MANUSCRIPT IN ITALIAN LITERARY STUDIES MODERN LANGUAGES ASSOCIATION Introduces a way to study migration
that privileges literary analysis over and against sociological data and insists on the importance of culture in the production
of political identities This book argues that Italians first became racialized as white in S o Paulo Brazil at the turn of the
twentieth century Whereas Italians in the United States struggled with xenophobia and were often not fully acknowledged as
white in S o Paulo due to a series of social economic and cultural factors Italians became closely associated with ideas of
whiteness modernization and civilization This book brings to light how the overlooked experiences of Italians in Brazil
complicate conventional narratives about the racial ambiguity and oppression of Italians in the Americas on the one hand and
the conflation of Italians with cultural and economic backwardness in Europe on the other In the book close readings of a
wide array of texts the travel writings of Gina Lombroso Ferrero the short stories of Ant nio de Alc ntara Machado the
columns of Jos Correia Leite the political essays of Miguel Reale and the memoirs of Z lia Gattai trace a New World Italian
discourse or the overlapping narratives about Italian racial economic and cultural superiority that constructed and
maintained Italians status as a model minority in S o Paulo These discursive practices represent essential antecedents to the
racial nationalism that reared its ugly head in Italy throughout the twentieth century and remain central to contemporary
debates about national identity in the Italian public sphere *The Italian Colony of S o Paulo Race Class and Cultural Capital in*

political and environmental dimensions of a devastating lead poisoning epidemic Drawing from a political ecology of health
perspective the book situates the Uruguayan lead contamination crisis in relation to neoliberal reform globalization and the
resurgence of the political Left in Latin America The author traces the rise of an environmental social justice movement and
the local and transnational circulation of environmental ideologies and contested science Through fine grained ethnographic
analysis this book shows how combating contamination intersected with class politics explores the relationship of lead

American Book Publishing Record ,1985 **Bibliographic Index** ,1988 Books in Series ,1985 Vols for 1980 issued in three parts Series Authors and Titles *The Pen, the Sword, and the Law* David S. Parker,2022-04-28 The duel and the codes of honour that governed duelling functioned for decades in many European and Latin American countries as a shadow legal system regulating in practice what legislators felt free to say and what journalists felt free to write Yet the duel was also an act of potentially deadly violence and a challenge to the authority of statutory law When duelling became widespread in early twentieth century Uruguay legislators facing this dilemma chose the unique and radical path of legalization *The Pen the Sword and the Law* explores how the only country in the world to decriminalize duelling managed the tension between these informal but widely accepted gentlemanly laws and its own criminal code The duel which remained legal until 1992 was meant to ensure civility in politics and decorum in the press but it often failed to achieve either Drawing on rich and detailed newspaper reports of duels and challenges parliamentary debates legal records private papers and interviews David Parker examines the role of pistols and sabres in shaping the everyday workings of a raucous public sphere Demonstrating that the duel was no simple throwback to archaic conceptions of masculine honour and chivalry *The Pen the Sword and the Law* illustrates how duelling went hand in hand with democracy and freedom of the press in one of South America s most progressive nations The British Library General Catalogue of Printed Books, 1986 to 1987 British Library,1988

Modern Latin American Revolutions Eric Selbin,2018-02-07 In contrast to previous studies that have centered on the institutionalization of revolution in Latin America and the Caribbean *Modern Latin American Revolutions* Second Edition introduces the concept of consolidation of the revolutionary process the efforts of revolutionary leaders to transform society and the acceptance by a significant majority of the population of the core of the social revolutionary project As a result the spotlight is on people not structures and transformation not simply revolutionary transition The second edition of this acclaimed book has been revised to include new information on the cases of Bolivia Cuba Nicaragua and Grenada assessing the extent to which each revolution was both institutionalized and consolidated This edition also boasts expanded coverage on Che Guevara s visionary leadership and an all new section that addresses the future of revolution in Latin America and the Caribbean Dr Selbin argues that there is a strong link between organizational leadership and the institutionalization process on the one hand and visionary leadership and the consolidation process on the other Particular attention is given to the ongoing revolutionary process in Nicaragua with an emphasis on the implications and ramifications of the 1990 electoral process A final chapter includes brief analyses of the still unfolding revolutionary processes in El Salvador and Peru

Who Is Rigoberta Menchú? Greg Grandin, 2011-08-23 In 1984 indigenous rights activist Rigoberta Mench published a harrowing account of life under a military dictatorship in Guatemala That autobiography I Rigoberta Mench transformed the study and understanding of modern Guatemalan history and brought its author international renown She won a Nobel Peace Prize in 1992 At that point she became the target of historians seeking to discredit her testimony and deny US complicity in the genocidal policies of the Guatemalan regime Told here is the story of an unlettered woman who became the spokesperson for her people and clashed with the intellectual apologists of the world's most powerful nation What happened to her autobiography speaks volumes about power perception and race on the world stage This critical companion to Mench's work will disabuse many readers of the lies that have been told about this courageous individual

Revolutionizing Motherhood Marguerite Guzman Bouvard, 2002-01-01 Revolutionizing Motherhood examines one of the most astonishing human rights movements of recent years During the Argentine junta's Dirty War against subversives as tens of thousands were abducted tortured and disappeared a group of women forged the Mothers of the Plaza de Mayo and changed Argentine politics forever The Mothers began in the 1970s as an informal group of working class housewives making the rounds of prisons and military barracks in search of their disappeared children As they realized that both state and church officials were conspiring to withhold information they started to protest claiming the administrative center of Argentina the Plaza de Mayo for their center stage In this volume Marguerite G Bouvard traces the history of the Mothers and examines how they have transformed maternity from a passive domestic role to one of public strength Bouvard also gives a detailed history of contemporary Argentina including the military's debacle in the Falklands the fall of the junta and the efforts of subsequent governments to reach an accord with the Mothers Finally she examines their current agenda and their continuing struggle to bring the murderers of

their children to justice
