

Neutral Europe between
War and Revolution
1917-23

EDITED BY HANS A. SCHMITT

Neutral Europe Between War And Revolution 1917 23

Mary Vincent

Neutral Europe Between War And Revolution 1917-23:

Neutral Europe Between War and Revolution, 1917-23 Hans A. Schmitt, 1988 *The German Revolution, 1917-1923* Pierre Broué, 2006 Broué enables us to feel that we are actually living through these epoch making events Do not miss this magnificent work Robert Brenner UCLA A magisterial definitive account of the upheavals in Germany in the wake of the Russian revolution Broué meticulously reconstitutes six decisive years 1917-23 of social struggles in Germany The consequences of the defeat of the German revolution had profound consequences for the world Pierre Broué 1926-2005 was for many years Professor of Contemporary History at the Institut d'études politiques in Grenoble and was a world renowned specialist on the communist and international workers movements **The Great War** Ian F. W. Beckett, 2014-01-14 The course of events of the Great War has been told many times spurred by an endless desire to understand the war to end all wars However this book moves beyond military narrative to offer a much fuller analysis of the conflict's strategic political economic social and cultural impact Starting with the context and origins of the war including assassination misunderstanding and differing national war aims it then covers the treacherous course of the conflict and its social consequences for both soldiers and civilians for science and technology for national politics and for pan-European revolution The war left a long term legacy for victors and vanquished alike It created new frontiers changed the balance of power and influenced the arts national memory and political thought The reach of this account is global showing how a conflict among European powers came to involve their colonial empires and embraced Japan China the Ottoman Empire Latin America and the United States

World War I Spencer C. Tucker, 2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world's leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A-Z index [Class and Other Identities](#) Lex Heerma van Voss, Marcel van der Linden, 2002 With the onset of a more conservative political climate in the 1980s social and especially labour history saw a decline in the popularity that they had

enjoyed throughout the 1960s and 1970s This led to much debate on its future and function within the historical discipline as a whole Some critics declared it dead altogether Others have proposed a change of direction and a more or less exclusive focus on images and texts The most constructive proposals have suggested that labour history in the past concentrated too much on class and that other identities of working people should be taken into account to a larger extent than they had been previously such as gender religion and ethnicity Although class as a social category is still as valid as it has been before the questions now to be asked are to what extent non class identities shape working people s lives and mentalities and how these are linked with the class system In this volume some of the leading European historians of labour and the working classes address these questions Two non European scholars comment on their findings from an Indian resp American point of view The volume is rounded off by a most useful bibliography of recent studies in European labour history class gender religion and ethnicity

Spain at War James Matthews, 2019-04-18 Spain s principal and most devastating war during the 20th century was unusually for most of Europe an internal conflict During the Spanish Civil War of 1936 to 1939 two competing armies the insurgent and counterrevolutionary Nationalist Army and the Republican Popular Army engaged in a conflict to impose their version of Spanish identity and the right to shape the country s future In its aftermath Francoist Spain remained on a war footing for the duration of the Second World War In spite of the unabated flood of books on the Spanish Civil War and its consequences historians of Spain in the 20th century have focused relatively little on the interaction of society and culture and their roles in wartime mobilization *Spain at War* addresses this omission through an examination of individual experiences of conflict and the mobilization of society This edited volume acknowledges the agency of low ranking individuals and the impact of their choices upon the historical processes that shaped the conflict and its aftermath In doing so this new military history provides a more complex and nuanced understanding of Spain s most intense period of wartime cultural mobilization between the years 1936 to 1944 and challenges traditional political accounts of the period

Democracy and the Politics of Electoral System Choice Amel Ahmed, 2013 This book explores the dynamics of electoral system choice and raises questions about the democratic credentials of the early processes of democratization

Kings, Queens and Fallen Monarchies Robert Stove, 2024-12-30 Explores the interwar movements to restore Europe s deposed royal houses examining their political significance and influence on global power dynamics Among the great hidden narratives of twentieth century history are the movements in Europe which between the two world wars aimed to restore the royal and imperial houses forced out of power in 1918 or in Portugal s case eight years earlier These efforts acquired media coverage and often strategic importance far greater than would be now supposed from the cursory often dismissive treatment which they have received from most historians since Campaigns to reinstate such dynasties as the Hohenzollerns the Habsburgs the Wittelsbachs the Bragan as and even France s House of Orleans were taken seriously at the highest governmental and journalistic levels in London and Paris not to mention the Holy See Upon the whole phenomenon this book seeks to shed light

It discusses both the phenomenon's soft power manifestations the designs of newspaper tycoon Lord Rothermere upon the Hungarian throne for his son for instance and the phenomenon's hard power manifestations among which probably the most dramatic were the successful monarchical campaigns in Albania and Greece With a cast that includes not only the monarchist candidates themselves but Churchill Lloyd George Hitler Mussolini and Franco this is a drama that embraces a continent and forces thorough reappraisals of events which we thought we knew No one can read it without acquiring a firmer grasp of political power's very nature and the sheer narrowness of the gap between victory and defeat

The Second Generation

Andreas W. Daum, Hartmut Lehmann, James J. Sheehan, 2015-12-01 Of the thousands of children and young adults who fled Nazi Germany in the years before the Second World War a remarkable number went on to become trained historians in their adopted homelands By placing autobiographical testimonies alongside historical analysis and professional reflections this richly varied collection comprises the first sustained effort to illuminate the role these men and women played in modern historiography Focusing particularly on those who settled in North America Great Britain and Israel it culminates in a comprehensive meticulously researched biobibliographic guide that provides a systematic overview of the lives and works of this second generation

Sacred Passions Carol A. Hess, 2005 This biography offers a fresh understanding of the life and work of Spanish composer Manuel de Falla 1876-1946 recognized as the greatest composer in the Spanish cultural renaissance that extended from the latter part of the 19th century until the outbreak of the Spanish Civil War in 1936 The biography incorporates recent research on Falla draws on untapped sources in the Falla archives reevaluates Falla's work in terms of current issues in musicology and considers Falla's accomplishments in their historical and cultural contexts

Spain, 1833-2002 Mary Vincent, 2007-12-06 This book provides a cultural history of Spanish politics from the civil war of 1833 to the Spanish adoption of the Euro in 2002 a period dominated for the most part by violent military interventions in the political process a succession of weak unstable but repressive governments and the ever present threat of rebellion from below and culminating in the victory and repressive dictatorship of General Franco Using a wide range of sources both textual and material Mary Vincent focuses on the question of how ordinary people came to identify themselves both as citizens and as Spaniards throughout this turbulent period She argues that a weak state rather than a weak sense of nation was the key to Spain's problematic development and that this is the key to explaining both the persistence of political violence and the strength of regional nationalism in modern Spain But as Vincent shows from the 1970s with modernization of the state and the introduction of democratic politics all Spaniards including Catalans and Basques enthusiastically adopted an additional identity that of Europeans And while questions over the territorial unity of the Spanish state have still not been wholly resolved nevertheless the political choices facing Spaniards today are very similar to those of other western European nations and Spanish singularity appears at last to be consigned to the past

Languages and the First World War: Communicating in a Transnational War Julian Walker, Christophe Declercq, 2016-05-24 This book examines language change

and documentation during the First World War With contributions from international academics the chapters cover all aspects of communicating in a transnational war including languages at the front interpretation translation and parallels between languages communication with the home front propaganda and language manipulation and recording language during the war This book will appeal to a wide readership including linguists and historians and is complemented by the sister volume *Languages and the First World War Representation and Memory* which examines issues around the representation and memory of the war such as portrayals in letters and diaries documentation of language change and the language of remembering the war

A Military History of Modern Spain Wayne H. Bowen, José E. Álvarez, 2007-09-30 In the 19th and 20th centuries Spain was a key player in the military conflagrations that created modern Europe From the Napoleonic Wars through the dress rehearsal for World War II that was the Spanish Civil War to the grim struggle against terrorism today the military history of modern Spain has both shaped and reflected larger forces beyond its borders This volume traces the course of Spanish military history primarily during the 20th century Chapter 1 provides the foundation for the role of the Spanish Army at home the War of Independence Napoleonic War the Carlist Wars and pronunciamientos abroad Morocco 1859 60 and as an instrument for Liberal reforms in Spain Chapter 2 covers the period following the Spanish American War as the Army redirected its focus to the Spanish Protectorate in northern Morocco This chapter covers the Rif Rebellion 1921 27 the dictatorship of Miguel Primo de Rivera 1923 30 and concludes with the end of the monarchy and the establishment of the 2nd Republic in 1931 Chapters 3 and 4 present the two armies of the Spanish Civil War as well as their relationship to the warring factions of Nationalists and Republicans Chapter 5 looks at the Spanish Army during World War II on the Eastern Front Russia in its overseas colonies as well as in Spain De colonialism is covered in chapter 6 as Spain following the lead of the other European powers began to shed itself of its African empire Chapter 8 charts Spain's integration into the Western defense community in the 1950s its membership in NATO and its participation in peacekeeping and humanitarian missions in the Balkans and the Middle East Chapter 9 focuses on Spain's struggle against terrorism both the domestic Basques of ETA Fatherland and Liberty and the newer conflict against al Qaeda and radical Islamic fundamentalism

Manuel de Falla and Modernism in Spain, 1898-1936 Carol A. Hess, 2001 Although studies of Modernism have focused largely on European nations Spain has been conspicuously neglected As Carol A Hess argues in this compelling book such neglect is wholly undeserved Through composer Manuel de Falla 1876 1946 Hess explores the advent of Modernism in Spain in relation to political and cultural tensions prior to the Spanish Civil War The result is a fresh view of the musical life of Spain that departs from traditional approaches to the subject and reveals an open and constantly evolving aesthetic climate

Spain and Argentina in the First World War Maximiliano Fuentes Codera, 2021-03-22 This is the first book that analyzes the transnational impact of the Great War simultaneously on two countries Spain and Argentina that remained neutral throughout the conflict Both countries were very relevant in the conception of propaganda and policies of

belligerent countries such as France Germany and Great Britain and showed that the conflict had a global influence and affected deeply local political and cultural processes even in areas geographically distant from the trenches Within this framework this book is focused on three aspects that are analyzed dynamically throughout the whole war from a transnational perspective neutrality as a space of dispute between pro Allies and pro German sectors and its relation with local politics the debate about what positions should be assumed in order to guarantee a world without war and the polemics on the ideas of nations and supra nations Hispanism Latinism Pan Americanism The conclusions of the book highlight that the radicalization that exploded in 1917 in both countries was fundamental in shaping the political radicalization of the last months of the conflict and the postwar period As happened in Europe the Great War did not finish in 1918 and its traces continued in the 1920s and 1930s

The Spanish Flu R. Davis,2013-08-20 The 1918 Spanish flu epidemic is now widely recognized as the most devastating disease outbreak in recorded history This cultural history reconstructs Spaniards experience of the flu and traces the emergence of various competing narratives that arose in response to bacteriology s failure to explain and contain the disease s spread

Wrestling with Democracy Dennis Pilon,2013-01-01 Though sharing broadly similar processes of economic and political development from the mid to late nineteenth century onward western countries have diverged greatly in their choice of voting systems most of Europe shifted to proportional voting around the First World War while Anglo American countries have stuck with relative majority or majority voting rules Using a comparative historical approach Wrestling with Democracy examines why voting systems have or have not changed in western industrialized countries over the past century In this first single volume study of voting system reform covering all western industrialized countries Dennis Pilon reviews national efforts in this area over four timespans the nineteenth century the period around the First World War the Cold War and the 1990s Pilon provocatively argues that voting system reform has been a part of larger struggles over defining democracy itself highlighting previously overlooked episodes of reform and challenging widely held assumptions about institutional change

A History of Fascism, 1914-1945 Stanley G. Payne,1996-07-15 A History of Fascism is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the dimension of evil Susan Zuccotti The Nation A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues Publishers Weekly

The Agony of Spanish Liberalism Francisco J. Romero Romero Salvadó,2010-05-26 It was during the period 1913 1923 that the seeds of political polarization and social violence culminating in the Spanish Civil War were sown This volume explores the causes of the

growing schism within Spanish society focusing on the crisis of the Spanish liberal order under challenge from newly mobilized forces on both the Right and Left *Bibliographie Mensuelle* United Nations Library (Geneva, Switzerland), 1990

Neutral Europe Between War And Revolution 1917 23 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Neutral Europe Between War And Revolution 1917 23 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Neutral Europe Between War And Revolution 1917 23 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Neutral Europe Between War And Revolution 1917 23 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Neutral Europe Between War And Revolution 1917 23 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Neutral Europe Between War And Revolution 1917 23 is one of the best book in our library for free trial. We provide copy of Neutral Europe Between War And Revolution 1917 23 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Neutral Europe Between War And Revolution 1917 23. Where to download Neutral Europe Between War And Revolution 1917 23 online for free? Are you looking for Neutral Europe Between War And Revolution 1917 23 PDF? This is definitely going to save you time and cash in something you should think about.
