#### **Polish Renaissance In Its European Context:**

The Polish Renaissance in Its European Context Samuel Fiszman, 1988-01-01 Polish Renaissance in Its European The Polish Renaissance in Its European Context Samuel Fiszman, 1988 **Context** Samuel Fiszman, 1982 Polish-Lithuanian Monarchy in European Context, C.1500-1795 R. Butterwick, 2001-06-26 The Polish Lithuanian Commonwealth is often considered an aberration where monarchy was reduced by the nobility to impotence and which was consequently partitioned However historians reappraisal of monarchy in early modern Europe calls for a reconsideration of the extent of Polish Lithuanian divergence The essays of this collection assess the institution and idea of monarchy in one of Europe s largest and most neglected states It will appeal to all those interested in early modern history the Renaissance Danilo Facca, Valentina Lepri, 2013 During the most recent conference of the Renaissance Society of America two sessions were devoted entirely to the Renaissance in Poland In fifty nine editions of what is considered the most prestigious international appointment for experts of Renaissance culture this is the first time that characteristic features of sixteenth century Poland were the subject of analysis and debate The interest generated at the conference and the academic value of the contributions convinced the organisers of the panels to ask the speakers to develop and revise their contributions to conform with the conventions of the academic article. The result is a selection of essays that pursue specific pathways in exploring the cultural factors that affected the Renaissance in Poland influences and originality in Polish literary and artistic production orthodoxy and dissidence the circulation of thought and reflection on the Res Publica in the spheres of both politics and philosophy Adopting a distinctly interdisciplinary approach the aim of this publication is to focus certain aspects of the Polish Renaissance and the cultural identity of sixteenth century Poland in relation to the European context

The Polish Renaissance in Its European Context ,1982 Renaissance and Baroque Art and Culture in the Eastern Polish-Lithuanian Commonwealth (1506-1696) Urszula Szulakowska,2019-01-29 This monograph serves as an introduction to the art architecture and literary culture of the Eastern Polish Lithuanian Commonwealth in the 16th and 17th centuries The geographical area under discussion comprises the regions of contemporary Lithuania western Belarus and western Ukraine The introduction of the Renaissance and Baroque classical revival into these lands is considered here within the political context of nationalistic and religious loyalties as well as economic status and class The central discussion focuses on the issue of national identity and religious loyalty in the inter relation between the Byzantine inheritance of the Lithuanian and Ruthenian populace and the Polonizing Catholic influences entering from the west A close study is made of the royal noble and urban patronage of the richly diverse visual and literary modes developed in these two centuries as well as examining the cultural achievements of the many national groups in the Eastern Commonwealth including Ruthenians Lithuanians Poles Armenians Jews Karaite and Islamic Tatars A major issue explored here is the problem of restoring and conserving the vast amount of devastated material culture in these regions particularly in Belarus

Between Eastern and Western Europe Manfred Hildermeier, 2007 More than a decade after the breakdown of the Soviet Empire and the reunification of Europe historiographies and historical concepts still stood very much apart This book talks about how there were no common efforts for joint interpretations and no attempts to reach a common understanding of central notions and concepts The Torah Ark in Renaissance Poland Ilia M. Rodov, 2013-02-01 The book explores the patronage formation and symbolism of the Renaissance Torah ark in Polish synagogues The Polish-Lithuanian State, 1386-1795 Daniel Z. Stone, 2014-07-01 For four centuries the Polish Lithuanian state encompassed a major geographic region comparable to present day Poland Lithuania Belarus Ukraine Russia Latvia Estonia and Romania Governed by a constitutional monarchy that offered the numerous nobility extensive civil and political rights it enjoyed unusual domestic tranquility for its military strength kept most enemies at bay until the mid seventeenth century and the country generally avoided civil wars Selling grain and timber to western Europe helped make it exceptionally wealthy for much of the period The Polish Lithuanian State 1386 1795 is the first account in English devoted specifically to this important era It takes a regional rather than a national approach considering the internal development of the Ukrainian Jewish Lithuanian and Prussian German nations that coexisted with the Poles in this multinational state Presenting Jewish history also clarifies urban history because Jews lived in the unincorporated private cities and suburbs which historians have overlooked in favor of incorporated royal cities In the seventeenth and eighteenth centuries the private cities and suburbs often thrived while the inner cities decayed The book also traces the institutional development of the Roman Catholic Church in Poland Lithuania one of the few European states to escape bloody religious conflict during the Reformation and Counter Reformation Both seasoned historians and general readers will appreciate the many excellent brief biographies that advance the narrative and illuminate the subject matter of this comprehensive and absorbing volume The Polish-Lithuanian Commonwealth Andrzej Chwalba, Krzysztof Zamorski, 2020-10-15 This volume provides a fresh perspective of the history and legacy of the Polish Lithuanian Commonwealth as well as the often disputed memory of it in contemporary Europe The unions between the Crown of the Kingdom of Poland and the Grand Duchy of Lithuania have fascinated many readers particularly because many solutions that have been implemented in the European Union have been adopted from its Central and Eastern European predecessor The collection of essays presented in this volume are divided into three parts the Beginnings of Poland Lithuania the Polish Lithuanian Commonwealth and Legacy and Memory of the Polish Lithuanian Commonwealth and represent a selection of the papers delivered at the Third Congress of International Researchers of Polish History which was held in Cracow on 11 14 October 2017 Through their application of different historiographical perspectives and schools of history they offer the reader a fresh take on the Commonwealth s history and legacy as well as the memory of it in the countries that are its inheritors namely Poland Lithuania Latvia Belarus and Ukraine An exploration of one of the biggest countries in Early Modern Europe this will be of interest to historians political scientists cultural anthropologists and other scholars of the

history of Central and Eastern Europe in the Early Modern period <u>Collectivistic Religions</u> Slavica Jakelic,2016-05-23 Collectivistic Religions draws upon empirical studies of Christianity in Europe to address questions of religion and collective identity religion and nationalism religion and public life and religion and conflict It moves beyond the attempts to tackle such questions in terms of choice and religious nationalism by introducing the notion of collectivistic religions to contemporary debates surrounding public religions Using a comparison of several case studies this book challenges the modernist bias in understanding of collectivistic religions as reducible to national identities A significant contribution to both the study of religious change in contemporary Europe and the theoretical debates that surround religion and secularization it will be of key interest to scholars across a range of disciplines including sociology political science religious studies and geography

Sleep in Renaissance Poland Marcin Fabiański, 2025-10-17 Focusing on the Italian architect and sculptor Bartolomeo Berrecci this monograph examines an important subset of his sepulchral works recumbent statuary and offers insights into their patronage reception and interpretation Berrecci's exploration of this sculptural type predates its eventual spread beyond Italy Spain and Poland Indeed he proved so successful that well over two hundred statues can still be found in present day Poland and Lithuania Latvia Belarus Ukraine and Sweden Although he mainly produced them for Catholic clients examples of such monuments also exist in Lutheran Calvinist and Orthodox settings The volume draws on a vast array of primary sources visual textual and archival and compares Berrecci's workshop to the Tuscan Quattrocento workshops of Lorenzo Ghiberti Donatello Perugino and others Originally published in Polish as Sen w rze bie nagrobnej Bartolomea Berrecciego Krak w TAiWPN Universitas 2022 Polish Republican Discourse in the Sixteenth Century Dorota Pietrzyk-Reeves, 2020-04-09 A landmark study of republican discourse in sixteenth century Poland Lithuania and its original contribution to early modern republicanism The Public House in Central Europe Peter Paul Dobek, 2024-12-17 Public houses inns taverns and alehouses during the Jagiellonian Dynasty 1385 1572 in the city of Cracow functioned as important establishments in the everyday life of the city While the city continued to grow and prosper as the preferred residence of the dynasty inhabitants travelers and migrants increasingly relied on the public houses of the conurbation to meet their many needs and desires Although scholars have studied these establishments throughout Europe during various epochs they have neglected to analyze the public houses in Cracow during the Jagiellonian era The Public House in Central Europe Inns Taverns and Alehouses in Cracow during the Jagiellonian Dynasty provides a comprehensive examination of a multitude of sources to reconstruct qualitatively and quantitatively the public houses of the city This reconstruction reveals public houses role in the history of the city their locations edifices related activities and people including publicans clients and others This book places the establishments of Cracow at the center of a deeply debated topic about the extent and types of violence in public houses which further addresses their many functions Contrary to some contemporary accounts and some current secondary literature the establishments were fundamental to the everyday life of the city and were not centers of nefarious

acts Toward a Geography of Art Thomas DaCosta Kaufmann, 2004-03-14 Art history traditionally classifies works of art by country as well as period but often political borders and cultural boundaries are highly complex and fluid Questions of identity policy and exchange make it difficult to determine the place of art and often the art itself results from these conflicts of geography and culture Addressing an important approach to art history Thomas DaCosta Kaufmann's book offers essays that focus on the intricacies of accounting for the geographical dimension of art history during the early modern period in Europe Latin America and Asia Toward a Geography of Art presents a historical overview of these complexities debates contemporary concerns and completes its exploration with a diverse collection of case studies Employing the author's expertise in a variety of fields the book delves into critical issues such as transculturation of indigenous traditions mestizaje the artistic metropolis artistic diffusion transfer circulation subversion and center and periphery What results is a foundational study that establishes the geography of art as a subject and forces us to reconsider assumptions about the place of art that underlie the longstanding narratives of art history **The History of Poland** M. B. B. Biskupski, 2018-09-07 This book is an engaging explanation of the complicated history of Poland one of the least well known countries in Europe Poland which has one of the strongest economies in the European Union has faced significant turmoil throughout the years Encapsulating centuries of development this book distills Poland's historical evolution into patterns including those that have developed since the first edition was published nearly 20 years ago The book begins with an overview of contemporary Poland providing both basic information about the geography culture and current political climate of the country while tying these to major contemporary issues This introduction is followed by chapters discussing Poland's long history starting with the 10th century The second half of the book presents a history of Poland in the 20th and 21st centuries covering the major issues affecting the country and offering possible interpretations of them This updated and revised edition accounts for recent events in Poland and examines the effects of the Polish diaspora globally Catholic Europe, 1592-1648 Tadhq Ó hAnnracháin,2015-10-15 Catholic Europe 1592 1648 examines the processes of Catholic renewal from a unique perspective rather than concentrating on the much studied heartlands of Catholic Europe it focuses primarily on a series of societies on the European periphery and examines how Catholicism adapted to very different conditions in areas such as Ireland Britain the Netherlands East Central Europe and the Balkans In certain of these societies such as Austria and Bohemia the Catholic Reformation advanced alongside very rigorous processes of state coercion In other Habsburg territories most notably Royal Hungary and in Poland Catholic monarchs were forced to deploy less confrontational methods which nevertheless enjoyed significant measures of success On the Western fringe of the continent Catholic renewal recorded its greatest advances in Ireland but even in the Netherlands it maintained a significant body of adherents despite considerable state hostility In the Balkans hAnnrach in examines the manner in which the papacy invested substantially more resources and diplomatic efforts in pursuing military strategies against the Ottoman Empire than in supporting missionary and educational activity The

chronological focus of the book is also unusual because on the peripheries of Europe the timing of Catholic reform occurred differently Catholic Europe 1592 1648 begins with the pontificate of Clement VIII and rather than treating religious renewal in the later sixteenth and seventeenth centuries as essentially a continuation of established patterns of reform it argues for the need to understand the contingency of this process and its constant adaptation to contemporary events and "A Pearl of Powerful Learning": The University of Cracow in the Fifteenth Century Paul Knoll, 2016-08-09 Winner of The Polish Institute of Arts and Sciences of America's 2018 Oskar Halecki Award and Winner of the Early Slavic Studies Association 2016 Book Prize The first fully developed history of the University of Cracow in this period in over a century A Pearl of Powerful Learning The University of Cracow in the Fifteenth Century places the school in the context of late medieval universities traces the process of its foundation analyzes its institutional growth its setting in the Polish royal capital its role in national life and provides a social and geographical profile of students and faculty The book includes extended treatment of the content of intellectual life and accomplishments of the school with reference to the works of its most important scholars in the medieval arts curriculum medicine law and theology The emergence of early Renaissance humanist interests at the university is also discussed Winner of the Early Slavic Studies Association 2016 Book Prize for most outstanding recent scholarly monograph on pre modern Slavdom The work was described by the prize committee as A thoughtful highly informed and nuanced history of the University of Cracow an important institution in a pivotal period of Poland's history Knoll's treatment of such important issues as the role of the University in national life and the controversial and highly technical matter of the impact of Humanism are dealt with tactfully and thoughtfully The book will become the definitive work on this topic and will ensure that the material will rapidly be absorbed into general histories of education and of universities in the Renaissance Winner of The Polish Institute of Arts and Sciences of America's 2018 Oskar Halecki Award This award recognizes a book of particular value and significance dealing with the Polish experience and is named after the distinguished 20th century Polish medieval historian Oskar Halecki who was one of the founders of PIASA Professor Knoll will be recognized for this award during the 77th Annual Meeting of PIASA in Gdansk Poland in June 2019 The Struaale for the Eurasian Borderlands Alfred J. Rieber, 2014-03-20 This book explores the Eurasian borderlands as contested shatter zones which have generated some of the world's most significant conflicts Analyzing the struggles of Habsburg Russian Ottoman Iranian and Qing empires Alfred J Rieber surveys the period from the rise of the great multicultural conquest empires in the late medieval early modern period to their collapse in the early twentieth century He charts how these empires expanded along moving military frontiers competing with one another in war diplomacy and cultural practices while the subjugated peoples of the borderlands strove to maintain their cultures and to defend their autonomy. The gradual and fragmentary adaptation of Western constitutional ideas military reforms cultural practices and economic penetration began to undermine these ruling ideologies and institutions leading to the collapse of all five empires in revolution and war within

little more than a decade between 1911 and 1923

Eventually, you will enormously discover a further experience and deed by spending more cash. still when? pull off you allow that you require to acquire those all needs in the same way as having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more in the region of the globe, experience, some places, past history, amusement, and a lot more?

It is your entirely own times to ham it up reviewing habit. among guides you could enjoy now is **Polish Renaissance In Its European Context** below.
