Pro Of Canada:

Canada and the End of Empire Phillip Buckner, 2013-12-01 Sir John Seeley once wrote that the British Empire was acquired in a fit of absence of mind. Whatever the truth of this comment, it is certainly arguable that the Empire was dismantled in such a fit. This collection deals with a neglected subject in post Confederation Canadian history: the implications to Canada and Canadians of British decolonization and the end of empire. *Canada and the End of Empire* looks at Canadian diplomatic relations with the United Kingdom and the United States, the Suez crisis, the changing economic relationship with Great Britain in the 1950s and 1960s, the role of educational and cultural institutions in maintaining the British connection, the royal tour of 1959, the decision to adopt a new flag in 1964, the efforts to find a formula for repatriating the constitution, the Canadianization of the Royal Canadian Navy, and the attitude of First Nations to the changed nature of the Anglo-Canadian relationship. Historians in Commonwealth countries tend to view the end of British rule from a nationalist perspective. *Canada and the End of Empire* challenges this view and demonstrates the centrality of imperial history in Canadian historiography. An important addition to the growing canon of empire studies and imperial history, this book will be of interest to historians of the Commonwealth and to scholars and students interested in the relationship between colonialism and nationalism. *Report on Labour Organization in Canada*, 1926

The Politics of Abortion in the United States and Canada Raymond Tatalovich, 1997 Tatalovich, political science, Loyola U, continues his studies on moral conflicts in public policy by examining the differences and similarities by which Canadian and US governments, political parties, and activists have addressed the issue of abortion. He discusses the history of the conflict since the 1950s, judicial activism, and legislative responses, public opinion, party politics, and elections, and federalism and the implementation problem. Having proposed models of a politicized America and depoliticized Canada, he concludes by comparing social convergence and institutional divergence. Paper edition 418 7 21 95. The Canadian Way of War Bernd Horn, 2006-04 This collection of essays underlines the reality that the Canadian way of war is a direct reflection of circumstances and political will. [Legends of Pro Wrestling](#) Tim Hornbaker, 2012-07 Details the lives and careers of the best professional wrestling figures of the last one hundred fifty years, including Bruno Sammartino, The Undertaker, and John Cena.

Interest Groups and Elections in Canada F. Leslie Seidle, 1991-01-01 The two studies in *Interest Groups and Elections in Canada* explore the nature and influence of special interest groups. They consider different aspects of the question: In the context of the Canadian Charter of Rights and Freedoms, how can the laws intended to secure a fair electoral process be reconciled with freedom of expression? Janet Hiebert reviews the limits on interest groups adopted in 1974 and amended in 1983, profiles the groups involved in the 1988 federal election, and discusses relevant legislation and jurisprudence in the provinces and abroad. She concludes that spending limits for parties and candidates will only be effective

if there are also restrictions on independent expenditures during elections by groups and individuals Brian Tanguay and Barry Kay assess the influence attributed to locally oriented interest groups including by members of Parliament and conclude that these organizations have less influence on the political process than is the popular view The authors conclude that dissatisfaction is a key variable explaining the role of these interest groups and their activities during elections
