Psycho Poetry And Shadows In Time:

Psycho Poetry and Shadows in Time Judi Galardi, 2004-12 This book contains two separate chapbooks PSYCHO Poetry is a work of creative non fiction it is Galardi s take on the tragedy of poor mental health care but at the same time an insight into the determination some people had to have in order to survive it Shadows in Time is a collection of poetry she has written over a period of 30 years From the deeply spiritual poem Reaching Out Your embrace would be too much to bear to an angry rant of Where to Look Stories just stories Look again at the people she takes readers through the challenges of life with unswerving spirituality although she espouses no particular religion Judi Galardi s poems touch many strings of human existence and experience Some are as archetypal as man s very presence on this earth while others are a subtle synthesis of what man or woman represents within the social context of a reality created by others which he she has to accept of which willingly or not he she is part Many writers fail because they lack a sense of humor Not only something that makes a reader smile but a sense of irony and well calculated detachment by the writer from the created work Judi enriches many of her poems with just the right touch of irony and humor Galardi s texts are of extraordinary quality Luis F Gonzalez Cruz Literary critic poet and author

Did You Check the Deadbolts? Judith Galardi, 2025-03-18 Welcome to a world of horror mystery poetic justice comeuppance and humor You ll meet people living seemingly ordinary lives who learn that their twisted activities or the activities of other people they know or people they just happen to notice have unexpected meanings in life death and or among the undead Be careful they ll do whatever they have to do to protect their secrets They could even be your neighbors they seem so nice This collection includes a story of a trail ride on horseback where helping someone is the last thing one may ever do an international mystery allegedly written by one of the characters who was later found dead cause unknown in their jail cell someone who needs a place to hide a cautionary poem for those who blow caution to the wind and then some In a posthumous memoir you ll meet a family that even death can t separate and a morbid tale illustrating a danse macabre among a mother and her children Then there s gossip thanks to a neighbor of wifey walking in on hubby and his darling There s more in this collection of short stories poetry morality tales and new urban legends Of course none of this could really happen could it Well lock up and get ready to enjoy the evening What was that Only the wind or tree branches scraping against the window or some animal frantically scratching the front door or an unidentifiable figure in the vestibule Once you ve read *Did You Check the Deadbolts* you may want to bar the windows too

The Poetics of Psychoanalysis Mary Jacobus, 2005-12-22 *The Poetics of Psychoanalysis In the Wake of Klein* explores the literary aspects of the twentieth century psychoanalytic tradition that has come to be known as British Object Relations psychoanalysis Focusing on Melanie Klein s legacy to psychoanalysis between the 1930s and 1970s it deals with major figures such as Riviere Isaacs Winnicott Milner and Bion as well as Klein s contemporary Ella Sharpe Mary Jacobus breaks new ground by giving a central place to the literary and aesthetic concerns of the British Object Relations tradition Paying close attention to writing that is often side

lined by literary critics and theorists she makes fruitful connections with particular works of literature and art along with pressing contemporary issues The three sections focus on the transitions mediations and transformations that took place in British Object Relations psychoanalysis as Klein s ideas were developed and transformed Situating Kleinian thought in relation to later developments and differences while making it accessible to non psychoanalytic readers The Poetics of Psychoanalysis argues against the separation of British and continental traditions and for the continuing links between psychoanalysis and aesthetics Rather than applying psychoanalytic ideas to literature and aesthetics the book traces the British Object Relations tradition as a form of proto modernist discourse in its own right Linked by a common thread of ideas and structured to reflect a roughly chronological trajectory individual chapters can also be read as free standing critical essays Aimed at literary readers this book will also be of interest to psychoanalytic practitioners and cultural theorists

Shadow Lines Lorna Martens,1996-01-01 Intellectual culture in early twentieth century Austria reached levels of originality and excellence that have rarely been equalled before or since Shadow Lines examines works by major novelists dramatists poets and intellectuals of that extraordinary era among them Sigmund Freud Arthur Schnitzler Robert Musil Hugo von Hofmannsthal Rainer Maria Rilke Ludwig Wittgenstein and Franz Kafka Lorna Martens considers how each of these authors contributed to a decisive transformation in Austrian culture involving a shift away from the dialectical syntheses of much nineteenth century German thought and culture to potent unresolvable dualisms of known and unknown orderly and chaotic features of human experience consciousness and the unconscious reason and the irrational language and the inexpressible In most of these writers according to Martens all that is knowable reasonable and orderly is grounded in that which is dark irrational chaotic What Martens calls the dark area emerges variously as the unconscious Freud the sexual drive Freud Schnitzler Musil the death instinct Freud Schnitzler the dangerous chaos below the surface of things Rilke the inaccessible totality von Hofmannsthal or the unsayable Mauthner von Hofmannsthal Musil Wittgenstein The essential yet enigmatic relation between the known and the unknown leads to much that is unsettling and strangely fascinating in these writers works A book that shrewdly relates the works of these authors to the intellectual and political turmoil of the times Shadow Lines is a new critical appraisal of Austrian literature and intellectual culture at the dawn of the century Lorna Martens is an associate professor in the Department of Germanic Languages and Literatures at the University of Virginia She is the author of The Diary Novel

Ponomareff, 1998 The main thrust of this collection of essays excluding those on Russian literature is to visualize the European Holocaust from a number of different vantage points the historical and cultural the political and individual the psychological and social and the critical and literary This wider perspective especially as it relates to the range and extent of human suffering suggests that a redefinition of the twentieth century Holocaust is now timely
