Red Leather And Rhinestones:

Red Leather and Rhinestones Sharon Buchanan,2005-09-01 This is a book of non fiction While much of the dialogue in it is taken directly from court transcripts police reports and newspapers there are numerous instances in which it has been reconstructed on the basis of the author s interviews with relevant individuals It should be emphasized that a police investigation produces conflicting versions of the actual events Where such conflicts exist the author has sought to provide the version in which his opinion is the most credible An officer can only give his version of the events The author s version is based on the fact that he was present when many of these crimes took place The real names of the people involved in this book have been used with the exception of the name of the FBI agent The author has chose to disguise her identity to preserve her privacy During this investigation it was also revealed that some rather unholy things were going on at a Catholic Church and within the Archdioceses of Anchorage You ll read how the Archbishop and Anchorage Police Department officials covered up a major embezzlement and sexual abuse case because members of both entities were involved **Mr.**
