the true purpose of the Zodiac More than 6 000 stars are visible from any given point on planet earth and we have learned that these stars serve many purposes Humans used them to navigate their lands and seas and to discover places unknown Ancient civilizations used the stars to mark the times and seasons From a biblical perspective the stars are said to provide humanity with signs and wonders The constellations are widely used in the secular world as an attempt to predict the future or answer some specific question about a subject But this belief misses the
