General Record of British and Foreign Literature, 1871 Hollywood's Women of Action Philip Caudrey, 2024-04-26 The action heroine has never been more popular than she is today with the likes of *The Hunger Games* 2012 *Mad Max: Fury Road* 2015 and *Wonder Woman* 2017 granting her a newfound prominence in Hollywood filmmaking. When most knowledgeable action fans think of the action heroine historically, however, they tend to do so through the prism of her most iconic characters: Emma Peel in the 1960s, Lynda Carter's *Wonder Woman* in the 1970s, Ripley and Sarah Connor in the 1980s, Xena Warrior Princess and Buffy the Vampire Slayer in the 1990s, and of course the likes of Hermione Granger, Katniss Everdeen, Imperator Furiosa, and Princess Diana in modern times. Yet the action heroine's epic journey goes back much further than this. Indeed, it has its origins in the earliest days of cinema amongst the serial queens of the early silent era and the fleeting cowgirls, swordswomen, and jungle girls of Hollywood's Golden Age in the 1930s, 1940s, and 1950s. This book is about that epic journey. It traces the action heroine's century-long struggle for legitimacy and respect, beginning with the silent era serial *The Perils of Pauline* (1914) and ending with the big budget action blockbusters of today. This book asks why the action heroine's path towards acceptability on mainstream film and television has proven such a long and tortuous one, why she is so hated by a vocal minority of male action fans, and how she has overcome the conservatism of the Hollywood system to at last forge a reputation for herself as a genuinely viable protagonist on both the big and small screens.

Encyclopedia of Television Subjects, Themes and Settings Vincent Terrace, 2024-10-17 Over the course of 80 years, television has produced countless programs, many of which fit a particular profile. Did you know, for example, some programs are devoted to ghosts, genies, angels, and even mermaids? Color broadcasting was first tested in 1941. Live models were used to advertise lingerie as early as 1950. Or that nudity, although accidental, occurred on TV long before cable was even thought possible. These are just a few of the many facts and firsts that can be found within the 145 entries included. Appropriate for fans and scholars and bursting with obscure facts, this work traces the evolution of specific topics from 1925 through the 2005-2006 season. Entries include such diverse themes as adolescence, adult film actresses on TV, bars, espionage, gays, immigrants, lawyers, transsexuals, and truckers, as well as locations like Canada, Hawaii, New York, and Los Angeles. Each entry is arranged as a timeline, clearly displaying how television's treatment of the subject has changed through the years. Each entry is as complete as possible and contains series, pilot, special, and experimental program information. Whether just a fan of television and eager to know more about the medium or a scholar seeking hard-to-find facts and information, this book traces the history of specific topics from television's infancy to its changes in the early twenty-first century.

The Prisoner, a Televisionary Masterpiece Alain Carrazé, Hélène Oswald, 1995 *Reports and Documents* United States Congress, 1966 **Hearings, Reports and Prints of the House Select Committee on Small Business** United States Congress, House, Select Committee on Small Business, 1966 *Report* United States Congress, House, **The Complete Encyclopedia of Television Programs, 1947-1976** Vincent Terrace, 1976 A detailed alphabetical anthology that traces the medium of television from the pioneering

programs of the middle forties to the established programs of the seventies Preface **Mr. Wheels and the Island of Bandits** Zbig Nienacki, 2025-01-30 Mr Wheels has been a huge smash hit in Eastern Europe for decades 160 volumes of fan fiction three cinematic releases including one in 2023 two TV series But never a peep in English Until now A great fan franchise comparable to the British Sherlock Holmes and the French Inspector Maigret the Polish Mr Wheels the bumbling art detective with his iconic self built car has been solving art mysteries for sixty years The humorous tales with a delightful procession of quirky characters concern theft and fraud in the art world and the villains are usually gentlemen and gentlewomen thieves And usually there is a great historical tale in the background In this the third book in the series we turn to the first adventure of the Intrepid Art Detective In 1961 fifteen years after the end of World War II the wounds of war are still fresh including those inflicted by a gang of marauders commanded by a bandit nicknamed Barabas Following the fall of the Third Reich and taking advantage of the period of instability that existed for months afterwards Barabas and his villains terrorized the countryside from a base of operations on an island on the Vistula 70 miles north of Warsaw They were eventually captured and imprisoned and this put an end to their robberies but even from their prison cells the gangsters tentacles still reach back to their old base to guard the treasure they had buried somewhere in the area And now several mysterious agents compete to unearth the treasure and solve the mysteries of the Island of Bandits and we are introduced to several characters who will become a permanent fixture in the series Take a cruise on the shallows of the Vistula with a European classic pick up your copy today
