Silent Ripples Janaka, 2000-09-27 Throughout the ages all over the world stories have been used to inspire to guide and to awaken humanity in our quest to rediscover our Divinity In a style similar to Kahlil Gibran *Silent Ripples Parables for the Soul* is a collection of 23 parables to remind the reader of our Absolute Unchanging Divine Self Greatly inspired by A Course in Miracles the tarot and the sage Ramana Maharshi these stories were written while the author was on his world travels The parables are eclectic in nature incorporating a multiple of archetypes for people of different backgrounds and upon different paths Like the tarot which is a collection of images representing qualities the soul must develop on her way to Self awareness these parables represent such qualities as well Some stories may seem contradictory to other ones but they are actually only another viewpoint of the indefinable Truth of existence
