Paul Ricoeur And Narrative Context And Contestation:

Paul Ricoeur and Narrative Morny Joy, 1997 Paul Ricoeur's theory of narrative has implications for a wide spectrum of contemporary thought. This collection of essays explores many of the areas to which his narrative strategies can be fruitfully applied, including architecture, psychology, psychoanalysis, feminist theory, ethics, sociology, medieval and contemporary literature, and religious studies. The book provides an introduction to the creative and productive resources of Ricoeur's narrative theory and offers a helpful survey of many of his key concepts for those who may be unfamiliar with Ricoeur's work. With Contributions By Pamela Anderson, David D. Brown, Helen M. Buss, Bernard P. Dauenhauer, Jocelyn Dunphy, Blomfield Lori Egger, Linda Fisher, James Fodor, Hermina Joldersma, Morny Joy, Graham Livesey, David Pellauer, Dominique Perron, C. Bryn Pinchin, Jamie S. Scott, Henderikus J. Stam, Robert D. Sweeney, Terrence W. Tilley. *Feminist Explorations of Paul Ricoeur's Philosophy* Annemie Halsema, Fernanda Henriques, 2016-05-19 This book for the first time brings together considerations upon the feminine in relation to Paul Ricoeur's thinking. The collection of renowned scholars who have published extensively on Ricoeur and promising younger scholars together shows the rich potential of his thought for feminist theory without failing to critically scrutinize it and to show its limitations with respect to thinking gender differences. In the first part, Ricoeur's *Women and Gender*, Ricoeur's work is taken as the starting point for the reflection upon the position of women and the feminine and for rethinking the notion of universalism. In the second part, Ricoeur in Dialogue, his work is related to feminist thinkers such as Simone de Beauvoir, Judith Butler, and Nancy Fraser, and to the work of artist Kara Walker. These dialogues aim at thinking through socially relevant notions such as discourse, recognition, and justice. In the third part, Ricoeur and Feminist Theology, Ricourian notions and ideas are the starting point for new perspectives upon feminist theology. The insights developed in this book will be of particular value to students and scholars of Ricoeur, feminist theory, and the limits of hermeneutics and phenomenology. **Ricoeur: A Guide for the Perplexed** David Pellauer, 2007-12-09 Paul Ricoeur was one of the giants of contemporary Continental philosophy. He also knew and drew upon the Analytic tradition. Over a long life, he pursued questions of philosophical anthropology as they relate to a good life lived with and for others in just institutions. His work has been translated into numerous languages and widely discussed by legal theorists, historians, literary critics, and theologians, as well as philosophers. Ricoeur: A Guide for the Perplexed is the ideal text to support anyone trying to reach a firm understanding of this important contemporary philosopher. The guide locates Ricoeur's output in its historical and intellectual context, provides an overview of Ricoeur's central ideas, and defines carefully the key terms in his philosophical writing. Close attention is paid to each of Ricoeur's major works, including *The Conflict of Interpretations* and *From Text to Action*. Ricoeur's importance for particular disciplines, including literary criticism, social theory, political philosophy, and theology, is explained and explored. Above all, this Guide for the Perplexed offers constructive and illuminating suggestions for how to read Ricoeur. A major contribution to Ricoeur scholarship in its own right, it is also an invaluable companion to be read alongside Ricoeur's

own works **Lethal Force, the Right to Life and the ECHR** Stephen Skinner, 2019-08-22 In its case law on the use of lethal and potentially lethal force the European Court of Human Rights declares a fundamental connection between the right to life in Article 2 of the European Convention on Human Rights and democratic society This book discusses how that connection can be understood by using narrative theory to explore Article 2 law s specificities and its deeper historical social and political significance Focusing on the domestic policing and law enforcement context the book draws on an extensive analysis of case law from 1995 to 2017 It shows how the connection with democratic society in Article 2 s substantive and procedural dimensions underlines the right to life s problematic duality as an expression of a basic value demanding a high level of protection and a contextually limited provision allowing states leeway in the use of force Emphasising the need to identify clear standards in the interpretation and application of the right to life the book argues that Article 2 law s narrative dimensions bring to light its core purposes and values These are to extract meaning from pain and death ground democratic society s foundational distinction between acceptable force and unacceptable violence and indicate democratic society s essential attributes as a restrained responsible and reflective system **Ricoeur on Moral Religion** James Carter, 2014 In Ricoeur on Moral Religion James Carter argues that Paul Ricoeur s later philosophical writings provide a highly instructive interpretive key with which to assess his philosophical project as a whole This first systematic study of the later Ricoeur offers a critical yet sympathetic reconstruction of Ricoeur s hermeneutics of ethical life which demonstrates his significant contribution to contemporary philosophy of religion and moral philosophy What emerges is a clear and distinctive moral religion that binds humans together universally on the basis of the life they share as capable beings Carter also uncovers a hitherto unforeseen thread in Ricoeur s writings concerning ethical life pulled through his own readings of Spinoza Aristotle and Kant Ricoeur s hermeneutics is structured by a Kantian architectonic informed at different levels by these three philosophers who ground a rich holistic and ultimately rationalist account of ethical life and religion that resists the trappings of both positivism and postmodernism Ricoeur Across the Disciplines Scott Davidson, 2011-11-03 This multidisciplinary investigation facilitates a new conversation between Ricoeur scholars and those working in a variety of domains While a number of books and anthologies on Ricoeur s thought have been published over the past decade Ricoeur Across the Disciplines is unique in its multidisciplinary scope The books currently on the market are typically one of either two kinds either they provide a general overview of Ricoeur s thought or they focus on a narrow set of themes within a specific discipline cf list of competing titles While other books may allude to the multidisciplinary potential for Ricoeur s thought this book is the first to carry out a truly multidisciplinary investigation of Ricoeur s thought The aim of this multidisciplinary investigation is not only to draw out the nuances of Ricoeur s thought but also to facilitate a new conversation between Ricoeur scholars and those working in a variety of domains **A Philosophical Anthropology of the Cross** Brian Gregor, 2013-03-18 What does the cross both as a historical event and a symbol of religious discourse tell us about human

beings In this provocative book Brian Gregor draws together a hermeneutics of the self through Heidegger Gadamer Ricoeur and Taylor and a theology of the cross through Luther Kierkegaard Bonhoeffer and J ngel to envision a phenomenology of the cruciform self The result is a bold and original view of what philosophical anthropology could look like if it took the scandal of the cross seriously instead of reducing it into general philosophical concepts *Reconfigurations of Philosophy of Religion* Jim Kanaris,2018-03-01 This collection addresses as it exemplifies an identity crisis in contemporary philosophy of religion It represents a unique two way dialogue between philosophers of religion and scholars of religion and broaches issues pertaining to the philosophy of religion and the philosophical tradition on the one hand and religious studies theology and the modern academy on the other While each author manages the current challenges in philosophy of religion differently one can nonetheless discern a polyphony of interests surrounding a postcritical postsecular appreciation of religion In part 1 contributors ask how philosophy of religion can accommodate both the strengths and weaknesses of Western analytic and continental traditions incorporate developments in ideology critique gender studies and Asian philosophies and negotiate the perceived stalemate in philosophy of religion Part 2 addresses these questions in terms of a philosophy of religion that is postcolonial in intention and multidisciplinary in orientation and features scholarship from the fields of both religion and theology An underlying theme is the importance of ushering philosophy of religion into a postphenomenological era of religious studies and theology This is a neglected dimension in many laudable discussions about philosophy of religion that this volume hopes to emend **Ricoeur and Theology** Dan R. Stiver,2012-09-27 Paul Ricoeur 1913 2005 has been heralded as one of the most notable philosophers of the twentieth century Like a stone skipping across the philosophical pond he would write a major work in one field then move on to another As a consequence he is among the most interdisciplinary of philosophers whose work not only explores such areas as existentialism phenomenology hermeneutics structuralism psychoanalysis metaphor narrative and political ethics it also bridges the gulf between Continental and Anglo American philosophy Despite this diversity one can identify continuous threads running through Ricoeur s work that make him a major representative of hermeneutical philosophy developing it much further in a critical direction One of the areas to which he contributed greatly almost in passing was the philosophy of religion where he made notable contributions in the areas of symbol metaphor and epistemology Ricoeur s work has been appropriated in theology but often in an indirect way This book will help the reader grasp the breadth of a complex philosopher indicating the increasing relevance and appropriation of Ricoeur s work in theology **Moral Powers, Fragile Beliefs** Joseph Carlisle,James Carter,Daniel Whistler,2011-02-17 **Globalization and "Minority" Cultures** Sophie Croisy,2014-11-14 Globalization and Minority Cultures The Role of Minor Cultural Groups in Shaping Our Global Future is a collective work which brings to the forefront of global studies new perspectives on the relationship between globalization and the experiences of cultural minorities worldwide **Paul Ricoeur** Farhang Erfani,2011-12-16 This collection of essays is dedicated to the prolific career of Paul

Ricoeur In his lifetime Ricoeur made significant contributions to many fields such as theology aesthetics narratology linguistics and of course philosophy Within philosophy alone he engaged many currents of thoughts always providing careful and faithful analyses of philosophers while adding his own unique perspectives Many essays in this anthology revisit Ricoeur's own works carefully placing him in his philosophical context while providing new interpretations of questions that mattered to Ricoeur such as imagination forgiveness justice and memory Other essays honoring Ricoeur's own approach bring him to dialogue with new questions such as globalization technology and national memorials

Transitional Justice and Human Rights in Morocco Fadoua Loudiy, 2014-03-05 This book examines the Moroccan experience of transitional justice more specifically the negotiation of the legacy of the period commonly referred to as the Years of Lead This period of Moroccan history roughly spans from the early 1960s to 1999 during which thousands of citizens were arbitrarily detained tortured and killed because of their political opinions Through an analysis of testimonies public documents and personal interviews Transitional Justice and Human Rights in Morocco seeks to shed light on Moroccan citizens' struggle for recognition and reparation in the aftermath of a long history of grave human rights violations ranging from arbitrary arrest and torture to state sponsored disappearances and murders While Morocco's experience is often presented within a historical global context this book offers a comparative analysis discussing other national examples to situate the Moroccan experience within the relatively recent history of political transitions Seeking to advance a rhetoric of symbolic justice that privileges the voice of the victims and offers hope for the renewal of a community's ethos through public discourse and ethico-political practices this book will be an invaluable resource for students and scholars with an interest in Human Rights and Middle East Politics

Revelation Scripture and Church Theological Hermeneutic Thought of James Barr Paul Ricoeur and Hans Frei Richard R. Topping, 2007 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal

Religious Education in the Mirror of a Life Trajectory Abdulkader Tayob, 2020-04-17 The study of religious education is of great interest in analyzing how schools and educational authorities address the demands of multicultural and multi-religious societies and states As diversity increases through migration globalization and conflicts schools are faced with equally diverse challenges one of which is the religious and cultural diversity that characterizes schools and communities While many studies have focused on this change and its impact in politics school and classroom relatively few have focused on how teachers and educators have fared Sitting between the new policies and school demographics teachers and educators have shaped the

policy in their engagements The study of life trajectories shows that the lines between religion and religious education are blurred in personal life histories and that positions can shift due to personal and contextual developments They point to the innovative and unexpected turns that individuals trace in their personal life journeys This book reminds us that we need to pay more attention to the teachers principals managers and public intellectuals who shape and are shaped by the changing context of religion and religious education This book was originally published as a special issue of Religion Education

Dialectical Anatomy of the Eucharist Donald Wallenfang, 2017-05-16 For centuries Christian theology has understood the Eucharist in terms of metaphysics or in protest against it Today an opening has been made to imagine the sacrament through the method of phenomenology bringing about new theological life and meaning In Dialectical Anatomy of the Eucharist Donald Wallenfang conducts a sustained analysis of the Eucharist through the aperture of phenomenology yet concludes the study with poetic and metaphysical twists Engaging the work of Jean Luc Marion Paul Ricoeur and Emmanuel Levinas Wallenfang proposes pioneering ideas for contemporary sacramental theology that have vast implications for interfaith and interreligious dialogue By tapping into the various currents within the Judeo Christian tradition Jewish Catholic Orthodox and Protestant a radical argument is developed that leverages the tension among them all Several new frontiers are explored dialectical theology a fourth phenomenological reduction the phenomenology of human personhood the poetics of the Eucharist and a reinterpretation of the concept of gift as conversation On the whole Wallenfang advances recent debates surrounding the relationship between phenomenology and theology by claiming an uncanny way out of emerging dead ends in philosophical theology return to the fray

The Ambiguity of Justice: New Perspectives on Paul Ricoeur's Approach to Justice, 2020-07-13 The Ambiguity of Justice offers a collection of essays on Ricoeur s thought on justice and on the different views that influenced this thought in particular those of Arendt Honneth H naff Rawls Levinas and Boltanski Although Ricoeur s idea of justice has undoubtedly caught much attention already only a few monographs have been published so far that

explicitly address this topic The contributors of this book a mix of both well established Ricoeur scholars and young promising scholars in this field address the difficulties in Ricoeur s thought on justice by maintaining his spirit of dialogue not only by showing how Ricoeur himself repeatedly searches for dialogue in his writings on justice but also by arguing that Ricoeur s thought allows contributions to contemporary debates about justice *The Karamazov Case* Terrence W. Tilley,2023-06-01 This is a new interpretation of Dostoevsky s novel *The Brothers Karamazov* that scrutinizes it as a performative event the polyphony of the novel revealing its religious philosophical and social meanings through the interplay of mentalit s or worldviews that constitute an aesthetic whole This way of discerning the novel s social vision of sobornost a unity between harmony and freedom its vision of hope and its more subtle sacramental presuppositions raises Tilley s interpretation beyond the standard theology and literature treatments of the novel and interpretations that treat the novel as providing solutions to philosophical problems Tilley develops Bakhtin s thoughtful analysis of the polyphony of the novel using communication theory and readers hearer response criticism and by using Bakhtin s operatic image of polyphony to show the error of taking faith vs reason argues that at the end of the novel the characters learned to carry on in a quiet shared commitment to memory and hope *Conversations at the Edges of Things* Francis Bridger,James T.
