New Beginning The Gift Of Hope:

The End of Hope--The Beginning Pamela R. McCarroll,2014-04-01 Our experiences of hope in the face of difficulties are as varied as our lives and yet there has been very little examination of the ways we hope A skilled and compassionate storyteller McCarroll introduces readers to five expressions of hope through detailed and poignant case studies On that foundation she then builds a discussion of the possibilities limitations and value of each approach The result is an engaging and optimistic exploration of hope in difficult times Here's Hoping Stuart McAlpine,2023-03-13 Here s Hoping The title is tongue in cheek By saying here s hoping we usually fake hope because in reality we are not that hopeful It is spoken without much confidence or hope at all and betrays uncertainty We say it as we cast our wants and wishes without much conviction into the winds of fortune and the whims of the future but without any sense of a guarantee for the desired result Here s hoping speaks of longing that is not firing on all cylinders of a dream or desire that is likely to stay that way unrealized and unrequited When we say it we do not think cross my heart and hope to die That kind of vigorous assurance and commitment is not usually prompting the phrase It is less about crossing the heart and more about crossing the fingers It is less about surety and more about good luck To say here s hoping is to prepare oneself for potential disappointment Ironically it is more an expression of hopelessness than hope This book gives the reasons we can say Here s hoping with assured anticipation and confidence **Opening the Gifts of Christmas** Jennifer Basye Sander,Jamie Miller,2009-01-01 A lovely folktale holds that

when Christianity first came to northern Europe four spirits representing the virtues of Faith Hope Charity and Love were sent from heaven to place lights on the original Christmas tree Opening the Gifts of Christmas invites readers to honor those spirits year round with a collection of heartwarming holiday stories and suggestions for living the four virtues every day Every year it seems the Christmas season grows longer decorations appear in stores even before Halloween and yet our collective Christmas spirit wanes The holiday frenzy erodes our Christmas cheer and on December 26 any warm yuletide sentiments we have left are packed away with the ornaments and wrapping paper for another ten months What if instead of losing the Christmas spirit so quickly we could extend the faith hope charity and love we feel at Christmastime throughout the year Opening the Gifts of Christmas can help us do just that In four sections best selling authors Jennifer Basye Sander and Jamie Miller define each virtue and explain not only its connection to Christmas but also its importance in our everyday lives Inspiring true stories illuminate each of the virtues followed by suggestions for practicing them everyday Opening the Gifts of Christmas will help readers internalize the spirit of Christmas so that it is just they may have greater joy and personal peace year round YOUR DESTINY IS CALLING: 30 DIVINE MESSAGES OF HOPE AND WISDOM TO HELP YOU GO FROM SURVIVING TO THRIVING! Jürgen Moltmann,2020-01-01 Famous theologian Jrgen Moltmann returns here to the theme that he so powerfully addressed in his groundbreaking work Theology of Hope In the twenty first century he tells us hope is challenged by ideologies and global trends that would deny hope and even life itself Terrorist violence social and economic inequality and most especially the looming crisis of climate change all contribute to a cultural moment of profound despair Moltmann reminds us that Christian faith has much to say in response to a despairing world In the eternal yes of the living God we affirm the goodness and ongoing purpose of our fragile humanity Likewise Gods love empowers us to love life and resist a culture of death The books two sections equally promote these affirmations yet in different ways The first section looks at the challenges to hope in our current world most especially the environmental crisis It argues that Christian faith and indeed all the worlds religions must orient themselves toward the wholeness of the human family and the physical environment necessary to that wholeness The second section draws on resources from the early church the Reformation and the contemporary theological conversation to undergird efforts to address the deficit of hope he describes in the first section *Whispers of Hope* Lely Novia,Muftihaturrahmah Burhamzah ,Alamsyah,Alissa Geisler,Rebecca Topham-Roche,Emmanuel Mangulenje,Ananta Vidya, Whispers of Hope is an anthology book written by authors from Germany Africa England and Indonesia The book s main focus is on the theme of hope and it aims to convey a message of positivity and inspiration to its readers The book is a collection of stories and poems that celebrate the joy and triumphs of life and it a great addition to any reader s collection

The Generative Power of Hope Frederick Bird, 2022-04-26 This book analyses how and why we are living at a critical moment in the history of human life on earth and explores how we find grounds for the hopes that will enable us to address the challenges and crises of our time The author analyses hope both practically and philosophically as a generative virtue to realistically discern the situations in which we find ourselves and imaginatively to anticipate possibilities when the future is unknown and uncertain The author argues that hope is a mean between anomy disillusionment and despair on the one hand and wishful thinking dreaming and fanaticizing on the other hand The book not only examines and analyzes from a historical perspective the contemporary crises such as climate change environmental degradation and its effects such as the social costs of these developments but also further analyzes the character and micro dynamics of hope and how it makes a difference in how we manage the crises which inevitably emerge Though contemporary crises are those we tend to focus on the author also engages with what is involved in a due regard for history and the relevance of a sense of history for addressing the crises of our time He shows us what we can learn from revisiting some thoughtful reflections by thinkers like Niebuhr Jaspers Camus and Arendt Finally the author shows us what is involved practically in anticipating possibilities by looking at hope as a social practice and noting how hopeful people make a difference
