American Phrenological Journal and Life Illustrated, 1880 **Kingdoms in Peril, Volume 1**
Feng Menglong, 2023-10-17 Kingdoms in Peril is an epic historical novel covering the five hundred and fifty years of the Eastern Zhou dynasty, from the civil wars and invasions that marked the birth of a new regime in 771 BCE to the unification of China in 221 BCE. Kingdoms in Peril was written in the 1640s at the very end of the Ming dynasty by the great novelist Feng Menglong. In the course of the one hundred and eight chapters of the complete novel, he documents the collapse of the Zhou confederacy during the Spring and Autumn period (771-475 BCE) and the slow rebuilding of civil society during the Warring States era (475-221 BCE), which culminated in the unification of China under the First Emperor of the Qin dynasty in 246 BCE as king and 221-210 BCE as emperor. Thus, overall, this novel describes a grand arc from stability to chaos and back again. As a novel about politics, much of the narrative in Kingdoms in Peril concentrates on the exercise of power.

Kingdoms in Peril, Volume 1, 2023-10-17 Translated in full for the first time, this first volume immerses readers in the power and drama of the electrifying classic Chinese novel. Deep inside the Zhou royal palace, an ancient curse is released, and darkness spreads across the land. An incompetent king's mad passion for a teenaged slave leads to the country being torn apart by civil war. As the situation unravels, will anyone attempt to stand against the forces of chaos? One of the great works of Chinese literature, Kingdoms in Peril is an epic historical novel charting the five hundred years leading to the unification of the country in 221 B C E under the rule of the legendary First Emperor. Writing some fourteen hundred years later, the Ming era author Feng Menglong drew on a vast trove of literary and historical documents to compose a gripping narrative account of how China was forged. Detailing the stories of unforgettable characters who defined and shaped the times in which they lived, the complete edition of Kingdoms in Peril is a vital resource for those seeking a comprehensive overview of China's ancient past and the political machinations that led to its unification. There are many historical works that provide an account of some of these events, but none are as thrilling and breathtakingly memorable as Kingdoms in Peril.
