Ethics and Desire in the Wake of Postmodernism Graham Matthews, 2012-04-26 What is the significance of writing in the wake of postmodernism The previous decade has seen a growing interest in criticism of postmodern ethics and aesthetics from theorists and writers This book begins to answer what art form or critical methodology might take its place Exploring the work of six contemporary novelists Bret Easton Ellis J G Ballard Will Self Michel Houellebecq Tama Janowitz and Chuck Palahniuk *Ethics and Desire in the Wake of Postmodernism* delivers a series of interventions into six key areas of contemporary debate fear nihilism revolution ethics enjoyment and feminism The book goes on to develop an innovative critical methodology which reinvigorates the ability of art and literature to engage in ideological critique Rather than valorising separatism plurality or indeterminacy this approach delivers a critical framework which enacts a radical de centering of the fundamental coordinates of contemporary society

Tranny Biker Red Jordan Arobateau, 2004 The story of a female to male transexual and his dike biker friends in the Outlaws Biker Gang His transition life and loves circa 1998 8th book in the popular series THE OUTLAW CHRONICLES by Master Artist Red Jordan Arobateau **AB Bookman's Weekly**, 1997

The Memory of Bones Stephen Houston, David Stuart, Karl Taube, 2006-06-01 All of human experience flows from bodies that feel express emotion and think about what such experiences mean But is it possible for us embodied as we are in a particular time and place to know how people of long ago thought about the body and its experiences In this groundbreaking book three leading experts on the Classic Maya ca AD 250 to 850 marshal a vast array of evidence from Maya iconography and hieroglyphic writing as well as archaeological findings to argue that the Classic Maya developed a coherent approach to the human body that we can recover and understand today The authors open with a cartography of the Maya body its parts and their meanings as depicted in imagery and texts They go on to explore such issues as how the body was replicated in portraiture how it experienced the world through ingestion the senses and the emotions how the body experienced war and sacrifice and the pain and sexuality that were intimately bound up in these domains how words often heaven sent could be embodied and how bodies could be blurred through spirit possession From these investigations the authors convincingly demonstrate that the Maya conceptualized the body in varying roles as a metaphor of time as a gendered sexualized being in distinct stages of life as an instrument of honor and dishonor as a vehicle for communication and consumption as an exemplification of beauty and ugliness and as a dancer and song maker Their findings open a new avenue for empathetically understanding the ancient Maya as living human beings who experienced the world as we do through the body *Philological Papers*, 2006

Transgender Experience Chantal Zabus, David Coad, 2013-11-26 This collection by trans and non trans academics and artists from the United States the UK and continental Europe examines how transgenderism can be conceptualized in a literary biographical and autobiographical framework with emphasis on place ethnicity and visibility The volume covers the 1950s to the present day and examines autobiographical accounts and films

featuring gender transition Chapters focus on various stages of transitioning Interviews with trans people are also provided

Blackface, White Noise Michael Rogin,1996 The tangled connections that have bound Jews to African Americans in popular culture and liberal politics are at the heart of this text It explores blackface in Hollywood films as an aperture to various broader issues

Gender Norms and Intersectionality Riki Wilchins,2019-03-25 There have been few if any attempts to translate the immense library of academic studies on gender norms for a lay audience or to illustrate practical ways in which their insights could and should be applied Similarly there have been few attempts to build the case for gender in diverse fields like health education and economic security within a single book one which also uses an intersectional lens to address issues of race and class This book not only looks at the impact of rigid gender norms on young people who internalize them but also shows how the health educational and criminal justice systems with which young people interact are also highly gendered systems that relentlessly police and sustain very narrow ideas of masculinity and femininity particularly among youth Current treatments of a gender lens or gender analysis both at home and abroad usually conflate gender with women and or trans Gender Norms and Intersectionality shows conclusively how this is both inadequate and wrong headed It documents why gender norms must be moved to the center of the discourses aimed at improving life outcomes for at risk communities And it does so while acknowledging the insights of queer theorists about bodies power and difference This book provides a starting point for a long overdue movement to elevate applied gender studies providing both a reference and guide for researchers students policymakers funders non profit leaders and grassroots advocates It aims to transform readers view of a broad array of familiar social problems such as basic wellness and reproductive health education economic security and partner male on male and school violence showing how gender norms are an integral if overlooked key to understanding each

The Routledge Research Companion to Geographies of Sex and Sexualities Gavin Brown,Kath Browne,2016-05-20 Comprehensive and authoritative this state of the art review both charts and develops the rich sub discipline geographies of sexualities exploring sex gender sexuality and sexual practices Emerging from the desire to examine differences and exclusions as a key aspect of human geographies these geographies have engaged with heterosexual and queer lesbian gay bi and trans lives Developing thinking in this area geographers and other social scientists have illustrated the centrality of place space and other spatial relationships in reconstituting sexual practices representations desires as well as sexed bodies and lives This book reviews the current state of the field and offers new insights from authors located on five continents In doing so the book seeks to

draw on and influence core debates in this field as well as disrupt the Anglo American hegemony in studies of sexualities sexes and geographies This volume is the definitive collection in the area bringing together many international leaders in the field alongside scholars that are well established outside the Anglophone academy and many emerging talents who will lead the field in the decades to come **Desiring Thai Men** Narupon Duangwises,Naruphon,Peter A. Jackson,2025-10-15

Desiring Thai Men traces the transformative influence of vernacular Thai language media on Thailand's gay communities from the 1980s through the 2010s Narupon Duangwises and Peter A Jackson analyze dramatic changes in the visual representation and languaging of masculine desire and sexual identity among Thai gay men that were reflected in Thai gay magazines and gendered practices in Bangkok's gay bars fitness centers and video chatrooms Multiple masculine identities emerged in Thailand's communities of men who have sex with men from the intersecting influences of commercial gay media and gay venues Distinctive class based contextualized and flexible masculinities evolved among ethnically diverse Thai gay men in a capitalist setting of print and online media and expanding consumerist lifestyles **Desiring Thai Men** argues that evolving forms of masculinity among Thai men who pursue men offer insights for reexamining class dynamics in transnational queer and media studies and for the applicability of hegemonic masculinity beyond Western contexts **From**

Goodwill to Grunge Jennifer Le Zotte,2017-02-02 In this surprising new look at how clothing style and commerce came together to change American culture Jennifer Le Zotte examines how secondhand goods sold at thrift stores flea markets and garage sales came to be both profitable and culturally influential Initially selling used goods in the United States was seen as a questionable enterprise focused largely on the poor But as the twentieth century progressed multimillion dollar businesses like Goodwill Industries developed catering not only to the needy but increasingly to well off customers looking to make a statement Le Zotte traces the origins and meanings of secondhand style and explores how buying pre owned goods went from a signifier of poverty to a declaration of rebellion Considering buyers and sellers from across the political and economic spectrum Le Zotte shows how conservative and progressive social activists from religious and business leaders to anti Vietnam protesters and drag queens shrewdly used the exchange of secondhand goods for economic and political ends At the same time artists and performers from Marcel Duchamp and Fanny Brice to Janis Joplin and Kurt Cobain all helped make secondhand style a visual marker for youth in revolt **Silent Film Adaptations of Novels by British and American**

Women Writers, 1903-1929 Jamie Barlowe,2024-08-08 **Silent Film Adaptations of Novels by British and American Women Writers 1903 1929** focuses on fifty three silent film adaptations of the novels of acclaimed authors George Eliot Charlotte Bront Emily Bront Mary Shelley Louisa May Alcott Harriet Beecher Stowe Willa Cather and Edith Wharton Many of the films are unknown or dismissed and most of them are degraded destroyed or lost burned in warehouse fires spontaneously combusted in storage cans or quietly turned to dust Their content and production and distribution details are reconstructed through archival resources as individual narratives that when considered collectively constitute a broader narrative of lost

knowledge a fragmented and buried early twentieth century story now reclaimed and retold for the first time to a twenty first century audience This collective narrative also demonstrates the extent to which the adaptations are intertextually and ideologically entangled with concurrently released early woman s films to re promote and re instill the norm of idealized white married domesticated womanhood during a time of extraordinary cultural change for women Retelling this lost narrative also allows for a reassessment of the place and function of the adaptations in the development of the silent film industry and as cinematic precedent for the hundreds of sound adaptations of the literary texts of these eight women writers produced from 1931 to the 2020s The Connoisseur ,1928 Burn the Binary! Riki Wilchins,2017-10-01 An icon of transgender activism for three decades Riki Wilchins is the author of four influential books on genderqueer trans politics and queer theory Riki Wilchins has been a pioneering and influential thinker and writer for a quarter of a century Now this single volume offers a selection of Riki s most penetrating and insightful pieces as well as the best of two decades of Riki s online columns for The Advocate never before collected Think of this as Riki Wilchin s greatest hits The Athenaeum ,1913
