Food, Families and Work Rebecca O'Connell, Julia Brannen, 2016-03-24 With dual working households now the norm Food Families and Work is the first comprehensive study to explore how families negotiate everyday food practices in the context of paid employment As the working hours of British parents are among the highest in Europe the United Kingdom provides a key case study for investigating the relationship between parental employment and family food practices Focusing on issues such as the gender division of foodwork the impact of family income on diet family meals and the power children wield over the food they eat the book offers a longitudinal view of family routines It explores how the everyday meanings of food change as children grow older and negotiate changes in their own lives and those of their family members Drawing on extensive quantitative data from large scale surveys of food and diet as well as qualitative evidence to emphasise the larger global context of social and economic change and shifting patterns of family life Rebecca O Connell and Julia Brannen present a holistic overview of food practices within busy contemporary family lives Featuring perspectives from both parents and children this innovative approach to some of the most hotly debated topics in food studies is a must read for students and scholars in food studies sociology anthropology nutrition and public health

The Sex Life of Food Bunny Crumpacker, 2007-04-01 The sex life of food doesn't

mean that the strawberries have fallen in love with the oatmeal It s a look at food and sex and how they go together in our daily lives much more often than we realize There are so many ways that hunger and desire act on each other and so many things that can influence our preferences Not only are people moved by the taste texture and the shapes of the food they eat but even the names of some dishes can kindle hunger of both kinds in some As the author writes Sometimes cooking is foreplay eating is making love and doing the dishes is the morning after The many things Bunny Crumpacker shares with the readers of her fascinating book almost could have inspired her to write a novel sending Adam and Eve with their apple traveling through history as the icons of our passions Instead she has gone far beyond the obvious to bring us unexpected and tantalizing knowledge of how much and in how many surprising ways we assuage our hunger for both food and sex and how where there s one there is often the other The result is a continued delight There s history and humor obvious connections and truly amazing ones The author enlightens us on a myriad of topics including food in fairy tales what politicians eat comfort food and manners at the table But enough There s too much to say Turn the pages and let Bunny Crumpacker introduce you to **The Sex Life of Food** **Report of the ... Conference of Those Interested in Nursery Schools** ,1927 *All Manners of Food* Stephen Mennell,1996 So close geographically how could France and England be so enormously far apart gastronomically Not just in different recipes and ways of cooking but in their underlying attitudes toward the enjoyment of eating and its place in social life In a new afterword that draws the United States and other European countries into the food fight Stephen Mennell also addresses the rise of Asian influence and multicultural cuisine Debunking myths along the way *All Manners of Food* is a sweeping look at how social and political development has helped to shape different culinary cultures Food and almost everything to do with food fasting and gluttony cookbooks women s magazines chefs and cooks types of foods the influential difference between court and country food are comprehensively explored and tastefully presented in a dish that will linger in the memory long after the plates have been cleared
