Baltimore Matthew A. Crenson, 2017-08-15 Chapter 35 Slow Motion Race Riot Chapter 36 Racial Breakdown XI REVISIONING BALTIMORE Chapter 37 Baltimore's Best Chapter 38 Driving the City Chapter 39 Turning Point Afterword Not Yet History Acknowledgments Appendix A Population Race and Nativity Baltimore 1790 2000 Appendix B Baltimore Mayors 1797 2017 Notes Bibliographic Essay Index A B C D E F G H I J K L M N O P Q R S T U V W Y **Controlling Corruption** Robert Klitgaard, 1988-03-07 Corruption is increasingly recognized as a preeminent problem in the developing world Bribery extortion fraud kickbacks and collusion have resulted in retarded economies predator elites and political instability In this lively and absorbing book Robert Klitgaard provides a framework for designing anti corruption policies and describes through five case studies how courageous policymakers were able to control corruption *Never Saw It Coming* Karen A. Cerulo, 2008-09-15 People especially Americans are by and large optimists They're much better at imagining best case scenarios I could win the lottery than worst case scenarios A hurricane could destroy my neighborhood This is true not just of their approach to imagining the future but of their memories as well people are better able to describe the best moments of their lives than they are the worst Though there are psychological reasons for this phenomenon Karen A. Cerulo in *Never Saw It Coming* considers instead the role of society in fostering this attitude What kinds of communities develop this pattern of thought which do not and what does that say about human ability to evaluate possible outcomes of decisions and events Cerulo takes readers to diverse realms of experience including intimate family relationships key transitions in our lives the places we work and play and the boardrooms of organizations and bureaucracies Using interviews surveys artistic and fictional accounts media reports historical data and official records she illuminates one of the most common yet least studied of human traits a blatant disregard for worst case scenarios *Never Saw It Coming* therefore will be crucial to anyone who wants to understand human attempts to picture or plan the future In *Never Saw It Coming* Karen Cerulo argues that in American society there is a positive symmetry a tendency to focus on and exaggerate the best the winner the most optimistic outcome and outlook Thus the conceptions of the worst are underdeveloped and elided Naturally as she masterfully outlines there are dramatic consequences to this characterological inability to imagine and prepare for the worst as the failure to heed memos leading up to both the 9/11 and NASA Challenger disasters for instance so painfully reminded us Robin Wagner Pacifici Swarthmore College Katrina 9/11 and the War in Iraq all demonstrate the costliness of failing to anticipate worst case scenarios *Never Saw It Coming* explains why it is so hard to do so adaptive behavior hard wired into human cognition is complemented and reinforced by cultural practices which are in turn institutionalized in the rules and structures of formal organizations But Karen Cerulo doesn't just diagnose the problem she uses case studies of settings in which people effectively anticipate and deal with potential disaster to describe structural solutions to the chronic dilemmas she describes so well *Never Saw It Coming* is a powerful contribution to the emerging fields of cognitive and moral sociology Paul

The Lodestone Daniel Rose,2016-09-28 It was called the storm of the century by some but for Jonah it was just another night until the roof blew in Tough callous and a veteran of many a foreign and domestic war he was not the kind of guy to give a damn Yet a serious injury during his last call of duty has left him questioning his past actions so he is determined to return to the scene of one major crime of passion in search of some sort of resolution But a major hurricane has other plans and he is in for a surprise Although her home is miraculously intact and one room in particular just as she left it the woman he seeks has disappeared In his attempt to find her he discovers that he must embark upon a journey that defies both time and space a journey into the unfamiliar country of her memories This is made possible through an odd collection of talismen and is as disconcerting as it is life changing With each new memory comes a lesson to be learned via her search for perfect love and love is not something that Jonah does well
