**Humanitarianism in Question** Michael Barnett, Thomas G. Weiss, 2012-05-15 Years of tremendous growth in response to complex emergencies have left a mark on the humanitarian sector Various matters that once seemed settled are now subjects of intense debate What is humanitarianism Is it limited to the provision of relief to victims of conflict or does it include broader objectives such as human rights democracy promotion development and peacebuilding For much of the last century the principles of humanitarianism were guided by neutrality impartiality and independence More recently some humanitarian organizations have begun to relax these tenets The recognition that humanitarian action can lead to negative consequences has forced humanitarian organizations to measure their effectiveness to reflect on their ethical positions and to consider not only the values that motivate their actions but also the consequences of those actions In the indispensable Humanitarianism in Question Michael Barnett and Thomas G Weiss bring together scholars from a variety of disciplines to address the humanitarian identity crisis including humanitarianism's relationship to accountability great powers privatization and corporate philanthropy warlords and the ethical evaluations that inform life and death decision making during and after emergencies

Rethinking Internal Displacement Frederick Laker, 2021-11-01

Internal displacement has become one of the most pressing geo political concerns of the twenty first century There are currently over 45 million internally displaced people worldwide due to conflict state collapse and natural disaster in such high profile cases as Syria Yemen and Iraq To tackle such vast human suffering in the last twenty years a global United Nations regime has emerged that seeks to replicate the long established order of refugee protection by applying international law and humanitarian assistance to citizens within their own borders This book looks at the origins structure and impact of this new UN regime and whether it is fit for purpose

**The Handbook of Global Security Policy** Mary Kaldor, Iavor Rangelov, 2014-03-20 This Handbook brings together 30 state of the art essays covering the essential aspects of global security research and practice for the 21st century Embraces a broad definition of security that extends beyond the threat of foreign military attack to cover new risks for violence Offers comprehensive coverage framed around key security concepts risks policy tools and global security actors Discusses pressing contemporary issues including terrorism disarmament genocide sustainability international peacekeeping state building natural disasters energy and food security climate change and cyber warfare Includes insightful and accessible contributions from around the world aimed at a broad base of scholars students practitioners and policymakers

*Disaster, Conflict and Society in Crises* Dorothea Hilhorst, 2013-07-18 Humanitarian crises resulting from conflict natural disaster or political collapse are usually perceived as a complete break from normality spurring special emergency policies and interventions In reality there are many continuities and discontinuities between crisis and normality What does this mean for our understanding of politics aid and local institutions during crises This book examines this question from a sociological perspective This book provides a qualitative inquiry into the social and political dynamics of local institutional response international policy and aid interventions in crises caused by conflict or natural disaster Emphasising the importance of everyday practices this book qualitatively unravels the social and political working of policies aid programmes and local institutions The first part of the book deals with the social life of politics in crisis Some of the questions raised are What is the meaning of human security in practice How do governments and other actors use crises to securitize and hence depoliticize their strategies The second part of the book deals with the question how local institutions fare under and transform in response to crises Conflicts and disasters are breakpoints of social order with a considerable degree of chaos and disruption but they are also marked by processes of continuity and re ordering or the creation of new institutions and linkages This part of the book focuses on institutions varying from inter ethnic marriage patterns in Sri Lanka to situation of institutional multiplicity in Angola The final part of the book concerns the social and political realities of different domains of interventions in crisis including humanitarian aid peace building disaster risk reduction and safety nets to address chronic food crises This book gives students and researchers in humanitarian studies disaster studies conflict and peace studies as well as humanitarian and military practitioners an invaluable wealth of case studies and unique political science analysis of the humanitarian studies field

*Shaping the Humanitarian World* Peter Walker, Daniel G. Maxwell, 2014-08-07 Origins of the international humanitarian system Mercy and manipulation in the Cold War The globalization of humanitarianism from the end of the Cold War to the global war on terror States as responders and donors International organizations NGOs and private action A brave new world a better future

The Politics of International Political Theory Mathias Albert, Anthony F. Lang Jr., 2018-08-13 This book assesses the impact of the work of Chris Brown in the field of International Political Theory The volume engages with general issues of IPT as well as basic issues such as the use and role of practical reasoning and presents a nuanced understanding about issues regarding the legitimacy of war and violence It explores questions that pertain to human rights morality and ethics and generally an outlook for devising a better world The project is ideal for audiences with interest in International Relations Ethics and Morality Studies and International Political Theory

**Mitigating Conflict** Henry F. Carey, Oliver P. Richmond, 2004-08-02 Drawing upon the writings of academics and activists this collection explores the roles that have emerged for NGOs as they have engaged more with peacekeeping and peacebuilding initiatives in various locations around the world

Today We Drop Bombs, Tomorrow We Build Bridges Peter Gill, 2016-05-15 An indispensable inquiry into our moral health and humanity LSE Review of Books The war on terror has politicised foreign aid as never before Aid workers are being killed at an alarming rate and civilians in war torn countries abandoned to their fate From the ravaged streets of Mogadishu to the unending struggle in Helmand Peter Gill travels to some of the most conflict stricken places on earth to reveal the true relationship between the aid business and Western security While some agencies have clung to their neutrality against ever stiffer odds others have compromised their impartiality to secure the flow of official funds In a world where the advance of Islamic State constitutes the gravest affront to humanitarian practice and principle the aid community has faced in decades Gill poses the crucial question can Western nations fight in a country and aid it at the same time

**Humanitarianism** Tim Allen, Anna Macdonald, Henry Radice, 2018-06-27 The field of humanitarianism is characterised by profound uncertainty by a constant need to respond to the unpredictable and by concepts and practices that often defy simple or straightforward explanation Humanitarians often find themselves not just engaged in the pursuit of effective action but also in a quest for meaning That is the starting point for this book Humanitarian action has in recent years confronted geopolitical challenges that have upended much of its conventional modus operandi and presented threats to its foundational assumptions and legal frameworks The critical interrogation of the purpose practice and future of humanitarian action has yielded a rich new field of enquiry humanitarian studies and many thoughtful books articles and reports So the question arose as to the most useful way to provide a critical overview that might serve to bring some definitional clarity as well as analytical rigor to the waves of critique and shifting sands of humanitarian action Humanitarianism A Dictionary of Concepts provides an authoritative analysis that attempts to rethink rather than merely problematize or define the issues at stake in contemporary humanitarian debates It is an important moment to do so Just about every tenet of humanitarianism is

currently open to question as never before      **NGOs as Advocates for Development in a Globalising World** Barbara Rugendyke, 2007-12-12 This book traces the recent growth in NGO advocacy Barbara Rugendyke presents empirical findings about the impacts of NGO advocacy activity on the policies and practices of global and regional institutions The research reveals the mixed successes of advocacy as a strategy for addressing the ongoing causes of poverty in developing nations Case studies illustrate the advocacy work of Australian NGOs of British NGOs policies about engaging with multinationals of Oxfam International s advocacy directed at World Bank policies and NGO advocacy in the Mekong Region Adopting an interdisciplinary approach the mixed successes of advocacy as a strategy used by NGOs in attempting to address the ongoing causes of poverty in developing nations are examined This volume is a useful aid to researchers students and lecturers and to development practitioners interested in advocacy as a development strategy      *The New Humanitarians in International Practice* Zeynep Sezgin, Dennis Dijkzeul, 2015-12-14 As humanitarian needs continue to grow rapidly humanitarian action has become more contested with new actors entering the field to address unmet needs but also challenging long held principles and precepts This volume provides detailed empirical comparisons between emerging and traditional humanitarian actors It sheds light on why and how the emerging actors engage in humanitarian crises and how their activities are carried out and perceived in their transnational organizational environment It develops and applies a conceptual framework that fosters research on humanitarian actors and the humanitarian principles In particular it simultaneously refers to theories of organizational sociology and international relations to identify both the structural and the situational factors that influence the motivations aims and activities of these actors and their different levels of commitment to the traditional humanitarian principles It thus elucidates the role of the humanitarian principles in promoting coherence and coordination in the crowded and diverse world of humanitarian action and discusses whether alternative principles and parallel humanitarian systems are in the making This volume will be of great interest to postgraduate students and scholars in humanitarian studies globalization and transnationalism research organizational sociology international relations development studies and migration and diaspora studies as well as policy makers and practitioners engaged in humanitarian action development cooperation and migration issues      **The Endtimes of Human Rights** Stephen Hopgood, 2013-11-18 We are living through the endtimes of the civilizing mission The ineffectual International Criminal Court and its disastrous first prosecutor Luis Moreno Ocampo along with the failure in Syria of the Responsibility to Protect are the latest pieces of evidence not of transient misfortunes but of fatal structural defects in international humanism Whether it is the increase in deadly attacks on aid workers the torture and disappearing of al Qaeda suspects by American officials the flouting of international law by states such as Sri Lanka and Sudan or the shambles of the Khmer Rouge tribunal in Phnom Penh the prospect of one world under secular human rights law is receding What seemed like a dawn is in fact a sunset The foundations of universal liberal norms and global governance are crumbling from The Endtimes of Human Rights In a book that is at once passionate and

provocative Stephen Hopgood argues against the conventional wisdom that the idea of universal human rights has become not only ill adapted to current realities but also overambitious and unresponsive. A shift in the global balance of power away from the United States further undermines the foundations on which the global human rights regime is based. American decline exposes the contradictions, hypocrisies and weaknesses behind the attempt to enforce this regime around the world and opens the way for resurgent religious and sovereign actors to challenge human rights. Historically, Hopgood writes, universal humanist norms inspired a sense of secular religiosity among the new middle classes of a rapidly modernizing Europe. Human rights were the product of a particular worldview: Western European and Christian and specific historical moments: humanitarianism in the nineteenth century, the aftermath of the Holocaust. They were an antidote to a troubling contradiction: the coexistence of a belief in progress with horrifying violence and growing inequality. The obsolescence of that founding purpose in the modern globalized world has, Hopgood asserts, transformed the institutions created to perform it, such as the International Committee of the Red Cross and recently the International Criminal Court, into self-perpetuating structures of intermittent power and authority that mask their lack of democratic legitimacy and systematic ineffectiveness. At their best, they provide relief in extraordinary situations of great distress; otherwise, they are serving up a mixture of false hope and unaccountability sustained by human rights as a global brand. *The Endtimes of Human Rights* is sure to be controversial. Hopgood makes a plea for a new understanding of where hope lies for human rights, a plea that mourns the promise but rejects the reality of universalism in favor of a less predictable encounter with the diverse realities of today's multipolar world.

**Social Justice and Deep Participation** Paula Donnelly Roark, 2014-11-24. Knowing what deep participation is and how it works can make a critical difference in solving 21st century economic, political and social problems. This book provides a new approach to hands-on change and begins formulation of a participatory social theory promising greater prosperity and justice for all.

**You're History!** Michelle P. Brown, Richard J. Kelly, 2005-12-20. This book arose out of a challenge. The challenge was made by Bob Geldof to the British academic and historian Michelle Brown. Pop singers raise huge sums of money for Band Aid and touch the hearts of people from all walks of life. But to give money can be an easy way out. How does the so-called intelligentsia respond with their minds, not just their hearts and pockets, to the appalling disparities in the conditions of members of the human race? This is a challenge that a number of notable and gifted people have responded to enthusiastically. They range from John Simpson and Martin Bell to former President Mary Robinson and the noted US feminist intellectual Charlotte Bunch. Other noted authors include Sir David Ramsbothom, Ricardo Navarro, founder of the Friends of the Earth, and Simon Counsell, director of The Rainforest Foundation. Ultimately, the purpose of this book is to make people think and connect wires to encourage them to question their own place within the world, to acknowledge personal and collective responsibility and to discuss a range of situations and issues that have been changed by individuals. The book is also published to coincide with Britain's Presidency of the G8 and EU and their associated drive to focus on issues.

of global social justice through the newly established Commission for Africa      **UN Peacekeeping Operations and the Protection of Civilians** Conor Foley, 2017-09-07 Appendix C UN Security Council and General Assembly Resolutions and Presidential Statements UN Security Council Resolutions UN General Assembly Resolutions UN Security Council Meetings and Presidential Statements Bibliography Books Academic Articles and Opinion Index      **Human Rights, Human Security, and State Security** Saul Takahashi, 2014-07-15 This book provides innovative thinking from a variety of perspectives on the important human rights human security and national security policy issues of today and how these issues intersect The issue of human security comes into play in nearly every important policy debate in global politics and the protection of human rights is now recognized as one of the main functions of any legitimate modern state How can the international community best ensure that human rights are protected while simultaneously protecting state security Who should intervene in cases of mass gross violations and when are military actions justified This book seeks to address and explore these difficult and pressing questions by presenting the differing views of commentators from various ends of the spectrum Human Rights Human Security and State Security The Intersection consists of three volumes with each focusing primarily on one of the three broad areas while also drawing connections between them A powerful resource for policy makers and practitioners in national governments members of international organizations and scholars the innovative thinking presented will give readers a deepened understanding of the various international issues and help them to formulate effective policies in today s complex international landscape      **The Food Question in the Middle East** Malak S. Rouchdy, Iman A. Hamdy, 2017-10-01 In recent years the food question has been a central concern for politicians economists international organizations activists and NGOs alike as well as social scientists at large This interest has emerged from the global food crisis and its impact on the environment and the political economy and security of the global south as well as the expansion of scholarly studies relating food issues to agrarian questions with the objective of developing theoretical frameworks that would allow for a critical analysis of the current food issues at historical cultural social political and economic levels In this context Cairo Papers organized its 2016 symposium around the food question in the Middle East Papers in this collection address the food question from both its food and agricultural aspects and approach it as the site of political and economic conflicts as the means of sociocultural control and distinction and as the expression of national and ethnic identities Contributors Ellis Goldberg Saker ElNour Hala Barakat Khaled Mansour Malak S Rouchdy Habib Ayeb Christian Handerson Sara Pozzi and Sara El Sayed
