Recovering The Ground Critical Exercises In Recollection:

Recovering the Personal Dale W. Cannon, Ronald L. Hall, 2016-09-14 Modernity has radically challenged the assumptions that guide our ordinary lives as persons in ways we are not normally aware. We live our concrete lives taking for granted that personal decisions, desires, relationships, actions, aspirations, values, and knowledge are central to our existence. But in modernity we think of these matters as private, idiosyncratic, and subjective, even irrational. This modern conception of ourselves and the associated way of reflection, known as modern critical thinking, came to dominate our thinking. It culminates in the dualistic philosophy of René Descartes. This dualism has spawned a reductionist view of persons and tainted the personal with connotations of bias, partiality, and privacy, leaving us with the presumption that if we seek to be objective and intellectually respectable, we must expunge the personal. William H. Poteat's work in philosophical anthropology has confronted this concern head on. He undertakes a radical critique of the various forms of mind/body dualism and materialist monism that have dominated Western intellectual concepts of the person. In a unique style that Poteat calls post-critical, he uncovers the staggering incoherencies of these dualisms and shows how they have resulted in a loss of the personal in the modern age. He also formulates a way out of this modern cultural insanity. This constructive dimension of his thought is centered on his signature concept of the mind/body, the pre-reflective ground of personal existence. The twelve contributors in this collection explore outgrowths and implications of Poteat's thought. *Recovering the Personal* will be of interest to a broad range of intellectual readers with interests in philosophy, psychology, theology, and the humanities.

Worship, Tradition, and Engagement David S. Dockery, James Earl Massey, Robert Smith Jr., 2018-04-20 *Worship, Tradition, and Engagement* is designed to honor the life, scholarship, and influence of Timothy George, the founding dean of Beeson Divinity School. Timothy George is one of the premier evangelical scholars and leading statesmen of this generation. This volume reflects on the many themes of Dean George's life and ministry, including theology, church history, gospel, church, worship, tradition, and engagement. The book, edited by David S. Dockery, James Earl Massey, and Robert Smith Jr., includes essays by some of the most notable scholars and leaders of our day, including Kevin Vanhoozer, Robert P. George, Albert Mohler, Graham Cole, Gerald Bray, Elizabeth Newman, Richard Mouw, Thomas Guarino, Will Willimon, and several others. Each author makes a distinctive and significant contribution to this important project, bringing depth and breadth to this thematic volume designed to honor scholar and Christian leader Timothy George.

Radical Embodiment David H. Nikkel, 2011-05-26 Radical embodiment refers to an epistemology and anthropology fundamentally rooted in our bodies, as always, in correlation with our natural and social environments. All human rationality, meaning, and value arise not only instrumentally but also substantively from this embodiment in the world. Radical embodiment reacts against Enlightenment mind/body dualism, as well as its monistic offshoots, including the physicalism that reduces everything to component matter, energy, at the expense of subjectivity and meaning. It also rejects certain forms of postmodernism that reinscribe modern dualisms. David H. Nikkel develops and

explores this perspective of radical embodiment by examining varieties of modern and postmodern theology and the nature and role of tradition in terms of linguistic and non linguistic experience the religion and science dialogue on the nature of consciousness and the immanent and transcendent aspects of God *Untamed Hospitality (The Christian Practice of Everyday Life)* Elizabeth Newman,2007-04-01 Christian hospitality is more than a well set table pleasant conversation or even inviting people into your home Christian hospitality according to Elizabeth Newman is an extension of how we interact with God It trains us to be capable of welcoming strangers who will challenge us and enhance our lives in unexpected ways readying us to embrace the ultimate stranger God In *Untamed Hospitality* Newman dispels the modern myths of hospitality as a superficial commodity that can be bought and sold at The Pottery Barn and restores it to its proper place within God s story as displayed most fully in Jesus Christ Worship she says is the believer s participation in divine hospitality a hospitality that cannot be sequestered from our economic political or public lives This in depth study of true hospitality will be of interest to professors students and scholars looking for a fresh take on a timeless subject *Attending to the Wounds on Christ's Body* Elizabeth Newman,2013-02-28 The disunity of the church is a social and theological scandal for it betrays the prayer of Jesus that we will be one so that the world will believe John 17 21 As a Baptist whose academic background focused on the Orthodox Church and whose teaching has included Catholic and Protestant contexts this division is for Elizabeth Newman personal and professional *Attending to the Wounds on Christ s Body* rests on the conviction that the broad tradition of Christianity already contains resources to heal the church namely the saints of the church Newman examines especially how Teresa of Avila 1515 1582 speaks to the whole church today in the midst of political economic and ecclesial brokenness Teresa s reliance upon three scriptural figures dwellings marriage and pilgrimage helps make sense of an ecclesial way of life that is inherently unitive a unity that stands in contrast to that of the nation state or the global market Teresa s scriptural journey offers an alternative at once liturgical political and economic This Doctor of the Church provides **Journal of Moral Theology, Volume 2, Number 1** Christopher McMahon,2013-12-20 *Christology* Volume 2 Number 1 January 2013 Edited by Christopher McMahon and David Matzko McCarthy *Christology and the Christian Life* Paul J Wadell *Christology and Moral Theology* Paulinus Ikechkwu Odozor C S Sp *The Light Burden of Discipleship Embodying the New Moses and Wisdom in the Gospel of Matthew* Patricia Sharbaugh *Paul and the Cruciform Way of God in Christ* Michael J Gorman *Modern Pluralism or Divine Plenitude Toward a Christological Ontology* Elizabeth Newman *Christ Globalization and the Church* Neil Ormerod *Body Work and the Work of the Body* Jey P Bishop *Review Essay Beyond the Historical Jesus Embracing Christology in Scripture Doctrine and Ethics* Christopher McMahon *Divine Abundance* Elizabeth Newman,2018-08-14 It s time to say a good word for the ten o clock scholar The recovery of a flourishing academic culture which is not the same as being a major research center lies in the recovery of leisure The heart of this practice is contemplation and Divine worship It names furthermore our lives as being in communion with others the cosmos and

Reyburn, 2019-03-26 What does failure mean for theology In the Bible we find some unsettling answers to this question We find lastness usurping firstness and foolishness undoing wisdom We discover too a weakness more potent than strength and a loss of life that is essential to finding life Jesus himself offers an array of paradoxes and puzzles through his life and teachings He even submits himself to humiliation and death to show the cosmos the true meaning of victory As David Bentley Hart observes most of us would find Christians truly cast in the New Testament mold fairly obnoxious civically reprobate ideologically unsound economically destructive politically irresponsible socially discreditable and really just a bit indecent By incorporating the work of scholars working with a range of frameworks within the Christian tradition Theologies of Failure aims to offer a unique and important contribution to understanding and embracing failure as a pivotal theological category As the various contributors highlight it is a category with a powerful capacity for illuminating our theological concerns and perspectives It is a category that frees us to see old ideas in a brand new light and helps to foster an awareness of ideas that certain modes of analysis may have obscured from our vision In short this book invites readers to consider how both theology and failure can help us ask new questions discover new possibilities and refuse the ways of the world
